French Epic Poetry in the Sixteenth Century, Theory and Practice Michio P. Hagiwara, 1972 *A Critical Bibliography of French Literature V2 16th C* , **Representing Judith in Early Modern French Literature** Kathleen M. Llewellyn, 2016-03-23 Although attention to the Book of Judith and its heroine has grown in recent years this is the first full length study to focus on adaptations of the Bible's Old Testament Book of Judith across a range of literary genres written in French during the early modern era Author Kathleen Llewellyn bases her analysis on references to Judith in a number of early modern sermons as well as the Judith texts of four early modern writers The texts include two theatrical dramas *Le Mystère de Judith et Holoferne* c 1500 believed to have been written by Jean Molinet and *Le Miroir des veuves* *Tragédie sacrée d'Holoferne Judith* by Pierre Heyns 1596 as well as two epic poems *La Judit* 1574 by Guillaume de Salluste Du Bartas and *Gabrielle de Coignard's Imitation de la victoire de Judith* 1594 Llewellyn's goal is to see Judith as she was envisioned by early modern French writers and their readers and to understand how the sixteenth century shaped their view of the heroine Noting aspects of that story that were emphasized by sixteenth century authors as well as elements that those writers altered to suit their purposes she also examines the ways in which writers of this era made use of Judith's story as a means to explore interests and concerns of early modern writers readers and spectators *Representing Judith in Early Modern French Literature* provides a deeper understanding of early modern ideas regarding the role of women the use of exemplary stories in preaching and teaching theories of vision and the importance of community in Renaissance France *An Introduction to 16th-century French Literature and Thought* Neil Kenny, 2014-02-25 The age of Shakespeare Cervantes Erasmus Luther and Machiavelli produced in France too some of Europe's greatest ever literature and thought Montaigne's *Essays* Rabelais' comic fictions Ronsard's poetry Calvin's theology These and numerous other extraordinary writings emerged from and contributed to cultural upheavals the movement usually known as the Renaissance which sought to revive ancient Greek and Roman culture for present day purposes religious reform including the previously unthinkable rejection of Catholicism by many in the Reformation culminating in decades of civil war in France the French language's transformation into an instrument for advanced abstract thought This book introduces this vibrant literature and thought via an apparent paradox Most writers were profoundly concerned to improve life in the here and now socially politically morally spiritually Yet they often tried to do so by making detours in their writing to other times and places antiquity heaven and hell the hidden recesses of Nature the cosmos or the future the remote location of an absent loved one the newly discovered Americas The point was to show readers that the only way to live in the here and now was to connect it to larger realities cosmic spiritual and historical **Introduction to the Study of Old French Literature** , *Allegory in the French Heroic Poem of the*
