French Fairy Tales A Jungian Approach:

French Fairy Tales Bettina L. Knapp, 2012-02-01 Bettina L. Knapp explores the universal and eternal nature of fourteen French fairy tales including the medieval Romance of Mélusine Charles Perrault's seventeenth century versions of Sleeping Beauty and Bluebeard and Jean Cocteau's film version of Beauty and the Beast She demonstrates the relevance of these fairy tales for modern readers both for the psychological problems they address and for the positive resolutions they offer Through her careful examination of these tales Knapp shows that people in past eras suffered from such supposedly modern problems as alienation and identity crises and went through harrowing ordeals before experiencing some sort of fulfillment By imparting the age old wisdom embedded in these works French Fairy Tales triggers new insights into psychological problems and offers helpful ways of dealing with them *Dancing the Fairy Tale* Laura Katz Rizzo, 2015-02-15 In *Dancing the Fairy Tale* Laura Katz Rizzo claims that *The Sleeping Beauty* is both a metaphor for ballet itself and a powerful case study for examining ballet and its production and performance Using Marius Petipa and Pyotr Tchaikovsky's classical dance specifically as it was staged in Philadelphia over nearly 70 years Katz Rizzo looks at the gendered nature of women staging coaching and reanimating this magnificent ballet and well as the ongoing push pull between tradition and innovation within the art form Using extensive archival research dance analysis and American feminist theory *Dancing the Fairy Tale* places women at the center of a historical narrative to reveal how the production and performance of *The Sleeping Beauty* in the years between 1937 and 2002 made significant contributions to the development and establishment of an American classical ballet Katz Rizzo highlights not only what women have done not only behind the scenes as administrators producers or directors of ballet companies and schools but also as active interpreters embodying the ballet's title role In the process Katz Rizzo also emphasizes the importance of regional sites outside of locations traditionally understood as central to the development of ballet in the United States *Fairytales—A World between the Imaginary* Carmela Scala, 2015-02-05 This book investigates Basile's contribution to the establishment of fairytales as a literary genre the focus is on his masterpiece *Lo cunto de li Cunti* The volume examines Basile's work's debt to tradition and its influence on posterity while also studying the author's unique use of metaphors in the rich Neapolitan dialect As this study reveals metaphors in *Lo cunto de li cunti* are not used simply as a mean of embellishment rather they are employed as a way to inform the reader of the rich folkloric tradition of Naples during the baroque times as well as of Basile's discontent with the socio political situation of his times The use of metaphors is so pervasive that one could argue that the book is itself a metaphor through which Basile conveys his ideals and his utopia of a liberated Naples and a more just society as well as the importance of the Neapolitan dialect and its linguistic registers Furthermore the book also proposes a new interpretation of the female characters of the tales and it instigates a discussion on gender roles in both modern and past societies **A Translation of Giambattista Basile's The Tale of Tales** Christopher Stace, 2019-01-22 Composed in the 1630s Giambattista Basile's *The Tale of Tales* later known as

the Pentameron is a sophisticated affectionate often wicked parody of Boccaccio's 14th century masterpiece the Decameron containing fifty tales within an intricate framing story. Importantly among its stories are the earliest literary versions of famous fairy tales such as Cinderella Rapunzel The Sleeping Beauty and Hansel and Gretel. This is only the fourth translation of the complete text into English. With its scholarly introduction notes and up to date bibliography it will appeal to anyone studying European literature or the fairy tale in general its history and subsequent development as well as anyone wishing to trace specific themes within the genre and their different treatments.

The Cinematic Boogeyman Kevin

McGuinness, 2024-09-13 In the 1978 horror film classic Halloween little Tommy Doyle asks his babysitter Laurie Strode what is the Boogeyman. This book answers this question by assessing the qualities that create the Boogeyman persona in Western popular culture particularly in the fairytale and the modern horror film. Using an archetypal approach derived from the work of Carl Jung and his successors Erich Neumann and Edgar Herzog the book assesses the figure of the Boogeyman through an interdisciplinary lens that incorporates research from the fields of psychology philosophy and film studies. The book begins with an examination of the key traits associated with Bluebeard a quintessential example of the folkloric Boogeyman featured

in Charles Perrault's 1697 collection of fairytales. Through an intense comparative analysis it highlights the presence of similar qualities in the popular villains from the contemporary American slasher movies of the 1970s and 80s. Specifically these characters include Michael Myers from Halloween 1978, Jason Voorhees of Friday the 13th 1980 and Freddy Krueger featured in A Nightmare on Elm Street 1984. This examination situates these terrifying antagonists within a larger context of monstrosity and simultaneously establishes their role as cinematic manifestations of the folkloric Boogeyman. Breaking the Mother Goose Code Jeri Studebaker, 2015-02-27. Who was Mother Goose? Where did she come from and when? Although she's one of the most beloved characters in Western literature, Mother Goose's origins have seemed lost in the mists of time. Several have tried to pin her down, claiming she was the mother of Charlemagne, the wife of Clovis, King of the Franks, the Queen of Sheba, or even Elizabeth Goose of Boston, Massachusetts. Others think she's related to mysterious goose-footed statues in old French churches called Queen Pedauque. This book delves deeply into the surviving evidence for Mother Goose's origins from her nursery rhymes and fairy tales as well as from relevant historical, mythological, and anthropological data. Until now, no one has ever confidently identified this intriguing yet elusive literary figure. So who was the real Mother Goose? The answer might surprise you. **Concise Biographical Companion to Index Islamicus** Wolfgang Behn, 2006-03-01. This second of the three-volume *Who's Who in Islamic Studies* presents the scholarly world at long last with its own biographical encyclopaedia. Taking as a starting point the inventory of authors from the renowned *Index Islamicus*, the author Wolfgang Behn, Berlin, has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the *Index Islamicus* from 1665 to 1980. This *Biographical Companion* will be an indispensable reference tool for the serious student and scholar of Islamic Studies. It enables the user to quickly gain knowledge on the life, work, and professional background of almost every major and minor author and thus to place each author in his/her proper perspective. A tremendous achievement and a true must for every library. **Queer Sexualities in French and Francophone Literature and Film**, 2015-07-14. The steady development of queer theory over the last two decades has provided useful analytical tools and the will to dismiss the watchdog of heteronormativity. Modes of reading have evolved as this volume of *FLS* amply attests. Following Bill Edmiston's introduction to the volume, a concise and informative history of queer theory, the fifteen articles reveal not surprisingly significant diversity. One deals with queerness in the context of medieval writing where allegorical and euphemistic expression were understood to be irreconcilable. Another treats translations in Early Modern France of an Ovidian fable that had an inconvenient lesbian dimension. Rousseau's fixation on his bottom end for spankings points to a queer streak while Gautier's *Mademoiselle de Maupin* enhances the theme of sexual misidentity with ornamental figures. The queerness of Sand's *La Mare au diable* emerges in the course of a contrasexual reading. A musicologist investigates the possibility of a lesbian esthetics of music in a work by Erik Satie while a literary scholar finds evidence of Proust's outing in Jean Santeuil. Other articles address the sense of gender transformation wrought by sodomy, a revised view on the writing

subject in Jean Genet's fiction the queerness of heterosexuality in the works of Michel Houellebecq and recurring motifs in recent fiction produced by gay Paris Two of the articles treat activism and esthetics in film
