

FRENCH NAPOLEONIC FOOT ARTILLERY 1812 TO 1815

French Napoleonic Artillery

Wenbin Ji

French Napoleonic Artillery:

French Napoleonic Artillery Michael Head, 1977 **Artillery of the Napoleonic Wars, 1792-1815** Kevin F. Kiley, 2004-01-06 An extensive look at the large caliber guns of the Napoleonic period the battles in which they were used and the important figures in those conflicts In this heavily researched study Kevin Kiley examines Napoleon's own artillery as well as that employed by his enemies and he evaluates the gunners contribution to warfare in the period By looking at particular battles in detail Kevin Kiley shows just how the effective employment of artillery could tip the scales of victory Artillery of the Napoleonic Wars reveals much of the technical aspects of gunnery during the period how guns were placed their range what calibers were preferred how artillery operates It examines French artillery including that of the Imperial Guard and compares it to that of Britain Russia and Austria it also looks at many of the personalities involved and the difference between good gunnery and mediocre artillery Illustrated with beautiful line drawings and rare contemporary plates this unique book reveals a whole new dimension to the Napoleonic period Based on years of research into regulations of the period eyewitness accounts of artillerymen and material culled from official reports this is a definitive account This must undoubtedly become the standard work for anyone interested in the artillery of the period Waterloo Journal

Artillery of the Napoleonic Wars: A Concise Dictionary, 1792-1815 Kevin F. Kiley, 2021-03-15 A comprehensive military history reference book exploring all aspects of the artillery used during the Napoleonic Wars Napoleon began his military career as an artillery cadet and artillery played a fundamental part in all his great battles Until the Napoleonic Wars artillery had been seen merely as a supporting arm to the infantry but Napoleon changed everything He massed his guns in huge batteries to blast holes in his opponent's line He even used the artillery to charge the enemy the gunners galloping up to the enemy to open fire at pointblank range Napoleon's opponents did not all follow suit choosing other tactical deployments As a result the Napoleonic era more than any that preceded or followed it was one of fascinating artillery maneuvers and critical actions that changed the course of many of the key battles As the Prussian Field Marshal Blucher once observed Against Napoleon you needed guns and lots of them The Napoleonic Wars was also a time of innovation with the introduction of shrapnel shells and military rockets This book will examine the artillery arms of all sides from muzzle to butt plate As well as the significant artillerymen of the period the scientists and innovators military and civilian individuals such as Robins Belidor Gribeauval and his colleagues Maritz Liechtenstein and his collaborators as well as the du Teil brothers will all be examined as will the important battles and sieges significant memoirs and documents and artillery terms that soon became part of the military lexicon Written by the renowned historian Kevin F Kiley this will be the definitive book on the subject and will cover all aspects of artillery in the Napoleonic Wars This is a wonderfully complete induction into the details of Napoleonic Artillery As well as defining some of the archaic terms associated with the art of gunnery note point blank is not what we mostly believe it to be it provides background to the careers of the key characters in the science The

book contains many excellent technical drawings to explain sketches and images to inform and data tables in the appendix to which to refer Overall it is an indispensable aid to understanding the artillery of the period Michael McCarthy battlefield guide Artillery of the Napoleonic Wars: Artillery in Siege, Fortress and Navy, 1792-1815 Kevin F. Kiley, 2020-01-24 Filled with statistical information on the guns ammunition and carriages used by the armies places the reader on the ground with the gunners The Napoleon Series Napoleon was an artilleryman before he was an emperor He understood the power and effectiveness of cannon and their ability to pulverize defenses reduce fortresses and destroy attacks In return the guns won Napoleon battles This impressive study chronicles the story of the guns and men during the twenty three years of almost continuous warfare from 1792 1815 from the battlefields of continental Europe to the almost primitive terrain of North America and of the seas lakes and rivers that connected them Detailed technical information is accompanied by vivid descriptions which allow the reader to imagine what it must have been like to maneuver and man the guns in a variety of situations whether on the march or on the battlefield Based on years of research into regulations of the period eyewitness accounts of artillerymen and material culled from official reports the scope and depth of material will satisfy the serious researcher while the lively narrative will appeal to the casual reader Kiley's research is impeccable and deserves the highest praise Moreover he writes in so entertaining a manner that he informs and educates without effort For the enthusiastic student of the attack and defense of fortified places this is an essential book of reference Fortress Study Group **Fighting Techniques of the Napoleonic Age** Robert Bowman Bruce, 2008-04-15 Fighting Techniques of the Napoleonic World explores the tactics and strategy required to win battles with the technology available during the Napoleonic period 1789 1815 and points out how the development of such weapons technology changed the face of the battlefield Divided into five sections it highlights Individual components of the armies the foot soldier the cavalryman and the artilleryman the equipment they wore and used and how they fought together Technology change the emergence of military professionalism and the impact these changes had on the battlefield How units were used together on the battlefield and strategic positioning of battle units Specialist techniques and equipment developed for artillery Naval warfare from the ships in which the men fought to the weapons they carried Artillery Of Napoleonic Wars Kevin F. Kiley, 2004-01-06 In this detailed study Kevin Kiley looks at artillery in use throughout the Napoleonic period He examines Napoleon's own artillery as well as that employed by his enemies and he evaluates the gunners contribution to warfare in the period By looking at particular battles in detail Kevin Kiley shows just how the effective employment of artillery could tip the scales of victory **Officers and Solders of French** Ludovic Letrun, Jean-Marie Mongin, 2013-12 This series of pictorial works examines various aspects of French artillery including the Gribeauval system during the late 18th and early 19th centuries **Weapons and Equipment of the Napoleonic Wars** Philip J. Haythornthwaite, 1979 Udrustning Udstyr Artilleriet Carriages Howitzers Gribeauval System Gun drill Projectiler Roundshot Shrapnels Siege trains Canister Common Shell Heste Milit re Heste

The Encyclopedia of Nineteenth-century Land Warfare Byron Farwell, 2001 This definitive one volume reference tells of the armies arms and actions of the century that defined modern warfare It s comprehensive coverage includes weapons development battles campaigns military leaders medicine and wartime journalism Contains nearly 1 000 illustrations reproduced from period sources Maps King of Battle Boyd L. Dastrup, 1992 Strategic Inventions of the French Revolution Jeri Freedman, 2016-12-15 The French Revolution was inspired by the American Revolution Having seen that one nation could break free from a monarchy the French took heart and launched their own attempt This was a time of great invention as well as great horror ultimately leading to a new government Strategic Inventions of the French Revolution delves into the conflict s history and examines the most innovative developments of the era among them the dreaded guillotine **The French at Waterloo—Eyewitness Accounts** Andrew W. Field, 2021-10-01 The military historian and expert on the Waterloo campaign presents a fascinating selection of firsthand accounts never before published in English Andrew Field has written several important volumes on the Battle of Waterloo from the French perspective Now he takes his pioneering work a step further by publishing these accounts with all their vivid and personal detail in full This volume features Napoleons own description of the battle as well as those of his immediate household the Imperial headquarters and members of 1st Corps Readers can now engage with these crucial firsthand perspectives and compare them to those of the allied armies They will also gain insight into the trauma that the French eyewitnesses went through as they tried to explain how they lost a battle they claim they had been on the point of winning Napoleons own version of events one of the first to be published in France was used as the basis of many subsequent histories that ignore or gloss over his many dubious claims His account of his actions on that decisive day and the accounts of his close associates make fascinating reading **The Art of Warfare in the Age of Napoleon** Gunther E. Rothenberg, 1980 Some 12 years ago it was estimated that well over 300 000 works existed on this period and since then several thousand more have appeared Therefore it might be reasonably argued that there is little room for another volume Nonetheless this vast outpouring of literature has usually dealt with major leaders specific battles or campaigns and with certain branches of the service Moreover at least in English the literature tends to concentrate primarily on the French or British armies There appears to be a lack of works combining a description of the major changes and trends in the art of war especially at the cutting edge of events with a discussion of the French military establishment and the armies of the major opponents British as well as continental And while this book is only a brief survey I do believe that it may serve as a contribution towards filling this gap in our historical knowledge of military

institutions and fighting men *The Wars of Napoleon* Charles J Esdaile, 2019-02-18 First published in 1995 to great critical acclaim *The Wars of Napoleon* provides students with a comprehensive survey of the Napoleonic Wars around the central theme of the scale of French military power and its impact on other European states from Portugal to Russia and from Scandinavia to Sicily The book introduces the reader to the rise of Napoleon and the wider diplomatic and political context before analysing such subjects as how France came to dominate Europe the impact of French conquest and the spread of French ideas the response of European powers the experience of the conflicts of 1799 1815 on such areas of the world as the West Indies India and South America the reasons why Napoleon's triumph proved ephemeral and the long term impact of the period This second edition has been revised throughout to include a completely re-written section on collaboration and resistance a new chapter on the impact of the Napoleonic Wars in the wider world and material on the various ways in which women became involved in or were affected by the conflict Thoroughly updated and offering students a view of the subject that challenges many preconceived ideas *The Wars of Napoleon* remains an essential resource for all students of the French Revolutionary Wars as well as students of European and military history during this period *The Encyclopedia of the French Revolutionary and Napoleonic Wars* Gregory Fremont-Barnes, 2006-08-30 This comprehensive three volume work on the French Revolution and Napoleon's rule and campaigns covers a wide range of military political social and cultural events and personalities during a time of dramatic change in Europe In three extraordinarily rich volumes *The Encyclopedia of the French Revolutionary and Napoleonic Wars* captures the full sweep and legacy of the transformation of Europe from 1792 to 1815 Its nearly 900 alphabetically organized fully cross referenced entries provide students and general readers with vivid biographies of politicians sovereigns and commanders accounts of battles weaponry and diplomatic affairs insights into the art music and culture of the times and much more Unlike other works on the subject this encyclopedia combines coverage of Napoleon's rule with that of the crucial Revolutionary years in France that set the stage for his rise to power It includes contributions from the most wide ranging group of international experts ever assembled for a work on this era Students will see the full continent wide impact of France's evolution from aristocracy to democracy to military autocracy and explore the effects of nationalism empire building industrialization and international conflict which resonate with more relevance today than ever ***The Encyclopedia Britannica*** ,1910 ***The Encyclopaedia Britannica: A to Aus*** ,1911 *The Encyclopaedia Britannica* Hugh Chisholm, 1910 This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication Some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style ***The Encyclopædia Britannica*** Hugh Chisholm, 1910

Unveiling the Energy of Verbal Artistry: An Mental Sojourn through **French Napoleonic Artillery**

In some sort of inundated with screens and the cacophony of instantaneous communication, the profound energy and psychological resonance of verbal beauty frequently disappear in to obscurity, eclipsed by the constant onslaught of noise and distractions. However, nestled within the musical pages of **French Napoleonic Artillery**, a captivating work of literary splendor that impulses with fresh emotions, lies an wonderful journey waiting to be embarked upon. Written by way of a virtuoso wordsmith, that magical opus books readers on a mental odyssey, gently exposing the latent potential and profound affect stuck within the complicated internet of language. Within the heart-wrenching expanse of the evocative analysis, we will embark upon an introspective exploration of the book is main subjects, dissect their captivating writing style, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
