National Gallery of Art Staff,1988-01-01 **French Paintings from the USSR** ,1988 French Paintings From the USSR Aleksandr Babin,1988 **Russian Genre Painting in the Nineteenth Century** Rosalind Polly Blakesley,2000 This book addresses the little studied area of Russian genre painting in the first three quarters of the nineteenth century Rosalind Gray begins by examining artistic patronage and published texts which engaged with the visual arts in order to illustrate the context in which Russian artists were working Five major painters Venetsianov Bryullov Ivanov Fedotov and Perov are then discussed in detail Dr Gray identifies the vital contribution which these artists made to Russian intellectual life as genre painting was appropriated as a medium in the dissemination of popular values and social change At the same time the relationship between Russian and European art is explored The book demonstrates that far from being a self contained movement Russian genre painting instead engaged in a fluid and complex dialogue with the art of the West **From Poussin to Matisse** Metropolitan Museum of Art (New York, N.Y.),1990 **Matisse** Rebecca A. Rabinow,Dorthe Aagesen,Metropolitan Museum of Art (New York, N.Y.),2012 Throughout his long career Henri Matisse 1869 1954 continually expanded the boundaries of his art By repeating images in pairs trios and series he conducted an ongoing dialogue with his earlier works in order to as he put it push further and deeper into true painting In this fresh approach to a much studied artist prominent scholars from the United States and Europe examine more than sixty works in concise chapters that focus on this aspect of Matisse s working process From early pairs such as Young Sailor I and II 1906 and Le Lexe I and II 1907 8 through a series of late studio scenes from Vence 1946 48 Matisse is shown revisiting a given theme with the aim of devising innovative often radical solutions to such problems as how to portray light handle paint select colors and manipulate perspective New technical studies of the early paired works and photographs documenting the evolution of his later paintings help to elucidate Matisse s complex evolution In numerous excerpts from letters and interviews he is revealed as an artist who regularly questioned himself and his methods a man of powerful intellect who regarded each new painting as an adventure A significant addition to art historical literature Matisse In Search of True Painting is a revelatory study of a seminal figure in 20th century modernism Page 4 of cover **French Paintings from the USSR** ,1988 Portraits by Ingres Jean-Auguste-Dominique Ingres,National Gallery (Great Britain),1999 Om portr tter af den franske maler Jean Auguste Dominique Ingres 1780 1867 **French Painting from the U.
