National Library of Medicine Current Catalog National Library of Medicine (U.S.),1990 **Current Catalog**
National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70 *Perpetual Children*
Jonathyne Briggs,2024-12-03 *Perpetual Children* is a narrative history of debates over the definition and appropriate treatment of autism in France since 1950 noting the French divergence from psychological norms in the rest of the world Examining the works of psychoanalysts the activities of parents associations and the efforts of autistic self advocates the book argues that the consistent framing of autism as a form of childhood psychosis marginalized autists and emphasized the voices of parents and professionals This framing also justified the continued use of psychoanalysis as an intervention due to the placement of autism within the family dynamic Even as research in the United States pointed to biological and neurological conceptions of autism the French continued to support a psychogenic origin for the disorder impacting state policy and medical norms for decades This position energized conflict between professionals and parents concerning expertise leading to political and legal changes at the end of the twentieth century By the twenty first century French autists entered the debate to transform its parameters and assert their own position as experts on autism reconceiving the disorder outside of childhood to a limited degree *Perpetual Children* reveals the international dimension of the story of autism and how the French context provides a different perspective on its history **Geosynthetics and Their Applications** Sanjay Kumar Shukla,2002 Presents topics that are based on field application areas for geosynthetics in civil engineering This book also includes case histories and practical aspects of the application of geosynthetics along with developments and references It is useful for students and engineers in search of approaches to solutions for civil engineering problems *Psychoanalysis and the family in twentieth-century France* Richard Bates,2022-02-08 In the last quarter of the twentieth century if French people had a parenting problem or dilemma there was one person they consulted above all Fran oise Dolto 1908 88 But who was Dolto How did she achieve a position of such influence What ideas did she communicate to the French public This book connects the story of Dolto s rise to two broader histories the dramatic growth of psychoanalysis in postwar France and the long running debate over the family and the proper role of women in society It shows that Dolto s continued reputation in France as a liberal and enlightened educational thinker is at best only partially deserved and that conservative and anti feminist ideas often underpinned her prominent public interventions While Dolto retains the status of a national treasure her career has had far reaching and sometimes harmful repercussions for French society particularly in the treatment of autism **Electroweak Physics Beyond The Standard Model - International Workshop** Jose W F Valle,J Velasco,1992-07-20 The implications of the latest results from high energy experiments as well as non accelerator experiments are discussed in this proceedings Emphasis is given to neutrino physics tests of the standard electroweak theory and its extensions Perspectives for the physics of the new decade are also considered **Barnave** John Hardman,2023-01-01 A major new

biography of Antoine Barnave the politician and writer who advocated for a constitutional monarchy in revolutionary France Antoine Barnave was one of the most influential statesmen in the early French Revolution He was a didactic man of austere morals and vaulting ambition who dressed as an English dandy running up considerable tailor s bills Before his execution at age thirty two he played a decisive role in revolutionary politics and even governed France in 1791 through a secret correspondence with Marie Antoinette In the first biography for more than a century John Hardman traces Barnave s life from his youth in Dauphin to his role in the Constituent Assembly and his part in forming the Feuillants the party dedicated to the moderate cause Despite his early death Barnave left a remarkable volume of material from published works to thousands of manuscript pages Hardman uses this rich archive to explore the life of this elusive writer politician and thinker and sheds new light on the revolutionary period

Reproductive Rights in Modern France Maud Anne Bracke, 2025-07-09 The introduction of the principle of women s reproductive liberty in France tentatively by the family planning movement after 1960 and explicitly by the women s liberation movement after 1970 marked a deep shift transforming public discourses Yet this principle remained fiercely contested and moderate and conservative actors responded by foregrounding notions of reproductive responsibility or the expectation that individuals perform the right sexual and family making behaviour benefiting not only themselves and their families but the nation at large Such responsabilisation underpinned the legal reforms of the 1960s 70s framing a notion of reproductive citizenship based on a tension between individual rights and social norms This book breaks new ground by taking an intersectional approach to the defining moments of this period the legalisation of contraception the laws of 1967 and 1974 and the liberalisation of abortion 1975 1979 Drawing on a wide range of sources and actors including feminist and family planning movements government actors demographers medical professional organisations disability rights groups and key actors in the overseas departments Maud Bracke demonstrates how the discourse of responsabilisation allowed actors to distinguish between citizens worthy of reproductive rights and those seen as less worthy Bracke analyses the distinct regulations regarding contraception in the overseas departments of Guadeloupe and Martinique framed by racialised anti natalism The book also demonstrates that disability rights organisations contributed to the discrediting of the notion of eugenic abortion used among experts and policy makers until the early 1970s Furthermore Bracke goes on to highlight the silence in the feminist movement around both disability rights and race as part of its universalisation of women s conditions of oppression and analyses the emergence of Black Feminism in late 1970s France In so doing the book offers a major contribution to the history of sex gender family life healthcare demography and political debate in post war France and more generally

Bibliography of the History of Medicine, 1993 Intellectuals, Culture and Public Policy in France Jeremy Ahearne, 2010-01-01 French intellectuals have always defined themselves in political terms typically as opponents to a corrupt government but challenging state authority is not the only way intellectuals in France have exerted political influence Jeremy Aherne invokes a neglected dimension of

French intellectual practice where instead of denouncing the world of government and public policy intellectuals become voluntarily entangled within them The book consists of a series of case studies exploring policy domains from religion and secularization to educational reform and the media It explores the political engagement of intellectuals such as Pierre Bourdieu Michel de Certeau and Andr Malraux and will be required reading for scholars of French political and social history [Energy Research Abstracts](#) ,1992 [National Union Catalog](#) ,1982 Includes entries for maps and atlases [Cinema Inferno](#) Robert G. Weiner,John Cline,2010-07-17 Cinema Inferno Celluloid Explosions from the Cultural Margins addresses significant areas and eras of transgressive filmmaking including many subgenres and styles that have not yet received much critical attention This collection of essays covers both contemporary films and those produced in the last 50 years to provide a theoretical framework for looking at transgressive cinema and what that means This volume begins with a number of essays that examine the aesthetic of realism tracing it through the late Italian Neo Realism of Pasolini the early films of Melvin Van Peebles and Canadian filmmaker Guy Maddin Another section focuses on 70s Italian horror and thrillers including a substantially different examination of filmmaker Dario Argento as well as essays on critically underrepresented directors Lucio Fulci and Sergio Martino A section on New York looks at both radical independents like Troma and Andy Milligan as well as the social context from which a view of the metropolis in decay emerged Sections also cover the experimental work of the Vienna Action Group and controversial filmmaker Michael Haneke as well as films and genres too idiosyncratic and disturbing to fit anywhere else including analyses of Nazi propaganda films fundamentalist Christian scare movies and postwar Japanese youth films The final essays try to come to terms with a mainstream flirtation with transgressive film and Grindhouse aesthetics [Recording for the Blind & Dyslexic, ... Catalog of Books](#) ,1996 [Investigations in Medieval Stained Glass](#) ,2019-06-07 With many excellent books on medieval stained glass available the reader of this anthology may well ask what is the contribution of this collection In this book we have chosen to step away from national chronological and regional models Instead we started with scholars doing interesting work in stained glass and called upon colleagues to contribute studies that represent the diversity of approaches to the medium as well as up to date bibliographies for work in the field Contributors are Wojciech Balus Karine Boulanger Sarah Brown Elizabeth Carson Pastan Madeline H Caviness Michael W Cothren Francesca Dell Acqua Uwe Gast Fran oise Gatouillat Anne Granboulan Anne F Harris Christine Hediger Michel H rold Timothy B Husband Alyce A Jordan Herbert L Kessler David King Brigitte Kurmann Schwarz Claudine Lautier Ashley J Laverock Meredith P Lillich Isabelle Pallot Frossard Hartmut Scholz Mary B Shepard Ellen M Shortell Nancy M Thompson [Future Physics And Accelerators](#) Katri Huitu,Masud Chaichian,Risto Orava,1995-08-31 This book gives an overview of present and future particle accelerator experiments and also of astroparticle physics experiments Relevant physics is discussed in detail in theoretical contributions [Care and social integration in European societies](#) Pfau-Effinger, Birgit,Geissler, Birgit,2005-09-07 This book provides

invaluable descriptions and comparative analyses of the now complex and highly varied arrangements for the care of children disabled and older people in Europe set within the context of changing labour markets and welfare systems It includes analyses of the modernisation of informal care and new forms of informal care topics often neglected in the literature Issues of gender family change social integration and citizenship are all explored in a series of chapters that report on original empirical cross national research All contributors are high ranking experts involved in the COST A13 Action Programme funded by the European Union Care and social integration in European societies is essential reading for social policy and sociology academics particularly those who are interested in comparative policy analysis gender labour markets and families It is also recommended reading for graduate level students in these fields and policy makers for whom the book provides a unique resource on the latest European developments in this critical policy area

 Anne E. Lester, Laura K. Morreale, 2025-05-15 *A Crusader's Death and Life in Acre* uses five parchment rolls that inventoried the possessions of Eudes of Nevers son of the duke of Burgundy at his death in Acre in 1266 to open out a panorama of Christian crusader life The contents of the rolls or rouleaux span from the pay rendered to knights and servants to the numerous possessions of a crusading nobleman The inventory provides insight into the medieval Outremer even as it provokes questions about trade diplomacy remembrance and the methodological challenges of evoking material objects in texts Anne E Lester and Laura K Morreale present the first complete modern French edition and English translation of the rouleaux along with seven crusade poems by Rutebeuf In addition *A Crusader's Death and Life in Acre* contains a wealth of scholarly commentary that addresses the composition of the rouleaux the life and relationships of Eudes and the culture of crusading in its material written devotional and poetic forms Contributors Sharon Farmer Andrew Jotischky Anne Latowsky Richard A Leson Maureen C Miller Jonathan Rubin Uri Zvi Shachar and Caroline Smith
