Freud On Femininity And Faith:

Freud on Femininity and Faith Judith Van Herik, 1985 *Freud and Faith* Kirk A. Bingaman, 2003-02-27 Explores how religious believers can and why they should engage the work of Sigmund Freud despite his well known dismissal of faith

Veiled Desires Maureen Sabine, 2013-08-22 Ingrid Bergman's engaging screen performance as Sister Mary Benedict in *The Bells of St Mary's* made the film nun a star and her character a shining standard of comparison. She represented the religious life as the happy and rewarding choice of a modern woman who had a complete understanding of both erotic and spiritual desire. How did this vibrant and mature nun figure come to be viewed as girlish and naïve? Why have she and her cinematic sisters in postwar popular film so often been stereotyped or selectively analyzed so seldom been seen as women and religious? In *Veiled Desires* a unique full length in depth look at nuns in film Maureen Sabine explores these questions in a groundbreaking interdisciplinary study covering more than sixty years of cinema. She looks at an impressive breadth of films in which the nun features as an ardent lead character including *The Bells of St Mary's* 1945 *Black Narcissus* 1947 *Heaven Knows Mr Allison* 1957 *Sea Wife* 1957 *The Nun's Story* 1959 *The Sound of Music* 1965 *Change of Habit* 1969 *In This House of Brede* 1975 *Agnes of God* 1985 *Dead Man Walking* 1995 and *Doubt* 2008. *Veiled Desires* considers how the beautiful and charismatic stars who play chaste nuns from Ingrid Bergman and Audrey Hepburn to Susan Sarandon and Meryl Streep call attention to desires that the veil concealed and the habit was thought to stifle. In a theologically and psychoanalytically informed argument Sabine responds to the critics who have pigeonholed the film nun as the obedient daughter and religious handmaiden of a patriarchal church and the respectful audience who revered her as an icon of spiritual perfection. Sabine provides a framework for a more complex and holistic picture of nuns onscreen by showing how the films dramatize these women's Christian call to serve, sacrifice and dedicate themselves to God and their erotic desire for intimacy, agency, achievement and fulfillment.

Faith in the Fires of Criticism Paul Avis, 2006-03-01 Have the fires of modern criticism melted away Christianity's claim to truth? Seminal thinkers such as Feuerbach, Marx, Nietzsche and Freud argued that religious belief is nothing more than an illusion triggered by our own psychological and social needs. Jung claimed that traditional Christianity was a gross distortion of the divine. Paul Avis does not deny the reality of those human factors which shape our beliefs but he argues that it is possible to take seriously both human distortions of religious truth and also the reality of the transcendent God. These in depth studies of the most unsparing critics of Christianity point to the possibility of a faith chastened and refined in the fires of criticism.

Virginia Woolf and the Fictions of Psychoanalysis Elizabeth Abel, 1989 A stunning brilliant absolutely compelling reading of Woolf through the lens of Kleinian and Freudian psychoanalytic debates about the primacy of maternity and paternity in the construction of consciousness, gender politics and the past and of psychoanalysis through the lens of Woolf's novels and essays. In addition to transforming our understanding of Woolf this book radically expands our understanding of the historicity and contingent construction of

psychoanalytic theory and our vision of the potential of psychoanalytic feminism Nancy J Chodorow University of California at Berkeley Virginia Woolf and the Fictions of Psychoanalysis brings Woolf s extraordinary craftsmanship back into view the book combines powerful claims about sexual politics and intellectual history with the sort of meticulous imaginative close reading that leaves us simply seeing much more in Woolf s words than we did before It is the most exciting book on Woolf to come along in some time Lisa Ruddick Modern Philology Jewish Women in Fin de Siècle Vienna Alison Rose,2009-09-15 Despite much study of Viennese culture and Judaism between 1890 and 1914 little research has been done to examine the role of Jewish women in this milieu Rescuing a lost legacy Jewish Women in Fin de Siècle Vienna explores the myriad ways in which Jewish women contributed to the development of Viennese culture and participated widely in politics and cultural spheres Areas of exploration include the education and family lives of Viennese Jewish girls and varying degrees of involvement of Jewish women in philanthropy and prayer university life Zionism psychoanalysis and medicine literature and culture Incorporating general studies of Austrian women during this period Alison Rose also presents significant findings regarding stereotypes of Jewish gender and sexuality and the politics of anti-Semitism as well as the impact of German culture feminist dialogues and bourgeois self images As members of two minority groups Viennese Jewish women nonetheless used their involvement in various movements to come to terms with their dual identity during this period of profound social turmoil Breaking new ground in the study of perceptions and realities within a pivotal segment of the Viennese population Jewish Women in Fin de Siècle Vienna applies the lens of gender in important new ways

Methodology in Religious Studies Arvind Sharma,2012-02-01 Methodology in Religious Studies assesses the impact of women s studies on the various methods employed in studying religion Since its inception in the 1860s the study of religion as an academic discipline has evolved over time ranging from the classically historical to the boldly hermeneutical The women s studies movement has since the 1980s become part and parcel of the intellectual landscape of our times and the study of religion has become increasingly influenced by it What are the implications of this new development for the methodology of religious studies Leading practitioners of psychological theological sociological anthropological phenomenological historical and hermeneutic approaches examine the mutually enriching interface between religious studies and women s studies as they explore the broader issue of the interaction between method and the nature of the subject itself

Aboriginal Populations in the Mind Celia Brickman,2003 In this subtle and commanding analysis Celia Brickman explores how the colonialist racial discourse of late nineteenth century anthropology found its way into Freud s work where it came to play a covert but crucial role in his notions of subjectivity *A Space of Anxiety* Anne Fuchs,2024-08-26 A Space of

Anxiety engages with a body of German Jewish literature that from the beginning of the century onwards explores notions of identity and kinship in the context of migration exile and persecution The study offers an engaging analysis of how Freud Kafka Roth Drach and Hilsenrath employ to varying degrees the travel paradigm to question those borders and boundaries that define the space between the self and the other A Space of Anxiety argues that from Freud to Hilsenrath German Jewish literature emerges from an ambivalent space of enunciation which challenges the great narrative of an historical identity authenticated by an originary past Inspired by postcolonial and psychoanalytic theories the author shows that modern German Jewish writers inhabit a Third Space which poses an alternative to an understanding of culture as a homogeneous tradition based on national unity By endeavouring to explore this third space in examples of modern German Jewish literature the volume also aims to contribute to recent efforts to rewriting literary history In retracing the inherent ambivalence in how German Jewish literature situates itself in cultural discourse this study focuses on how this literature subverts received notions of identity and racial boundaries The study is of interest to students of German literature German Jewish literature and Cultural Studies

Body/Text in Julia Kristeva David Crownfield, 1992-01-01 Julia Kristeva works at a crucial intersection of contemporary disciplines psychoanalysis linguistics semiotics literary criticism feminism postmodern philosophy and religious studies This volume examines this rich body of work and the ways in which its interdisciplinary style gives insight

into problems in understanding religion Special attention is given to two related themes the understanding of woman in relation to religion and the role of mother especially of mother's body in the formation of self and of a religious discourse Issues recurrent in the essays include the problem of ethics the relation between discourse and the life of the body the formation and sublimation of narcissism the pre Oedipal function of the father the functions of fantasy imagination and art the relation of religion to the negation of woman and the possibility of positive and playful religion The themes of the relation between the symbolic structures of language and a pre symbolic semiotics of the infant body of the split and decentered subject and of the opposition between desire and Jouissance ecstatic enjoyment participate in organizing the discussion Abjection and sacrifice in religion the dynamics of Christian love and faith the relation between the doctrine of the Virgin Mary and the experience of motherhood and the question of feminism and its sometimes quasi religious forms are also thematic

German Idealism and the Jew Michael Mack, 2013-11-01 In *German Idealism and the Jew* Michael Mack uncovers the deep roots of anti-Semitism in the German philosophical tradition While many have read German anti-Semitism as a reaction against Enlightenment philosophy Mack instead contends that the redefinition of the Jews as irrational oriental Others forms the very cornerstone of German idealism including Kant's conception of universal reason Offering the first analytical account of the connection between anti-Semitism and philosophy Mack begins his exploration by showing how the fundamental thinkers in the German idealist tradition Kant Hegel and through them Feuerbach and Wagner argued that the human world should perform and enact the promises held out by a conception of an otherworldly heaven But their respective philosophies all ran aground on the belief that the worldly proved incapable of transforming itself into this otherworldly ideal To reconcile this incommensurability Mack argues philosophers created a construction of Jews as symbolic of the worldliness that hindered the development of a body politic and that served as a foil to Kantian autonomy and rationality In the second part Mack examines how Moses Mendelssohn Heinrich Heine Franz Rosenzweig and Freud among others grappled with being both German and Jewish Each thinker accepted the philosophies of Kant and Hegel in varying degrees while simultaneously critiquing anti-Semitism in order to develop the modern Jewish notion of what it meant to be enlightened a concept that differed substantially from that of Kant Hegel Feuerbach and Wagner By speaking the unspoken in German philosophy this book profoundly reshapes our understanding of it

Neither Victim nor Survivor Marilyn Nissim-Sabat, 2009-07-16 In *Neither Victim nor Survivor* Thinking toward a New Humanity Marilyn Nissim Sabat offers a comprehensive critique of the interrelated concepts of victim and survivor as they have been ideologically distorted in Western thought Framed by the phenomenological perspective of Edmund Husserl Nissim Sabat carries out her argument through an intense engagement with current scholarly work on Toni Morrison's *Beloved* Sophocles' *Antigone* akrasia psychoanalysis critical race theory feminist philosophy of science and Marxism Nissim Sabat ultimately proposes that a new consciousness enabled by the phenomenological attitude of the way in which ideological distortion of the concepts of victim

and survivor helps to perpetuate victimization will empower us to find ways to end victimization and its anti human consequences The book s interdisciplinary approach will make it appealing to a broad range of students and scholars alike

Race in Psychoanalysis Celia Brickman,2017-12-06 Race in Psychoanalysis analyzes the often unrecognized racism in psychoanalysis by examining how the colonialist discourse of late nineteenth century anthropology made its way into Freud s foundational texts where it has remained and continues to exert a hidden influence Recent racial violence particularly in the US has made many realize that academic and professional disciplines as well as social and political institutions need to be re examined for the racial biases they may contain Psychoanalysis is no exception When Freud applied his insights to the history of the psyche and of civilization he made liberal use of the anthropology of his time which was steeped in colonial racist thought Although it has often been assumed that this usage was confined to his non clinical works this book argues that through the pivotal concept of primitivity it fed back into his theories of the psyche and of clinical technique as well Celia Brickman examines how the discourse concerning the presumed primitivity of colonized and enslaved peoples contributed to psychoanalytic understandings of self and raced other She shows how psychoanalytic constructions of race and gender are related and how Freud s attitudes towards primitivity were related to the anti-Semitism of his time All of this is demonstrated to be part of the modernist aim of psychoanalysis which seeks to create a modern subjectivity through a renegotiation of the past Finally the book shows how all of this can affect both clinician and patient within the contemporary clinical encounter Race in Psychoanalysis is a pivotal work of significance for scholars practitioners and students of psychoanalysis psychologists clinical social workers and other clinicians whose work is informed by psychoanalytic insights as well as those engaged in critical race and postcolonial studies

Speaking the Unspeakable Diane Jonte-Pace,2001-12-03 This rereading of Freud s cultural texts uncovers an undeveloped counterthesis one that repeatedly interrupts or subverts his well known Oedipal maserplot The counterthesis is evident in three clusters of themes within Freud s work
