**Re-schooling Society** David Hartley, 2014-01-21 This text describes and explains the sense of uncertainty faced by educators as the millenium approaches It highlights the many transitions taking place in all aspects of public life and education during the postmodern phase of late capitalism by using examples from the study of childhood curriculum pedagogy assessment and organization of education It also considers attempts made so far by policy makers in the western industrialized nations to come to terms with rapid cultural and social changes whilst at the same time trying to maintain competitive economies to meet the growing challenge of the emergent Pacific Rim nations

Education for Modern Man Sidney Hook, 2020-02-18 a remarkable book A most penetrating study of education Saturday Review of Literature an admirable defense of the critical mind in education Sidney Hook is among the the Children of the Light that is to say of the Enlightenment Albert Guerard New York Herald Tribune Mr Hook has put his finger upon the profound fallacy of most of the current attempts to reorganize higher education exciting reading Howard Mumford Jones New York Times needed by anyone who wishes to have a comprehensive view of the problems of modern education Wendell Johnson Chicago Sun Sidney Hook brings a new high standard of sanity and clarity

For sheer excellence of logic and for magic of comprehensiveness the book is head and shoulders above all recent competitors William Randel St Louis Post Dispatch a fine book it has the advantage of Mr Hook s dissecting mind operating with the cleanness of a surgical instrument Jerome Nathanson The New Republic Wisely sane John Dewey      **Fabricating Europe** António Nóvoa, M. Lawn, 2007-05-08 Fabricating Europe has within it a core idea a crucial but imprecise idea that of a European educational space which transnational governance networks and cultural and economic projects are creating now Yet the perceptible creation of this contemporary space of European policy making and networking has not been a subject of study It appears offstage in studies of national systems in which national and professional identity political organization policy formation and public private markets are all viewed as contained within the borders of the state Fabricating Europe is concerned with the new possibilities to be discerned and imagined in the European public and institutional spaces and discourses in education and the lack of impetus within the broad area of educational studies to meet the task of creating analyses and responses      **America's Education Deficit and the War on Youth: Reform Beyond Electoral Politics**

Henry A. Giroux, 2013 America s latest war according to renowned social critic Henry Giroux is a war on youth While this may seem counterintuitive in our youth obsessed culture Giroux lays bare the grim reality of how our educational social and economic institutions continually fail young people Their systemic failure is the result of what Giroux identifies as four fundamentalisms market deregulation patriotic and religious fervor the instrumentalization of education and the militarization of society We see the consequences most plainly in the decaying education system schools are increasingly desi

Joseph Zajda, 2024-12-04 This handbook provides a global synthesis of on going research in education and policy change during the last decade It examines discourses of globalisation from the perspectives of the global North and global South Major theories of globalisation and education policy reforms employed in the handbook are classified into two broad categories structuralist and post structuralist The handbook while examining the impact of global trends in different societies cultures and educational settings attempts to synthesise different meta theories of globalisation and their impact on societies and educational systems It discusses the continued interaction of global national and local forces and influences especially

the importance of standards and quality driven education reforms the need to overcome inequality of access to quality schools and aims at providing quality education for all students In addition the impact of neo liberal ideology on education is examined in terms of its impact on ongoing standards driven education reforms globally The handbook analyses neo liberalism in education and its focus on increasing global competitiveness accountability efficiency quality standards driven policy reforms and educational stratification The impact of globalisation on education policy and reforms is a strategically significant issue for us all The unifying conceptual framework used in the handbook to critique strategic significance of globalisation is grounded in discourse CDA and critical theory The work offers the latest findings concerning major issues in education and policy directions such as global social and economic inequality neo liberal standard driven education and policy reforms performing schools in the performing culture education for human rights and social justice new perspectives on education for sustainability dominant and effective models of values education in schools and the ubiquitous impact of ICTs on education systems

*Schooling for Tomorrow's America* Marcella L. Kysilka, O. L. Davis, 2013-09-01 This book can be read by educators at all stages in their careers What a great selection for a book study group of practicing teachers or for a seminar with graduate students The authors share their thoughts about education for the future but also inform us about the past Whether you encounter this book as a textbook or for a professional learning community the contents will inform and inspire you encouraging you to think deeply and work towards the improvement of education

Higher Education for Modern Societies Sjur Bergan, Radu Damian, 2010-01-01 Developing learners competence is an important part of the mission of higher education The kind of competences that higher education should develop depend on what we see as the purposes of higher education The term converging competences points to the need not only to train individuals for specific tasks but to educate the whole person Education is about acquiring skills but also about acquiring values and attitudes As education policies move from an emphasis on process to a stronger emphasis on the results of the education processes learning outcomes have come to be seen as an essential feature of policies both in Europe and North America This book explores the roles and purposes of higher education in modern complex societies and the importance of competences in this respect Although public debate in Europe could give the impression that the sole purpose of higher education is to prepare for the labour market this important role is complemented by at least three others preparation for democratic citizenship personal development and the development of a broad and advanced knowledge base This work draws on the experiences in both Europe and North America to underline that the discussion is not in fact about which of these different purposes is the real one they are all important and they coexist

A Liberal Education Brendan Apfeld, Emanuel Coman, John Gerring, Stephen Jessee, 2024-01-18 Enlisting a natural experiment global surveys and historical data this book examines the university's evolution and its contemporary impact Its authors conduct an unprecedented big data comparative study of the consequences of higher education on ideology democratic citizenship and more They conclude that university education has a

profound effect on social and political attitudes across the world greater than that registered by social class gender or age A university education enhances political trust and participation reduces propensities to crime and corruption and builds support for democracy It generates more tolerant attitudes toward social deviance enhances respect for rationalist inquiry and scientific authority and usually encourages support for Leftist parties and movements It does not nurture support for taxation redistribution or the welfare state and may stimulate opposition to these policies These effects are summarized by the co authors as liberal understood in its classic nineteenth century meaning
