The Magical Properties of Workshop Learning Liv Mjelde,2006 Pedagogical theory arising from general education has long dominated discourse in both research and policy making in education this is also evident in vocational studies Today both locally and internationally the complex processes of vocational pedagogy play a central role in the discussions Work based learning the master apprenticeship learning tradition and the pedagogy of vocations and professions are all important concepts in on going education policy debates

Contradictions between different learning traditions are clearly evident in vocational pedagogy learning according to the workshop traditions or learning in the classroom vocational theory and general theory learning at school and learning in a work situation This book is based on research in Norway and examines problems of teaching and learning in relation to vocational curricula of upper secondary schooling apprentices experiences and masters thesis writing in the field of vocational pedagogy The book also explores the question of vocational education and gender today and in the past

Common Sense School Reform Frederick M. Hess,2025-09-23 Forget everything you think you know about school reform Cutting through the cant sentiment and obfuscation characterizing the current school reform debate Frederick M Hess lacerates the conventional status quo reform efforts and exposes the naivete underlying reform strategies that rest on solutions like class size reduction small schools and enhanced professional development He explains that real improvement requires a bracing regime of common sense reforms that create a culture of competence by rewarding excellence punishing failure and giving educators the freedom and flexibility to do their work He documents the scope of the challenges we face and then provides concrete recommendations for addressing them through reforms to promote accountability competition a 21st century workforce effective school leadership and sensible reinvention Engagingly written and drawing on real world

experiences and examples Common Sense School Reform will generate debate and help set the agenda for the future

Financing Public Universities Marcel Herbst, 2007-05-16 Financing Public Universities addresses newer practices of resource allocation which tie funding to indicators of performance The gist of these efforts is to raise the quality of institutional systems Performance based budgeting and funding of public universities is part of broader efforts to reform public management and it is being promoted and implemented by various government agencies around the globe In particular European universities with their normally strong governmental ties or higher education systems molded on European universities are prime targets of such reforms Performance funding has made its inroads in attempts to grant university systems managerial autonomy autonomy was to be granted in exchange for funding modes which are tied to the measurement of performance indicators Unfortunately performance based budgeting or funding measures cannot meet the various expectations they do not raise the quality of teaching or learning they do not raise research performance they take back a great deal of managerial autonomy which is commonly judged to be essential for the well being of higher education institutions in particular research universities and they act as automata in place of proper governance and management Financing Public Universities addresses policy makers higher education administrators scholars and students of higher education management After an introduction to the theme and to the book Chapter 1 Financing Public Universities covers the evolution of mass higher education and the associated curtailment of funding Chapter 2 the public management reform debate Chapter 3 within which performance based budgeting or funding evolved Chapter 4 sketches alternative governance and management modes which can be used instead Chapter 5 and epitomizes inertia or challenges Chapter 6 Four appendices cover more technical matters such as a comparative exposition of the research performance of universities by nation Appendix C and examples of funding systems in the UK and in the USA Appendix D *World Yearbook of Education 2006* Jenny Ozga, Terri Seddon, Thomas S. Popkewitz, 2013-01-11 This volume considers the ways in which educational research is being shaped by policy across the globe Policy effects on research are increasingly influential as policies in and beyond education drive the formation of a knowledge based economy by supporting increased international competitiveness through more effective evidence based interventions in schooling education and training systems What consequences does this increased steering have for research in education How do transnational agencies make their influence felt on educational research How do national systems and traditions of educational research and relations with policy respond to these new pressures What effects does it have on the quality of research and on the freedom of researchers to pursue their own agendas The 2006 volume of the World Yearbook of Education explores these issues focusing on three key themes globalising policy and research in education steering education research in national contexts global local politics of education research The 2006 volume has a truly global reach incorporating transnational policy perspectives from the OECD and the European Commission alongside national cases from across the world in contrasting contexts that include North and South America

Canada France Singapore China Russia and New Zealand The range of contributions reflect how pervasive these developments are how much is new in this situation and to what extent evidence based policy pressures on research in education build on past relationships between education and policy This book considers the impact of the steering processes on the work and identities of individual researchers and considers how research can be organised to play a more active role in the politics of the knowledge economy and learning society *The Condition of Education*, 2007 Includes a section called Program and plans which describes the Center's activities for the current fiscal year and the projected activities for the succeeding fiscal year Second International Handbook of Educational Change Andy Hargreaves, Ann Lieberman, Michael Fullan, David Hopkins, 2010-08-13 The two volumes of the second edition of the International Handbook of Educational Change comprise a totally new and updated collection of the most critical and cutting edge ideas in educational change Written by the most influential thinkers in the field these volumes cover educational change at both the theoretical and practical levels The updated handbook remains connected to the classical concerns of the field such as educational innovation reform and change management and also offers new insights into educational change that have been brought about by social change and shifting contexts of educational reform Like the first best selling Handbook this one will also undoubtedly become an essential resource for people involved in all spheres of education from classroom teachers teacher leaders and administrators to educational researchers curriculum developers and university professors No other work provides such a wide ranging and comprehensive examination of the field of educational change **Digest of Education Statistics**, 2004 Contains information on a variety of subjects within the field of education statistics including the number of schools and colleges enrollments teachers graduates educational attainment finances Federal funds for education libraries international education and research and development **Female Well-Being** Carolyn Fluehr-Lobban, Janet Mancini Billson, 2013-07-04 This global survey starts from the assumption that the significant transformations in women's lives deserve to be fully documented and interpreted Janet Mancini Billson and Carolyn Fluehr Lobban tackle the complexities of social change by using data from countries in every world region to illustrate the most critical challenges that women faced during the last century challenges that are also likely to shape the 21st century Global knowledge and feminism dovetailed in the 20th century fed by international air travel telecommunications the internet and a growing awareness that solving female oppression would improve the lot of all humankind The authors therefore adopt a strong international comparative cross cultural and feminist framework that uncovers the fundamental processes that promote sustain or degrade the female condition At the heart of Female Well Being are case studies written by country teams of scholars educators and policy analysts in Canada The United States Colombia Iceland the United Kingdom Croatia Japan Bangladesh Thailand South Africa and Sudan Female well being is measured by analysing trends in infant mortality maternal mortality literacy life expectancy education work income family structure and political power These trends are contextualised in the light of the century's

major events legislative initiatives social policies and leadership to illustrate the processes that enhance sustain or detract from the female condition This book will be a critical resource for academics development experts and policy analysts

Comparing Special Education John Richardson,Justin Powell,2011-05-17 Comparing Special Education unites in depth comparative and historical studies with analyses of global trends to uncover similarities and differences found in special education systems around the world *OECD Economic Surveys: Switzerland 2003* OECD,2004-01-30 OECD s 2003

Economic Survey of Switzerland examines recent economic developments policies and prospects The special feature covers product market competition and economic performance Failure Vicki E. Alger,2016-07-01 A comprehensive account and frank assessment of federal involvement in education is long overdue Education policy expert Vicki E Alger remedies this deficiency with her book Failure The Federal Miseducation of America s Children As its title indicates Failure makes no effort to sugar coat its findings Created in 1979 after a lobbying campaign that spanned generations the Department of Education has failed to live up to its promises Federal involvement whether related to testing funding or academic curricula has failed to abide by the Constitution s implication that education must remain the domain only of state and local governments and private institutions Most of all the central government s pervasive meddling in education has failed America s school children and their parents Education policy has long been mired in controversies often with opposing sides missing the mark Failure helps us step back from the skirmish du jour and redirects our focus to the big picture showing us what s gone wrong over the decades and the institutional causes of these failures It also offers a bold blueprint for returning the federal government to its constitutional role and for cultivating an educational system that meets the needs of students and parents rather than bureaucrats Concerned citizens of every stripe will benefit from Failure s history of federal education policy its brutally honest report card for the Department of Education its look at education systems across the globe and its ambitious policy recommendations Failure might even succeed in reframing the way the federal education establishment thinks about education policy
