

INTRODUCTION

Education plays most important role in developing the lives of different individual. Project management is the process of managing all the work to achieve the goals and objectives in an systematic manner (Leinhardt, 2019). Teaching is a process to help different students and understand basic problems. There are different work duties and responsibilities which the teacher needs to perform to make the student understand about the particular topic. On the other hand, in this report there will be brief discussion about the relationship and boundaries of the teaching role. Along with that there will be brief discussion about various points which helps to understand the needs of the learners. For further instance, there will be brief discussion about various to plan the needs of the individual learners.

MAIN BODY

TASK A

(1.1) Analysing own area role and responsibilities in order to provide education and training.

In training and education the teacher has to perform certain duties and work responsibilities effectively. The main focus of the teacher is that the learners understand the learning properly and implements that in their life. On the other hand, business project management is a process to make the strategical decisions for the organisation to achieve the inherent goals and objectives (Pulham and Graham, 2018). As a teacher of business project management there are several work duties and responsibilities which I need to perform. To make my duties more productive I follow a training cycle.

A teaching and training cycle is a repetition process which help the teacher to asses the student needs. **There are various stages in teaching cycle which is described below:**

- **Study** – Gaining the knowledge from various sources is the main job responsibility of the teacher. In business project management the knowledge of the market is very important. The main focus of myself is to implement this cycle and help the students to understand the basic market needs.
- **Select** – This is the most important in which selection of the topic plays an important role. I choose the topic specifically for the students and present that in an effective manner which helps them to understand it effectively.
