Educational Administration: Concepts, Practices, and Issues Edgar Leroy Morphet, 1959 *Greenfield on Educational Administration* Thomas Greenfield, Peter Ribbins, 2005-08-08 This collection is a representative set of ten of the key papers which Thomas Greenfield arguably the doyen of contemporary theories of educational administration has published over the last twenty years His writings as they appear are eagerly sought after and studied by scholars students and practitioners in Britain and across the English speaking world but are not always readily available individually The collection charts the development of Greenfield's views of social reality as human invention and explores strands of argument on the nature of knowledge on administrative theory and research on values on the limits of science and the importance of human subjectivity truth and reality The volume is concluded by a discussion between Greenfield and Peter Ribbins which reflects on Greenfield's career and elaborates on the range of his complex and often controversial ideas *EDUCATIONAL ADMINISTRATION Theory and Practice* Edgar Leroy Morphet, 1959 *Decentralisation, School-Based Management, and Quality* Joseph Zajda, David T. Gamage, 2009-08-21 This book which is the eighth volume in the 12 volume book series Globalisation Comparative Education and Policy Research presents scholarly research on major discourses in decentralisation school based management SBM and quality in education globally This book which focuses on decentralisation and SBM as a governance strategy in education presents theoretical aspects of the phenomenon of decentralisation privatisation and contextualises them within the education research literature It provides an easily accessible practical yet scholarly source of information concerning the dynamics of decentralisation and SBM that normally take place when reforms are instituted to decentralize authority and power Above all the authors offering the latest findings regarding major discourses in decentralisation SBM and quality in educational systems in the global culture emphasise aspects of that dynamic interactive process see also Geo JaJa 2006a Gamage and Sooksomchitra 2006 Zajda 2009 This dynamic interaction in the process that is implicit in the title of the book is reified by calls for restructuring of schools following the

idea that schools are not promoting human rights social cohesion and sustainable development The chapters as a source book of ideas for researchers practitioners and policy makers in decentralisation and SBM in education contribute to the educational literature while enhancing the understanding of the larger dynamics involved in educational reform It offers a timely overview of current issues affecting decentralisation in education in the global culture **Resources in Education**

Research in Education, 1969-05 **Professional Development for Leaders and Managers of Self-Governing Schools** David Gamage, 2006-08-05

Current Context Currently self governing schools SGS or school based site based management SBM or local management of schools LMS identifies the individual school as the primary unit of improvement It relies on the redistribution of decision making authority to stimulate and sustain improvements in a school For this purpose varying degrees of formal authority to make decisions in the domains of school's mission goals priorities and school policies relating to financial material and human resources are not simply delegated but transferred by legislation to a representative governing

body called the school council or board Accordingly it is the position of the principal or the head teacher previously at the apex of the hierarchical structure of the school which undergoes the most radical reform Under the new concept authority is shifted to the corporate body that is to the council or board while the principal becomes an ex officio member of that body and the chief executive officer CEO of the school Traditionally and legally the principal or the head teacher was vested with the full authority for the total management of the school But in terms of SGS or SBM the principal becomes a partner with the representatives of other relevant stakeholders in a democratic structure When the bureaucratic model of a school gets modified with the school governing body occupying the apex of the school hierarchy it becomes the key power centre with legal authority

Effective Leadership Management Dr. Michael Adewale Adeniyi, Ph.D., 2007-10-12 Effective Leadership Management is about theory and practice of integrating styles skills and character of today's chief executive officers It is about what a leader or a manager does to bring about staff efficiency and effectiveness A leader or a manager is effective when he or she brings about the desired results for the organization by using different approaches to the development of personal and interpersonal effectiveness of the staff by daily decision making staffing planning forecasting nurturing coaching directing organizing marketing encouraging and controlling quality Effective Leadership Management emphasizes leadership as the intersection of character knowledge skill and desire Management supervises tasks but leadership deals with people who supervise tasks In other words management is doing things right while leadership is doing the right things Effective Leadership Management styles are achievable by using mixtures of different styles as situation arises Each leader has to choose styles that suits his or her personality and that best represents the values of the organization In all a leader has to be transparent with all daily dealings communicates effectively be honest with staff members showing an unbending integrity at the same time be knowledgeable or skillful about the tasks at hand and be easy to follow When an employee is encouraged motivated and positively appraised his or her performance will be enhanced This book strongly emphasizes theory Z by Dr Ouchi in which a management or leadership style focuses on a strong company philosophy a distinctive corporate culture long range staff development and consensus decision making When decisions and policies that relate to customers are being made by an organization it is important to understand that others such as customers community staff suppliers and stakeholders opinions should be considered This is called a holistic view approach to decision making It is my hope that readers will find this book useful either as a church leader school principal or university president hospital or nursing home administrator nurse manager or departmental head company owners or CEO that an effective and efficient leader or manager cannot lead or manage alone by skills or knowledge but with styles character personality and by example

Supervision for Today's Schools George E. Pawlas,Peter F. Oliva,2007-06-29

Specifically designed for the introductory course this text provides an overview of the field of instructional supervision Acquaints students with not only the authors views on supervision but with those of other specialists in the field placing heavy emphasis on practice and the supervisor s responsibilities as an instructional leader Continues to stress that the relationship between the supervisor and teacher is built on trust and that the overall goal is to improve student achievement through better instruction

In Defence of Open-Mindedness William Hare,1985-06-01

William Hare believes that open mindedness the disposition to form a belief and if necessary to revise or reject it in the light of available evidence and argument stands in need of a defence because it is under widespread attack In this sequel to his highly regarded Open mindedness and Education 1979 he examines the numerous ways in which opposition to open mindedness is expressed and

shows how these criticisms can be countered He argues that the general indictment of open mindedness as a habit of mind leading to nihilism and scepticism as well as to neglect of the emotions is based upon a misunderstanding of the nature of the concept which in his opinion is by no means incompatible with personal commitment and confidence Similar confusions are exposed in such areas as elementary schooling moral education educational standards methods of teaching the administration of schools and the teaching of science In each of these areas examples are taken from the writings of influential critics to illustrate the nature of the doubts concerning open mindedness doubts that are carefully analysed and show to rest ultimately upon erroneous assumptions And since he believes that many who set out to champion open mindedness manage to confuse this ideal with other notions Hare undertakes in a concluding chapter to protect the ideal from its would be friends and supporters

Current Issues in School Leadership Larry W. Hughes, 2005-01-15 Current Issues in School Leadership examines controversies about and affecting school practices Focusing on two essential questions what is important to today's school leaders and what is interfering with schooling processes it includes chapters by a broad range of authors with expertise on their specific topic The text is organized in three sections Social and Political Issues Curriculum and Learning Issues and Organization and Management Issues The goal of this text designed for school leadership educational administration and foundations of education courses is to challenge readers to think carefully and critically about each of the issues presented leading to positive action and leadership

Effective Leadership Management Michael Adewale Adeniyi, 2007 It cannot be stressed enough that parents contribute to society by raising children to be literate responsible disciplined and law abiding citizens The positive impact of good parenting on society is immeasurable As parents you enter uncharted territory when a child enters your life And like most parents when you interact with your children you rely on recordings in your mind of how your parents interacted with you You use the good recordings and sometimes unfortunately the bad or unpleasant ones as well Parenting A Handbook with Ideas for Doing Your Best provides simple suggestions about how to show love to teach to protect to discipline and to encourage children to be the best that they can be We urge parents to use this handbook as a guide for adopting new methods and ideas for building parenting skills in order to break negative parenting styles Did you know that parents help change the world for the better just by being attentive and loving to their children We hope this handbook will provide guidance as you work toward being the outstanding parent you want to be Some pages will provide space for you to record your thoughts As you do think about what effect your parenting style has on your child or children

The Computer in Reading and Language Arts Jay S. Blanchard, George E. Mason, 1987 In this stimulating and readable book educators most of whom have long been involved in computer based literacy research efforts provide up to date information on computer based activities in reading and language arts These experts offer valuable goals and strategies for integrating computer technology into the reading language arts curriculum including suggestions for activities that should and should not be used They also address the basics of developing evaluating

and using computer based reading instruction programs The unique benefits of computer technology to teach English as a second language writing skills and the reading process to early readers are thoroughly explored Innovative Uses of the Computer in the Language Arts Classroom Computerized readability assessment Reinforcement and instructional objectives Student interest profiles Class book files This exciting book in a broader sense corrects the failure by many to consider the literacy issues that invariably surround and govern computer use While the types of computer literacy environments differ the literacy requirements are still the same the computer and the user must communicate through text Thus The Computer in Reading and Language Arts provides essential understanding of the literacy requirements and environments involved in computer use
