1. PROJECTS, THE CATERING ROLE OF DEVELOPMENT

Projects are the primary means of development. Perhaps the best definition of a project is: a collection of specific activities that are designed to achieve a specific objective, and which are financed by external sources. Projects are the primary means of development.

Project preparation is closely related with, and is a part of, the process of development. It is the process of identifying a project, defining its objectives, and preparing a project proposal. The project proposal is a document that describes the project, its objectives, and its financing. It is the primary means of communication between the project and the external sources of finance. The project proposal is the primary means of communication between the project and the external sources of finance.

It is a common mistake to regard project preparation as a purely technical task. It is in fact a complex process that involves a wide range of activities, including the identification of a project, the definition of its objectives, and the preparation of a project proposal. The project proposal is the primary means of communication between the project and the external sources of finance. It is the primary means of communication between the project and the external sources of finance.

What is a Project?

An economic project is a collection of activities that are designed to achieve a specific objective, and which are financed by external sources. Projects are the primary means of development. They are the primary means of communication between the project and the external sources of finance. They are the primary means of communication between the project and the external sources of finance.
