The Broadview Anthology of Literature of the Revolutionary Period 1770-1832 , 2010

The Final Days of Edgar Allan Poe David F. Gaylin, 2024-04-18 Occurring in a time of primitive medicine and inconsistent record keeping Poe s death has become one of the enduring mysteries of American literature David F Gaylin s book marks the first attempt to offer a comprehensive and balanced study of this historical event After chronicling the circumstances that may have contributed to the poet s death the book examines key details about the story It traces Poe s movements and personal encounters before also exploring how Poe was handled and treated by others who attempted to come to his aid Proceeding with the liveliness of

a detective story the discussion sheds new light on these events and it offers new information about the burial of Poe's body and the subsequent relocations of his tomb With the addition of supplementary reference materials including a register of formally proposed causes of death a timeline of relevant events and a map of Poe's final movements in Baltimore this book is an essential resource for both scholars and general readers seeking answers to the mystery of Poe's death Edgar Allan Poe, Wallace Stevens, and the Poetics of American Privacy Louis A. Renza, 2002-04-01 Throughout the history of the United States a commitment to both democratic political ideals and to capitalist realities has made privacy a persistently controversial issue Only rarely however has privacy attracted the attention of American literary criticism In his ingeniously argued new study Louis A Renza extends the idea of privacy beyond the received wisdom of its popular legal and psychological conceptions and iconoclastically beyond its conception in postmodern literary theory to show that the public-private paradigm has import for American literary texts past and present It is a truism of cultural studies that the interior space of imagination is socially constructed and thus that the private is ineluctably political But Renza shows through a brilliantly original analysis of works by Edgar Allan Poe and Wallace Stevens that as an effect of reading and writing a real or radical privacy continually resists appropriation In admirably close readings of Poe's tales his long essay *Eureka* and Stevens's *Harmonium* poems Renza demonstrates that both writers ground the concept of privacy in the possibility of multiple interpretations of their texts Neither Poe nor Stevens resists meaning or sense but by thematically engaging in their work the inescapable public-private dichotomy of artistic creation they create a highly personal idiom that like Poe's purloined letter allows them to hide in plain sight and in that way to finesse public constructions of meaning Thus surprisingly privacy can always be conceived as something more than what current social-cultural codes urge us to believe The poetics Renza compellingly elucidates does not deny the insights of current theory but offers a refreshing alternative that allows for the radical autonomy of authorship without resorting to vague elitist claims of individual genius His thoughtful readings are a major contribution to traditional Poe and Stevens scholarship and his challenging thesis will provoke new investigations into the privacy issue in American literature as a whole The Short Fiction of Edgar Allan Poe Edgar Allan Poe, 1976 The Short Fiction of Edgar Allan Poe brings together in one convenient edition all of the information a reader needs to understand Poe's stories Readable attractive and accessible to a general reader or student it also provides a useful resource for the scholar and specialist Stuart Levine and Susan Levine tracked down information that is often highly specialized and hard to come by through an extensive program of literary sleuthing an investigation that took him through the hundreds of places where scholars make their contributions to knowledge **The Broadview Anthology of Literature of the Revolutionary Period 1770-1832** D.L. Macdonald, Anne McWhir, 2010-03-04 The selections from 132 authors in this anthology represent gender social class and racial and national origin as inclusively as possible providing both greater context for canonical works and a sense of the era's richness and diversity In terms of genre poetry non-fiction prose philosophy educational
