## **Edson's Raiders The 1st Marine Raider Bat:**

**Edson's Raiders** Joseph H. Alexander, 2000 The story of the remarkable men of 1st Marine Raider Battalion known by the name of its founding commander the legendary jungle fighter Merritt A Red Mike Edson **Marine Raiders** Carole Engle Avriett, 2021-08-31 At the beginning of World War II the U S Marines set out to form the most ruthless skilled and effective fighters the world had ever seen a select group to conduct special operations at the highest level in the Pacific theater They were known as the Marine Raiders Marksmen brawlers and tacticians the Marine Raiders could accomplish their objective before the enemy even knew they were there Jacket *The Reserve Marine* , 1958 **The Raider** Stephen R. Platt, 2025-05-13 The extraordinary life of forgotten World War II hero Evans Carlson commander of America s first special forces secret confidant of FDR and one of the most controversial officers in the history of the Marine Corps who dedicated his life to bridging the cultural divide between the United States and China He was a gutsy old man A corker said another You couldn t find anyone better They talked about him in hushed tones This Major Carlson wrote one of the officers in a letter home is one of the finest men I have ever known These were the words of the young Marines training to be among the first U S troops to enter the Second World War and the Major Carlson they spoke of was Evans Carlson a man of mythical status even before the war that would make him a military legend By December of 1941 at the age of forty five Carlson had already faced off against Sandinistas in the jungles of Nicaragua and served multiple tours in China where he embedded with Mao s Communist forces during the Sino Japanese War Inspired by their guerilla tactics and their collaborative spirit which he d call gung ho introducing the term to the English language and driven by his own Emersonian ideals of self reliance Carlson would go on to form his renowned Marine Raiders the progenitors of today s special operations forces who fought behind Japanese lines on Makin Island and Guadalcanal showing Americans a new way to do battle In The Raider Cundill Prize winning historian Stephen R Platt gives us the first authoritative account of Carlson s larger than life exploits the real story based on years of research including newly discovered diaries and correspondence in English and Chinese with deep insight into the conflicted idealism about the Chinese Communists that would prove Carlson s undoing in the McCarthy era Tracing the rise and fall of an unlikely American war hero The Raider is a story of exploration of cultural mis understanding and of one man s awakening to the sheer breadth of the world **The Journal of Military History** , 2002 **Victory and Occupation** Benis M. Frank, Henry I. Shaw, 1968 **U.S. Marine Corps Special Units of World War II** Charles L. Updegraph, 1972 **The Do-Or-Die Men** George W. Smith, 2003-08-26 The captivating real life account of the formation training and courageous fighting of the American soldiers who won everlasting glory during the World War II battle for Guadalcanal Original **Raider Battalion** Edwin Palmer Hoyt, 1980 [War in the American Pacific and East Asia, 1941-1972](#) Hal M. Friedman, 2019-02-22 Before 1940 the Japanese empire stood as the greatest single threat to the American presence in the Pacific and East Asia To a lesser degree the formerly hegemonic colonial powers of Britain France and the

Netherlands still controlled portions of the region At the same time subjugated peoples in East Asia and Southeast Asia struggled to throw off colonialism By the late 1930s the competition exploded into armed conflict Japan looked like the early victor but the United States eventually established itself as the hegemonic power in the Pacific Basin by 1945 Yet when it comes to the American movement out into the Pacific there is more to the story that has yet to be revealed In War in the American Pacific and East Asia 1941-1972 editor Hal Friedman brings together nine essays that explore lesser known aspects and consequences of America's military expansion into the Pacific during and after World War II This study explores how the United States won the Pacific War against Japan and how it sought to secure that victory in the decades that followed ensure it never endured another Pearl Harbor style defeat and saw the Pacific fulfill a Manifest Destiny like role as an American frontier projected toward East Asia The collection explores the role of the US military in the Pacific Basin in different ways by presenting essays on interservice rivalry and military advising as well as unique topics that are new to military history such as the investigations of strategic communications military public relations institutional cultures of elite forces foodways and the military's interaction with the press Together these essays provide a path for historians to pursue groundbreaking areas of research about the Pacific and establish the Pacific War as the pivotal point in the twentieth century in the Pacific Basin

American Commando John F. Wukovits, 2009 Provides an account of how Lieutenant Colonel Evans Carlson helped lay the foundation for Special Forces in the modern military through his leadership of the 2nd Raider Battalion in the jungles of Guadalcanal during World War II where he and his troops employed guerilla tactics against an entrenched Japanese force to disrupt their supply chain inflict combat defeats and gather valuable intelligence **From Makin to Bougainville** Jon T. Hoffman, 1995 *Bloody Ridge and Beyond* Marlin Groft, Larry Alexander, 2015-10-06 On the island of Guadalcanal a 2 000 yard long ridge rose from the jungle canopy Behind it lay the air base of Henderson Field And if Henderson Field fell it would mean the almost certain death or capture of all 12 500 Marines on the island Positioned on the ridge were the hard fighting men of Edson's Raiders of the 1st Marine Raider Battalion They were the United States Marine Corps best of the best and they knew defeat and retreat were simply not options For two hellish nights in September 1942 about 840 Marines commanded by Lieutenant Colonel Merritt Austin Red Mike Edson fought one of the most pivotal battles of World War II in the Pacific clinging desperately to their position on what would soon be known as Bloody Ridge Bloody Ridge and Beyond is the story of how these men showed courage and valor in the face of overwhelming numbers as told by Marlin Groft a man who was a member of this incredible fighting force Includes photographs **Military History**, 1990-08 Fortitudine, 1985 Tarawa Robert Sherrod, 2013-02 In the summer of 1943 at the height of World War II battles were exploding all throughout the Pacific theater In mid November of that year the United States waged a bloody campaign on Betio Island in the Tarawa Atoll the most heavily fortified Japanese territory in the entire Pacific They were fighting to wrest control of the island to stage the next big push toward Japan and one journalist was there to chronicle the horror Dive into war

correspondent Robert Sherrod's battlefield account as he goes ashore with the assault troops of the U S Marines 2nd Marine Division in Tarawa Follow the story of the U S Army 27th Infantry Division as nearly 35 000 troops take on less than 5 000 Japanese defenders in one of the most savage engagements of the war By the end of the battle only seventeen Japanese soldiers were still alive This story a must for any history buff tells the ins and outs of life alongside the U S Marines in this lesser known battle of World War II The battle itself carried on for three days but Sherrod a dedicated journalist remained in Tarawa until the very end and through his writing shares every detail     The Trident ,1957     Congressional Record United States.
