## **Educating For Social Work Arguments For Optimism:**

**Innovative Education and Training for Care Professionals** Rachel Pierce, 2000 This positive book brings together current good practice in education and training for care professionals around a central theme of involving service users and improving the quality of their care The contributors set out a strategy for the teaching of theory and practice to care professionals in the context of changing policy and practice in agencies and in higher education Helpful guidance is offered to education and training providers in universities and agencies on the preparation of care professionals for the new millenium and beyond Topics addressed within the book include international comparisons research teaching the bridging of vocational professional and academic frameworks user involvement assessing professional competence teaching anti discriminatory practice While drawing primarily from social work this book takes an interprofessional approach and will be essential reading for all health and care education providers Rachel Pierce and Jenny Weinstein have brought together academics researchers and practitioners to reflect with them both positively and critically on a broad range of contemporary educational developments thus providing a sound analysis to shape future arrangements for quality professional education and training

**Social Work in Higher Education** Karen Lyons, 2019-01-22 First published in 1999 in the light of recent moves towards deprofessionalisation and instrumentalism Karen Lyons has conducted extensive research into the challenges facing social work training as a higher education discipline Here these challenges are located in a discussion of wider changes in both higher education and the personal social services and are also linked to debates about professional education and the nature of knowledge The analysis is based on original data and includes reference to pedagogical and cultural factors and to internal and external policies which might make social work viable or vulnerable in the higher education context This multi disciplinary perspective reflects a characteristic of social work study itself a quality which might be seen as either problematic or as a strength The book concludes that while the future scale and form of the social work subject area lie partly outside the control of social work educators they have a key role to play in the development of the discipline This includes the promotion of research which should underpin the creation of knowledge and inform professional practice in the changing field of personal social services

**Broadening Horizons** Wanda Thomas Bernard, 2017-03-02 While the remit of social work professionals is in general locality based social work has a long tradition of concern about international issues Broadening Horizons provides an engaging and original contribution to the debate on how to tackle social work problems on a global scale Filling both a theoretical and a practice gap in the literature the book discusses the experiences of academics practitioners and students involved in international exchanges in social work It draws on a major EU Canadian exchange project as well as separate projects in countries including South Africa the USA China and Australia The contributors highlight the opportunities and barriers that shaped their experience and give guidance on how to deal with both the practicalities and aspirations of living and working across borders This book will thus be invaluable both to readers

interested in the meaning and realities of international social work and to those hoping to embark on an exchange programme themselves      Transfer of Learning in Professional and Vocational Education Vivienne E Cree, Cathlin Macaulay, 2002-01-04 Combining an accessible presentation of the underlying theory of transfer of learning which explains how to put theory into practice this is a text which is relevant to teaching for transfer in any professional or vocational context The first part of the book looks at what transfer of learning means how it operates the implications for teaching issues such as assessment competence outcomes In the second part contributors present case studies from social work which show how specific teaching methods can be successfully used to make the maximum use of the student's previous experience These include personal construct psychology enquiry and action learning intentional observation critical incident analysis reflective diaries process recording information technology Information on each teaching method is presented in enough detail to allow the educator to go away and use it      **Towards a Classless Society?** Helen Jones, 2005-08-02 An alternative to the right wing paradigm which has hijacked discussions of class this book focuses on the specific ways in which class inequalities manifest themselves in Britain and exposes the hollowness of politicians' rhetoric over the classless society

**Reflecting on Social Work - Discipline and Profession** Karen Lyons, 2017-03-02 Social work has always been a contested activity and its status as an academic discipline remains uncertain There is currently renewed interest in the theoretical and research dimensions of social work at a time when significant changes in the broad social political and economic context in which practice takes place require a re-evaluation of social work's role and a re-examination of its identity This timely book brings together leading social work academics to examine the state of social work at the beginning of the 21st century With their focus on the relationships between research theory and practice they reflect critically on the nature of social work as a discipline in higher education and the importance of this to the profession as a whole The book represents an exploratory conversation among social work academics about the current state and future aspirations of the discipline and the profession It aims to stimulate wider debate about the dominant constraints and opportunities for social work in the 21st century      *Social Work Practice* Veronica Coulshed, Joan Orme, 2018-06-22 This trusted textbook for both students and practitioners has sold over 75 000 copies across its four previous editions This comprehensive text is divided into three easily navigable parts Part I guides the reader through the social work process detailing each stage and offering a new chapter on reflection Part II introduces key methods of intervention encompassing a broad range of theories and approaches including new material on strengths based approaches and solution focused practice Part III identifies the variety of contexts in which social work takes place with individuals both children and adults groups and communities Whether a student new to social work or an experienced practitioner returning to training this is a must buy text that readers will return to again and again throughout their professional practice      **EBOOK: PROFESSIONALS & NEW MANAGERIALISM** N/A Exworthy, 1998-12-16 What do managerialism and professionalism mean in today's public sector How do managers and

professionals relate to each other What are the implications of changing notions of managerialism and professionalism And of changing relations between managers and professionals Throughout the 1980s and 1990s there have been substantial changes to public sector organization and management A key aspect of this change has been the emergence of a new managerialism which appears to have challenged many widely held and established principles and practices within the public sector Not least this new managerialism has been seen to pose a significant threat across the public sector to the traditional dominance of professionalism and professionals This book explores the relationship between professionals and professionalism and the new managerialism by using in depth studies from education social work and medicine It shows that in practice the relationship is characterized by a range of outcomes from conflict to patterns of compromise and collaboration This challenges the often taken for granted assumptions about the distinctiveness even oppositional nature of managerialism and managers on the one hand and professionalism and professionals on the other and sheds new light on long standing debates

*Professionals & New Managerialism* Exworthy,1998-12-01 Throughout the 1980s and 1990s there have been substantial changes to public sector organization and management A key aspect of this change has been the emergence of a new managerialism which appears to have challenged many widely held and established principles and practices within the public sector This book explores the relationship between professionals and professionalism and the new managerialism by using in depth studies from education social work and medicine
