Economic Development In Africa:

African Economic Development Christopher Cramer, John Sender, Arkebe Oqubay, 2020-06-10 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Unevenness and inequalities form a central fact of African economic experiences. This book challenges conventional wisdoms about economic performance and possible policies for economic development in African countries using the striking variation in economic performance as a starting point. African Economic Development: Evidence, Theory and Policy highlights not only difference between countries but also variation within countries. It focuses on issues relating to gender, class and ethnic identity such as neonatal mortality, school dropout and horticultural and agribusiness exports. Variations in these areas point to opportunities for changing performance, reducing inequalities, learning from other policy experiences and escaping the ties of structure and the legacies of a colonial past. African Economic Development rejects teleological illusions and Eurocentric prejudice, criticizing a range of orthodox and heterodox economists for their cavalier attitude to evidence. Instead, it shows that seeing the contradictions of capitalism for what they are fundamental and enduring may help policy officials protect themselves against the misleading idea that development can be expected to be a smooth linear process or that it would be if certain impediments were removed. Drawing on decades of research and policy experience, this book combines careful use of available evidence from a range of African countries with economic insights to make the policy case for specific types of public sector investment.

Economic Integration and Development in Africa Henry Kyambalesa, Mathurin C. Hounnikpo, 2016-04-29 The debates over what African economic integration and development actually entails continue across international economic organizations, national governments and NGOs. Despite the glare of media attention and the position this issue has on international political agendas, few comprehensive accounts exist that fully examine why this process will be inevitable in the 21st century and how integration of national economies can be attuned to attaining the socio-economic goals and aspirations of member countries. This book addresses this problem. It combines theory with application, enumerating the imperatives and initiatives governments will be forced to confront, providing insights for educators and students in African development, for policy makers in African governments and for inter-governmental organizations. Emmanuel Nnadozie, Afeikhen Jerome, 2019-05-08 In a sweeping survey of African economies, leading scholars offer the latest research into the biggest current influences on African growth and development, taking account of relevant institutional contexts as well as significant or unique problems that have slowed Africa's progress. *Economic Development in Africa* Godfrey Mwakikagile, 1999 This new book provides analyses of capitalism versus socialism as well as case studies illuminating the latest economic developments in the shift taking place in Africa. **BOOK JACKET** *Economic Growth and Development in Africa* Horman Chitonge, 2015-01-09 In recent years, Africa has undergone the longest period of sustained

economic growth in the continent's history drawing the attention of the international media and academics alike This book analyses the Africa Rising narrative from multidisciplinary perspectives offering a critical assessment of the explanations given for the poor economic growth and development performance in Africa prior to the millennium and the dramatic shift towards the new Africa Bringing in perspectives from African intellectuals and scholars many of whom have previously been overlooked in this debate the book examines the construction of Africa's economic growth and development portraits over the years It looks at two institutions that play a vital role in African development providing a detailed explanation of how the World Bank and the IMF have interpreted and dealt with the African challenges and experiences The insightful analysis reveals that if Africa is rising only 20-30 per cent of Africans are aboard the rising ship and the main challenge facing the continent today is to bring on board the majority of Africans who have been excluded from growth This book makes the complex and sometimes confusing debates on Africa's economic growth experience more accessible to a wide range of readers interested in the Africa story It is essential reading for students and researchers in African Studies and will be of great interest to scholars in Development Studies Political Economy and Development Economics

Economic Development in Africa Olusola Akinrinade, J. Kurt Barling, 2013-11-07 Economic development is one of the key issues that has confronted Africa since the beginning of independence more than a quarter century ago The countries of Africa have not only recognised the need for international assistance but also the need for self help along with various collective efforts in tackling the problems of development The principal concern of Economic Development in Africa is with the contributions of the international environment to the development process in Africa It considers efforts conceived within bilateral multilateral and regional frameworks acting as an introduction to the economic and political dimensions of these approaches This specially commissioned collection brings together a number of scholars working in the field of International Relations with specialist interest in Africa

The Service Sector and Economic Development in Africa Evelyn F. Wamboye, Peter Nyaronga, 2018-09-04 The service sector accounts for a huge proportion of global employment and is the biggest driver of gross domestic product in developing nations Yet there has been little research uncovering its scope potential and implications on sustained and inclusive economic growth This is especially true for Africa which has seen a strong growth trajectory in recent years This book presents a new frontier of research offering insightful perspectives on the 21st century realities of the service sector and its effect on economic development in Africa The analysis presented here will be of relevance to academics and policymakers with an interest in Africa's role in the global economy

Development Thought, Policy Advice and Economic Development in Africa in the 20th Century Abdul-Ganiyu Garba, 2003

Accelerated Economic Growth in West Africa Diery Seck, 2015-07-07 The book provides a detailed analysis of the causes of West Africa's current economic high growth episode and proposes ways to extend it sustainably It examines the potential role of regional integration through the establishment of a common currency union and of other policy options that can enhance economic

growth The authors suggest appropriate methods of coordination between macroeconomic policy and industrialization to achieve higher economic growth and also examine why pro poor strategies have not been successful The book underscores the challenges and opportunities that will arise from the structural change to the region s economies resulting from the necessary investment in manufacturing exports ICT and infrastructure which are key vehicles for extended growth Readers will learn how the region can better reach its developmental goals by securing and perpetuating political liberty and transactional freedom for all its citizens

Economic Development in Africa United Nations Conference on Trade and Development,2005 Given the lack of adequate resources to finance long term development in Africa the need to attract foreign direct investment has become a key aspect of development strategies in recent years advocated by policymakers at national regional and international levels This publication evaluates the benefits and disadvantages that FDI brings for the host country in efforts to achieve sustainable economic development and calls for a more balanced strategic approach which sufficiently recognises the economic and development challenges facing African countries *Globalization and Sustainable Development in Africa* Bessie House-Soremekun,Toyin Falola,2011 The first comprehensive work on globalization within the context of sustainable development initiatives in Africa *Economic Development for Africa South of the Sahara* E.
