Kinship and Cohort in an Aging Society Merril Silverstein, Roseann Giarrusso, 2013-09-01 According to family sociologist Vern Bengtson generations within families are important sources of influence change and development Kinship and Cohort in an Aging Society brings together scholars whose common link is their intellectual intersection with the work of Vern Bengtson an esteemed family sociologist whose accomplishments include foundational theoretical contributions to the study of families and intergenerational relations as well as the development of the widely used Longitudinal Study of Generations data set The study began in 1971 and is the basis for Bengtson s highly influential concept and measurement model the intergenerational solidarity conflict paradigm This book serves as an excellent compendium of original research that examines how Bengtson s solidarity model a theory that informs nearly all intergenerational and gerontology sociology work performed today continues to be relevant to scholars and practitioners Written by internationally recognized scholars the book s fifteen chapters are mapped to five major thematic areas to which Bengtson s research contributed family connections grandparents in a changing demographic landscape generations and cohorts micro macro dialectics religion and families in the context of continuity change and conflict and global cross national and cross ethnic concerns Key strengths of the book include the diversity of foci and data sources and the strong attention given to global and international issues Kinship and Cohort in an Aging Society will appeal to scholars working in sociology psychology gerontology family studies and social work **Aging Societies** Barry P. Bosworth, Gary Burtless, 1998-05-01 By 2030 when most American baby boomers will have retired all the large industrial economies will see a massive increase in the old age population This book examines population aging and its implications for public retirement programs in the five largest industrial economies Britain France Germany Japan and the United States The authors report on national demographic trends examine the current living conditions of the aged population explain the structure of the retirement system and offer estimates of future budgetary costs of the public programs They also discuss national debates over the potential reform of public retirement systems While all five countries share the prospect of an older population variations in the size and timing of demographic change as well as important differences in the structure of public programs for the elderly suggest that population aging will have widely

different implications in each country In Germany and Japan for example the population will not only grow older but may actually decline because of low birth rates The United States will experience less aging but its debate over reform treats seriously the possibility of privatizing public retirement commitments

The Aging Population and the Competitiveness of Cities Peter Karl Kresl,Daniele Ietri,2010-01-01 While much of the current literature on the economic consequences of an aging population focuses on the negative aspects this enlightening book argues that seniors can bring significant benefits such as vitality and competitiveness to an urban economy The authors illustrate the ways an aging population can have a positive impact on urban centers including the move by large numbers of seniors from the suburbs to the city where their disproportionate consumption of education and the arts helps rejuvenate city centers Given this the authors conclude that a large and active senior population has the potential to assist a city in the achievement of its strategic economic objectives The book includes analyses of the effects of population aging on best practices in 40 cities in the US and EU with surprising results as well as interviews with city officials and leaders Academics researchers and public officials in the areas of urban development public policy and aging will find much in this original approach to interest and provoke debate

The Political Future of Social Security in Aging Societies Vincenzo Galasso,2006 A quantitative analysis of the political sustainability of social security reform in France Germany Italy Spain the UK and the US with the suggestion that population aging will lead to more pension spending and that raising the retirement age is the most politically viable reform measure

Population Aging in Societal Context Mark Tausig,Janardan Subedi,Saruna Ghimire,2025-07-30 This book offers an explanatory schema for comprehending aging in a societal context focusing on the country of Nepal Contributions to this book use an institutional contextual approach and a life course perspective to document and assess societal responses to the increase in the number of older adults in a specific country This emerging age group entails the development of new and modified social institutions new and modified cultural norms and the reallocation of social resources within a given country The study represents a means to understand the status and needs of older adults systematically and to orient policies and programs intended to address the increase in the older population It can be applied to countries grappling with similar challenges of rapid population aging and significant social change A pioneering effort in understanding aging as a social process embedded in social economic cultural and life course contexts this book fills a gap in Asian Studies Social Policy and Population Studies

Aging Nation James H. Schulz,Robert H. Binstock,2008-05-15 Schulz and Robert H

The SAGE Handbook of Aging, Work and Society John Field,Ronald J Burke,Cary L Cooper,2013-09-19 Aging has emerged as a major and urgent issue for individuals organisations and governments of our time In this well timed and comprehensive handbook key international contributors to the field of study come together to create a definitive map of the subject Framed by an authoritative introductory chapter the SAGE Handbook of Aging Work and Society offers a critical overview of the most significant themes and topics with discussions of current research theoretical controversies and emerging issues divided into

sections covering Key Issues and Challenges The Aging Workforce Managing an Aging Workforce Living in an Aging Society Developing Public Policy Classical, Neoclassical and Keynesian Views on Growth and Distribution Neri Salvadori, Carlo Panico, 2006-01-27 This book reconsiders and analyses the different approaches historically proposed in the literature on growth and distribution The contributors have achieved through a comprehensive and cohesive analysis of the approaches of different schools of thought a wide ranging interpretation of a variety of important economic phenomena The book identifies elements characterising each approach and tries to derive from them a range of insights into the complexity of the growth process **Public Health for an Aging Society** Thomas R. Prohaska, Lynda A. Anderson, Robert H. Binstock, 2012-03-15 Students and practitioners will find Public Health for an Aging Society an invaluable resource both in the workplace and the classroom **China's Road and Aging Population** Yining Li, Qiuyun Zhao, Zhiqiang Cheng, 2023-04-03 In the context of global population aging the aging population of China is not only a China specific problem but also a global concern Based on in depth analysis this book focuses on the increasingly serious issue of aging population of China at the present time and explores the possible path and solution from the new type of demographic dividend that is innovation With 1 5 of the global aging population in the world China has the largest aging population and is aging faster and deeper which produces and profound and far reaching impact on the economic growth social security health care and other related areas **Home Equity and Ageing Owners** Lorna Fox O'Mahony, 2012-01-06 The growing use of housing equity to support a range of activities and needs raises complex issues particularly for older owners In an environment in which older owners are pushed towards housing equity transactions to meet income and welfare costs they are required to make choices from a complex and sometimes bewildering range of options The transactions which facilitate the use of home equity as a resource to spend in later life from trading down and ordinary secured and unsecured debt to targeted products including reverse lifetime mortgages home reversion plans and sale and rentback agreements raise important legal and regulatory issues This book provides a contextual analysis of the financial transactions that older people enter into using their housing equity It traces the protections afforded to older owners through the ordinary law of property and contract as well as the development of specific regulatory protections focused on targeted products The book employs the notion of risk to highlight the nature and causes of the situational vulnerabilities to which older people are now subject as consumers of housing equity showing that the older owner's personal situation is crucial in determining whether and why they may seek to release equity the options and products available to them and the impact of harms resulting from adverse transactions The book critically evaluates the extent to which this context is incorporated in the legal frameworks through which these transactions are governed as a measure of the appropriateness of existing legal provision as well as considering the arguments surrounding special protection for older owners in housing equity transactions *Our Aging Society* Alan J. Pifer, Lydia Bronte, 1986 In sounding alarm about the population challenges we face in the next five decades the essays here written by a wide variety of experts

offer constructive proposals for meeting these challenges on both personal and public policy levels

Economic Policy For Aging Societies: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Economic Policy For Aging Societies : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
