

China and its Economic Development in International Perspective

Chapter 1 in Clement A Tisdell (1993)

ECONOMIC DEVELOPMENT IN THE CONTEXT OF CHINA *Policy Issues and Analysis*

(E-book and hardcopy available from Palgrave-Macmillan or Springer
DOI: 10.1057/9780230380189)

Introduction to Chapter 1

The main purpose of this book is to consider general development issues and to illustrate and examine those in relation to Chinese policies and experience and conversely, to examine approaches to economic development in China drawing out their general implications, strengths and weaknesses. The coverage is necessarily selective. This book is not intended as a compendium of Chinese economic development.

Ever since the visit of Marco Polo, China and its economic potential have fascinated Westerners. Adam Smith, for example, gave some coverage to China in the *Wealth of Nations*, published in 1776. However, views about the economic potential of China and its prospects for 'modern' economic development have varied considerably. Prior to World War II, Western powers and Japan saw China as a large potential market for their economic production and possibly to a lesser extent as an important source of raw materials for their own industry and economic expansion.

Although the Portuguese were allowed by the Ming Dynasty to set up a trading base in Macao in 1557, the subsequent Qing Dynasty strongly opposed further extension of trade with foreign merchants. Nevertheless, it allowed Canton (Guangzhou) to be used as a trading port commencing in 1685. But trade was restricted by the Qing government and the balance of trade was heavily in China's favour. In 1778 Britain began selling Indian opium to China in an attempt to balance up trade. Chinese attempts to stop the trade in opium eventually lead to four 'Opium Wars' which occurred during the

Economic Development In The Context Of China Policy Issues And Analysis:

Economic Development in the Context of China C. Tisdell,1992-12-09 The author takes a fresh look at China s economic policies development strategies and economic experiences since 1978 General economic principles and analysis are applied in a comparative framework which provides useful insights for assessing China s economic strategies and its implication for other developing countries Among the topics discussed are market reforms new technology and technology transfer foreign direct investment regional development poverty and income inequality agricultural development industrial development enterprise management the tourism industry population policies and international issues raised by China s economic development *Economic Development in the Context of China* Clement Allan Tisdell,1993 *Tourism And China's Development- Policies, Regional Economic Growth & Ecotourism* Clement A Tisdell,Julie Jie Wen,2001-03-15 China s continuing economic reforms since 1978 have substantially altered its economic structure expanding the service sector including the tourist industry The reforms have resulted in spectacular economic growth and a boom in tourism development But China s economic growth has been very uneven regionally and has been cause for political concern The ability of tourism to counteract this uneven development and promote regionally decentralised development is therefore of special interest as is the sustainability of regional tourism which often depends on nature conservation and the presence of minority cultures This book addresses all those issues Although focussed on China it deals with issues such as those involving the sustainability of tourism and convergence and divergence in regional tourism development and economic growth relevant to other geographical areas **Foreign Investment and Economic Development in China** Haishun Sun,2018-08-10 First published in 1998 Sun investigates the ramifications foreign investment has had on China over 1979 to 1996 This empirical research discusses the issues theories as well as the regional economics to create a discourse in foreign investment in china

Economic Development in the Context of China Clement A. Tisdell,1993 The author takes a fresh look at China s economic policies development strategies and economic experiences since 1978 General economic principles and analysis are applied in a comparative framework which provides useful insights for assessing China s economic strategies and its implication for other developing countries Among the topics discussed are market reforms new technology and technology transfer foreign direct investment regional development poverty and income inequality agricultural development industrial development enterprise management the tourism industry population policies and international issues raised by China s economic development **Political Science Abstracts** ,2012-12-06 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available *Handbook of the Politics of China* David S.G. Goodman,2015-11-27 The Handbook of the Politics of China is a comprehensive resource introducing readers to the very latest in research on Chinese politics David Goodman provides an introduction to the key structures and issues providing the foundations on which later learning

can be built Including a comprehensive bibliography it is an ideal reference work for undergraduate and postgraduate students and academics The Handbook contains four sections of new and original research dealing with leadership and institutions public policy political economy and social change and international relations Each of the 26 chapters has been written by a leading internationally established authority in the field and each reviews the literature on the topic and presents the latest findings of research Presenting the state of the art of the field this reader oriented Handbook is an essential primer for the study of China s politics

Resource And Environmental Economics: Modern Issues And Applications (Second Edition) Clement A Tisdell, 2021-04-14 This important book deals with the essential principles of resource and environmental economics provides applications to contemporary issues in this field and outlines and assesses policies being used or proposed for managing the use of environmental and natural resources Covering specific contemporary topics such as agriculture and the environment water use greenhouse gas management biodiversity conservation tourism and the environment and environmental economics and health leading issues in resource and environmental economics are outlined and analyzed in an innovative manner Institutional economics both new and traditional is applied and compared with other approaches such as neoclassical economics behavioral economics and the Austrian School of Economics This heterogeneous multi perspective approach enables problems to be considered from several different angles thus enhancing the reader s comprehension of the subject matter Furthermore using minimal technical jargon the book takes into account aspects of modern economic analysis such as the costs of and constraints on decision making and the transaction costs involved in policy implementation

Competition, Diversity and Economic Performance C. A. Tisdell, 2013-02-01 Ecological and economic systems share some fundamental characteristics that Clem Tisdell has beautifully illuminated He has given us a much better handle on the roles of competition diversity evolution and sustainability in complex interdependent ecological and economic systems Our ability to build a sustainable and desirable future fundamentally depends on this integrated understanding Robert Costanza Portland State University US This thought provoking book explores the influences of market competition and diverse behaviours of economic agents on economic performance particularly dynamic economic performance Clem Tisdell illustrates within evolutionary dynamic and static contexts how diversity can improve or impede economic performance He addresses the fact the role of diversity in improving economic performance has been neglected by economic theorists by making economic diversity a focal point of economic analysis In particular special attention is given to the value of economic diversity and economic imperfections in improving the performance of economic processes in particular identified situations Limitations of using market like mechanisms for managing public bodies and business firms are discussed and the value of business cooperation economic mutualism as a means for improving economic performance is examined It is also observed that as economies develop different forms of economic competition and business cooperation evolve Challenging yet accessible this book will prove a stimulating read for

academics and students in the fields of economics industrial organization and business and management **American Journal of Islamic Social Sciences 10:4** Rosalind W. Gwynne, Louay Safi, Ebtihaj Al-A'ali, M. Rammn Akhtar, The American Journal of Islamic Social Sciences AJISS established in 1984 is a quarterly double blind peer reviewed and interdisciplinary journal published by the International Institute of Islamic Thought IIIT and distributed worldwide The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology history philosophy and metaphysics politics psychology religious law and traditional Islam **Fiscal Frameworks and Financial Systems in East Asia** Wendy Dobson, 1998 The study of financial frameworks focuses on corporate finance and analyzes the relationship between financing patterns and the level of development of securities markets and financial liberalization in the region **Area Bibliography of China** Richard T.
