Tourism and Development in the Developing World David J. Telfer, Richard Sharpley, 2015-12-14 Tourism is widely considered to be an important factor in socio economic development particularly in less developed countries However despite almost universal recognition of tourism s development potential the extent to which economic and social progress is linked to the growth of a country s tourism sector remains the subject of intense debate *Tourism and Development in the Developing World* offers a

thorough overview of the tourism development relationship Focusing specifically on the less developed world and drawing on contemporary case studies this updated second edition questions widely held assumptions on the role of tourism in development and seeks to highlight the challenges faced by destinations seeking to achieve development through tourism The introductory chapter establishes the foundation for the book exploring the meaning and objectives of development reviewing theoretical perspectives on the developmental process and assessing the reasons why less developed countries are attracted to tourism as a development option The concept of sustainable development as the most widely adopted contemporary model of development is then introduced and its links with tourism critically assessed Subsequent chapters explore the key issues associated with tourism and development including the rise of globalization the tourism planning and development process the relationship between tourism and communities within which it is developed the management implications of trends in the demand for and uptake of tourism and an analysis of the consequences of tourism development for destination environments economies and societies A new chapter considers the challenges of climate change sustainability of resource supply oil water and food global economic instability political instability and changing demographics Finally the issues raised throughout the book are drawn together in a concluding chapter that assesses the tourism and development dilemma Combining an overview of essential concepts theories and knowledge with an analysis of contemporary issues and debates in tourism and development this new edition will be an invaluable resource for those investigating tourism issues in developing countries The book will be of interest to students of tourism development geography and area studies international relations and politics and sociology

Managing Educational Tourism

Christopher P. Cooper, 2003-01-09 Increasingly tourists are seeking learning and educational holidays This interest has led to the provision of tourism product with some form of learning or education as an integral component including cultural heritage tourism and ecotourism The growth of offshore education and lifelong learning has stimulated cross border movement for language learning school excursions and university student travel Reflecting this growth in educational tourism types the author outlines the main forms of educational tourism their demand and supply characteristics their impacts and the management issues associated with them taking a holistic systems based perspective The book argues that without adequate research and appropriate management of educational forms of tourism the potential regional development impacts and personal learning benefits will not be maximised The book highlights the need for collaboration and networking between both the tourism and education industries to adequately manage the issues surrounding the growth in educational tourism

The Political Economy of Development and Underdevelopment in Africa

Toyin Falola, Jessica Achberger, 2013-06-07 While Africa is too often regarded as lying on the periphery of the global political arena this is not the case African nations have played an important historical role in world affairs It is with this understanding that the authors in this volume set out upon researching and writing their chapters making an important collective contribution to our

understanding of modern Africa Taken as a whole the chapters represent the range of research in African development and fully tie this development to the global political economy African nations play significant roles in world politics both as nations influenced by the ebbs and flows of the global economy and by the international political system but also as actors directly influencing politics and economics It is only through an understanding of both the history and present place of Africa in global affairs that we can begin to assess the way forward for future development **Critical Debates in Tourism** Tej Vir Singh, 2012 The book is a landmark volume which examines perplexing tourism debates such as the relevance of mass tourism climate change authenticity tourism and poverty and slow tourism Multidisciplinary in content it covers applied aspects of sociology anthropology humanities and biosciences The book is unique in its presentation and style and will be an essential resource for scholars academics and practitioners Political Ecology and Tourism Sanjay Nepal, Jarkko Saarinen, 2016-02-26 Political ecology explicitly addresses the relations between the social and the natural arguing that social and environmental conditions are deeply and inextricably linked Its emphasis on the material state of nature as the outcome of political processes as well as the construction and understanding of nature itself as political is greatly relevant to tourism Very few tourism scholars have used political ecology as a lens to examine tourism centric natural resource management issues This book brings together experts in the field with a foreword from Piers Blaikie to provide a global exploration of the application of political ecology to tourism It addresses the underlying issues of power ownership and policies that determine the ways in which tourism development decisions are made and implemented Furthermore contributions document the complex array of relationships between tourism stakeholders including indigenous communities and multiple scales of potential conflicts and compromises This groundbreaking book covers 15 contributions organized around four cross cutting themes of communities and livelihoods class representation and power dispossession and displacement and environmental justice and community empowerment This book will be of great interest to students and scholars in tourism geography anthropology sociology environmental studies and natural resources management *Encyclopedia of Tourism* Jafar Jafari, 2002-09-11 In fewer than three hundred years tourism has become a global service industry of great economic cultural and political importance Published to critical acclaim the Encyclopedia of Tourism now available as a Routledge World Reference title is the definitive one volume reference source to this challenging multisectoral industry and multi disciplinary field of study Comprising over one thousand entries this volume has been written by an international team of contributors to provide a comprehensive guide to both the manifest and hidden dimensions of tourism It explores the wide range of definitions concepts perspectives and institutions and includes comprehensive coverage of key issues and concepts definitions of all terms and acronyms entries on the significant institutions associations and journals in the field country specific tourism profiles from Greece to Japan and Kenya to Peru thorough analysis of the trends and patterns of tourism development and growth The extensive cross referencing and comprehensive index will assist the reader in making links

between the diverse aspects of tourism studies and the suggestions for further reading are invaluable
