Eye On Hong Kong An:

An Eye on Hong Kong Keith MacGregor, 1999-06-24 This book draws on 28 years of photography by one man to present an essay on the beauty the colours and textures and the culture of Hong Kong An Eye on Hong Kong Keith MacGregor, 2002 Eyes on China: A Cartoonist's Take on Hong Kong, the Uyghurs, and More Radio Free Asia, 2019-12-20 Wang Liming is a renowned political cartoonist who works under the pen name of Rebel Pepper His work focuses on political cultural and societal developments across Asia *Colonial Hong Kong in the Eyes of Elsie Tu* Elsie Tu, 2003-05-01 Elsie Tu is well known as a social activist and crusader against injustice and corruption in Hong Kong In this powerful personal statement she expresses her views about the injustices in the past colonial system and her fears about present day economic colonialism This is a book with strong messages for today Mrs Tu's deep concerns about the current international scene have the most immediate and obvious topical relevance But there is an equally strong lesson in her description of the corruption that used to be so pervasive in Hong Kong and her battles against it She reminds us forcefully of the need for continued vigilance if corruption and its awful effects are not to return However the most important message of this book pervades all parts of it the example of a life devoted to improving things for the ordinary people of Hong Kong a life not just lived according to high principles but characterized by a dogged and fearless determination to fight for those principles to be an activist This book is important because it records the beliefs some of the experiences and above all the commitment of one of the most notable people of post war Hong Kong By giving rich insights into the mind and beliefs of an extraordinary and indomitable person it brings to life the recent history of Hong Kong and challenges the next generation of Hong Kong people to contribute as much Readers may have heard of Hong Kong's economic miracle during the second half of the twentieth century but they may not be aware of the suffering and injustices caused by greed and corruption at that time This book shows how the society's struggle stirred the spirit of determination upon which the Hong Kong we know today was built The book will also give readers a bird's eye view of the worldwide scale of suffering and injustices caused by nations seeking economic and political domination I write this book because I believe that human beings can only comprehend the present when they understand the past and they can only make a better future when they learn from previous errors And I feel compelled to alert the younger generation of the dangers that confront the world today from those obsessed with wealth and power I hope that all prejudices and evil ambitions can be set aside and an equal playing field can be created for all nations Elsie Tu *Lee Kuan Yew Through The Eyes Of Chinese Scholars* Chen Ning Yang, Ying-shih Yu, Gungwu Wang, 2016-12-27 *Lee Kuan Yew through the Eyes of Chinese Scholars* is a compilation of essays by highly respected Chinese scholars in which they evaluate the life work and philosophy of Lee Kuan Yew founding Prime Minister of Singapore Presenting a range of views from a uniquely Chinese Asian perspective this book provides valuable insights for those who wish to gain a fuller and deeper understanding of Lee Kuan Yew the man as well as Singapore his nation Marking the momentous event of his death

Ghostly Desires Arnika Fuhrmann, 2016-05-19 Through an examination of post 1997 Thai cinema and video art Arnika Fuhrmann shows how vernacular Buddhist tenets stories and images combine with sexual politics in figuring current struggles over notions of personhood sexuality and collective life. The drama horror heritage and experimental art films she analyzes draw on Buddhist informed conceptions of impermanence and prominently feature the motif of the female ghost. In these films the characters' eroticization in the spheres of loss and death represents an improvisation on the Buddhist disavowal of attachment and highlights under recognized female and queer desire and persistence. Her feminist and queer readings reveal the entangled relationships between film sexuality Buddhist ideas and the Thai state's regulation of heteronormative sexuality. Fuhrmann thereby provides insights into the configuration of contemporary Thailand while opening up new possibilities for thinking about queer personhood and femininity.
