Lower Alabama Bigfoot Ashley R. McPhaul, 2022-01-31 In two neighboring Alabama counties each with several sleepy communities hunters are being run out of the swamps farmers are having their livestock threatened and mauled and locals are hearing unearthly screams and howls To have so many reports from one small area seems unusual but that s what is happening in lower Alabama This book is a journey into those reports What started with a roadside crossing that made the local newspaper and a local radio station morning show quickly escalated into Evergreen being named the Bigfoot Capital of Alabama People have started talking about their own experiences and no one including the author could have foreseen all the stories that were out there There are Bigfoot reports from all over the world and there have been many movies and books written The uniqueness of this book is that most of the terrifying stories are within 30 miles of each other Many are within 10 miles Bigfoot is no longer just a myth in lower Alabama

Eyewitness to the Fetterman Fight John H. Monnett, 2017-03-16 The Fetterman Fight ranks among the most crushing defeats suffered by the U S Army in the nineteenth century West On December 21 1866 during Red Cloud's War 1866 1868 a well organized force of 1 500 to 2 000 Oglala Lakota Northern Cheyenne and Arapaho warriors annihilated a detachment of seventy nine infantry and cavalry

soldiers among them Captain William Judd Fetterman and two civilian contractors With no survivors on the U S side the only eyewitness accounts of the battle came from Lakota and Cheyenne participants In Eyewitness to the Fetterman Fight award winning historian John H Monnett presents these Native views drawn from previously published sources as well as newly discovered interviews with Oglala and Cheyenne warriors and leaders Supplemented with archaeological evidence these narratives flesh out historical understanding of Red Cloud s War Climate change in the mid nineteenth century made the resource rich Powder River Country in today s Wyoming increasingly important to Plains Indians At the same time the discovery of gold in Montana encouraged prospectors to pass through the Powder River region on their way north and so the U S Army began to construct new forts along the Bozeman Trail In the resulting conflict the Lakotas and Cheyennes defended their hunting ranges and trade routes Traditional histories have laid the blame for Fetterman s 1866 defeat and death on his incompetent leadership and thus implied that the Indian alliance succeeded only because of Fetterman s personal failings Monnett s sources paint another picture Narratives like those of Miniconjou Lakota warrior White Bull suggest that Fetterman s actions were not seen as rash or reprehensible until after the fact Nor did his men flee the field in panic Rather they fought bravely to the end The Indians for their part used their knowledge of the terrain to carefully plan and execute an ambush ensuring them victory Critical to understanding the nuances of Plains Indian strategy and tactics the firsthand narratives in Eyewitness to the Fetterman Fight reveal the true nature of this Native victory against regular army forces
