Vietnam and America Marvin E. Gettleman,1995 No single event since World War II has marked this country's foreign policy and national image as deeply as did the war in Vietnam Vietnam and America is a complete history of the war as documented in essays by leading experts and in original source material With generous selections from the documentary records the book dispels distortions and illuminates in depth the many facets of the war from Vietnam's history before the war to Washington's insider policy making to troop perspectives to the impact back on the home front In essays introducing each major stage of the war the editors elucidate the issues foreign policy choices and consequences of U S involvement Substantial headnotes put each document in historical perspective This comprehensive anthology is an invaluable reference for anyone who wants to understand the Vietnam War      A War of Logistics Charles R. Shrader,2015-10-23 Following the French reoccupation of Indochina at the end of World War II the pro Communist Vietnamese nationalists or Viet Minh launched a grassroots insurgency that erupted into a full fledged war in 1949 After nearly ten years of savage combat the western world was stunned when Viet Minh forces decisively defeated the French Union army at the battle of Dien Bien Phu in May 1954 Logistics dominated every aspect of the First Indochina War dictating the objectives the organization of forces the timing and duration of the operations and even the final outcome In A War of Logistics Charles R Shrader meticulously examines both French Union and Viet Minh logistical units during the period of active conventional warfare as well as external support provided to the French by the United States and to the Vietnamese by China Although the Vietnamese had few advantages over their opponents their military leaders brilliantly employed a highly committed network of soldiers and civilians outfitted to accommodate the challenging terrain on which they fought Drawing on extensive research such as declassified intelligence documents the reports of French participants and accounts by Viet Minh leaders including Vo Nguyen Giap and Ho Chi Minh A War of Logistics provides in depth coverage of the often ignored but critically important topic of logistics in modern military campaigns      *Strategy and Tactics of World Communism* United States. Congress. Senate. Committee on the Judiciary,1955      **Strategy and Tactics of World Communism** United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws,1955 Investigates statements in Harvey M Matusow's book False Witness that he repeatedly gave false information while acting as an informant for congressional committees investigating communist activities      **India, China, and the World** Tansen Sen,2017-09-15 This pathbreaking study provides the first comprehensive examination of India China interactions in the broader contexts of Asian and world history By focusing on material exchanges transmissions of knowledge and technologies networks of exchange during the colonial period and little known facets of interactions between the Republic of India and the People's Republic of China Tansen Sen argues convincingly that the analysis of India

China connections must extend beyond the traditional frameworks of nation states or bilateralism. Instead, he demonstrates that a wide canvas of space, people, objects, and timeframe is needed to fully comprehend the interactions between India and China in the past and during the contemporary period. Considering as well the contributions of people and groups from beyond India and China, Sen also explores the interactions between Indians and Chinese outside the Asian continent. The author's formidable array of sources pulled from archives and libraries around the world range from Chinese travel accounts to Indian intelligence reports. Examining the connected histories of the two regions, Sen fills a striking gap in the study of India and China in a global setting. *Adult Catalog: Subjects* Los Angeles County Public Library, 1970

**The Third Indochina War** Odd Arne Westad, Sophie Quinn-Judge, 2006-09-27 This book is the first international history of the Third Indochina War and features contributors from many different countries and scholarly traditions. *The Vietnam Lobby* Joseph G. Morgan, 2000-11-09 Established in 1955 as a private advocacy group, the American Friends of Vietnam worked to influence U.S. attitudes and policies toward Vietnam for nearly two decades. AFV members wrote articles, gave speeches, sponsored aid drives, and forged ties with journalists, academics, and government officials in an effort to generate American assistance for South Vietnam. In *The Vietnam Lobby*, Joseph Morgan shifts the focus away from the much-examined antiwar demonstrations that took place in America to concentrate instead on the actions of those who endorsed U.S. intervention in Vietnam. Drawing on a wide range of documentary sources, Morgan presents a comprehensive study of the AFV and its activities. He traces the group's establishment and growth, examines its internal organization and politics, and ultimately evaluates its effectiveness in guiding government policy and public opinion. Morgan also assesses the charges of antiwar critics who claimed the AFV exerted an excessive, perhaps disastrous, influence in shaping America's Vietnam policy. Finally, he offers insights into the thinking of those who believed that the United States had the unique ability, even the obligation, to help shape Vietnam's future.
