Ezra Pound A Close Up:

Ezra Pound Michael Reck,1968 **The New Ezra Pound Studies** Mark Byron,2020 Essays on recent developments in Pound scholarship and research including newly available primary sources and methodological advances in cognate fields

Ezra Pound John Tytell,2013-02-06 Unlike other biographical portraits of Ezra Pound John Tytell's brilliant and ambitious work offers an interpretive study that boldly confronts the emotional truths and psychological drama that formed this complex and controversial American poet Neither an apology nor a condemnation it presents instead a meticulous exploration into the mind and vision of a man who galvanized a generation and challenged an entire literary and world establishment Although he enjoyed little fame in his lifetime Pound's notoriety and influence were enormous as he arrogantly slashed away at convention and almost single handedly brought about the twentieth century revolution in poetry known as modernism Ultimately outrage and scandal turned his art to madness and Pound's last years saw him fall tragically silent

Hemingway's Art of Revision John Beall,2024-05 In Hemingway's Art of Revision The Making of the Short Fiction John Beall examines in close detail two of the author's vignettes from the first version of *In Our Time* and ten of his short stories with an extensive focus on manuscripts and typescripts as part of a broader examination of how Ernest Hemingway crafted his distinctive prose through a rigorous process of revision The first three chapters discuss the influence of Hemingway's three most important modernist mentors Ezra Pound James Joyce and Gertrude Stein The first chapter focuses on Pound's influence as the editor of the *Inquest* Series of which Hemingway's *In Our Time* was the final publication The second chapter examines the affinities between Joyce's *The Sisters* and Hemingway's *Indian Camp* In particular Beall develops the case for Joyce's influence on Hemingway's decision to revise the story to maintain the reader's focus on young Nick Adams's point of view in his first encounter with death Chapter three explores Hemingway's revisions of *Cat in the Rain* as reflecting the influence of Stein's novellas and sketches as well as that of Joyce's stories and novels The remaining chapters delve into the artistry of Hemingway's extensive revisions in later masterpieces from *Big Two Hearted River* to *Fathers and Sons* Beall's discussion of *Big Two Hearted River* shows that Hemingway's revisions were not simply cuts and omissions but included several paragraphs that he added to slow down the narrative and represent Nick Adams's careful observations of a kingfisher and trout as he watched their shadows on the river The chapter on *The Battler* and *The Killers* explores the extent to which Hemingway's revisions brought racial conflicts to the forefront of each story and portrayed Bugs and Sam as guides for Nick Adams A subsequent reading of the story *Now I Lay Me* shows that in rewriting the story Hemingway developed his portrait of Nick Adams as a writer making up imaginary rivers to cope with the traumas of childhood and war A chapter on *A Way You'll Never Be* focuses on how Hemingway's revisions developed crucial story elements including Nick's interior monologues manic lecture about grasshoppers and wacky sense of humor that showed the character restoring a sense of emotional balance despite his memories of being wounded in World War I Subsequent chapters on *Fathers and Sons* *Indian*

Camp Hills Like White Elephants The Gambler the Nun and the Radio and the concluding chapter in part focused on drafts of The Snows of Kilimanjaro offer new discussions of the author's process of revision based on his manuscripts and typescripts published in the Hemingway Library Edition In the end by drawing attention to the meticulous edits additions and deletions that helped shape these texts Beall reveals how extensively and richly Hemingway revised his drafts while composing some of his most powerful short fiction Hemingway's Art of Revision gives a detailed view of a great prose stylist at work

Robert Lowell's Imitations and the Cold War Simon van Schalkwyk, 2025-08-07 The first book length study focusing on Robert Lowell's career long preoccupation with the liberal mode of translational adaptation known as imitation Robert Lowell's Imitations and the Cold War argues that Lowell's imitations are simultaneously symptomatic of and critically responsive to familiar nodes of Cold War ideology such as containment and contamination secrecy and security post imperial U.S. expansion and Empire It departs from studies focused solely on Imitations 1961 Lowell's book length collection of translational adaptations by demonstrating how imitation shadows Lowell's work from his earliest collections Land of Unlikeness 1944 and Lord Weary's Castle 1946 through his celebrated mid-career collections Life Studies 1959 and For the Union Dead 1964 and to later works such as Near the Ocean 1969 and his contributions of adaptations from the Russian of Anna Akhmatova and Osip Mandelstam collected in Olga Carlisle's anthology Poets on Street Corners 1967 Simon van Schalkwyk excavates the imitational substrate undergirding and informing Lowell's compositional method and poetic imagination throughout the course of his career In so doing he shows how imitation enacts at the level of form Lowell's restless investment in Cold War geopolitics and literary networks in ways that inform develop and complicate his more conventional canonization as an unquestionably American poet preoccupied solely and simplistically with personal or autobiographical modes of poetic confession As literary sites at which containment's dualities porosities leakages and contaminants are most clearly displayed Lowell's imitations simultaneously challenge and develop our understanding of confession's presumably strict preoccupation

with the personal regional and national frameworks through which Lowell has commonly been understood **Global Literary Criticism** Hongxin Jiang, 2022-09-30 This timely book offers uplifting examples of major figures in Chinese and Western civilization from ancient to modern times who learned from and influenced each other Rather than emphasizing cultural differences this inspiring text highlights successful dialogue commonalities and mutual influences in this regard Readers familiar with the Western canon will discover surprising influences of China on well known Anglosphere writers and critics Drawing on an expansive range of periods in the East and West from classical to contemporary times it is a tour de force of theoretical range and practical impact Starting with Confucius and Socrates the chapters move chronologically on to address such major figures in Eastern writing as Zhuangzi Qian Zhongshu and Zhang Longxi and Western figures including T S Eliot Ezra Pound William Empson Nietzsche and Fredric Jameson The book will appeal to scholars and students at all educational levels as well as the general public interested in understanding past and current East West cultural relations

Shredding the Tapestry of Meaning John Solt, 1999 Kitasono Katue was a leading avant garde literary figure first in Japan and then throughout the world from the 1920s to the 1970s In his long career Kitasono was instrumental in creating Japanese language work influenced by futurism dadaism and surrealism before World War II and in contributing a Japanese voice to the international avant garde movement after the war This critical biography of Kitasono examines the life poetry and poetics of this controversial and flamboyant figure including his wartime support of the Japanese state Using Kitasono as a window on Japanese literature in the twentieth century John Solt analyzes the relationship of Japanese writers to foreign literary movements and the influence of Japanese writers on world literature
