Ray Morton, 2011-08-01 Limelight A Hard Day's Night Music on Film Series is the story of the making of the greatest rock and roll movie of all time Beginning with introductions to the film's stars chronicling their rise from a raggedy teenage skiffle band to the biggest pop act in the world the book goes on to tell how the American film company United Artists wanted to make a quick low budget movie starring the Fab Four so its record division could put out a motion picture soundtrack album full of new Beatles songs in order to allow the studio to cash in on the incredible wave of Beatlemania then sweeping the

planet Director Richard Lester producer Walter Shenson and screenwriter Alun Owen were hired to churn out just another cheap exploitation film but instead used the opportunity to create a startlingly fresh and original movie that broke new ground both in subject matter instead of simply following genre tradition and sticking the band in some corny made up plot they had the Beatles play themselves in a narrative based on their own incredible real life experiences and in form Lester's inspired surrealist approach to the film's musical numbers kicked off the entire music video revolution Covered is the film's frantic six week shoot the lively recording sessions that resulted in seven great new Beatles songs and how both the film and the album met with great critical and popular success

Beatlemania André Millard, 2021-04-27 This look at how changes in the music industry made the Fab Four phenomenon possible presents a different interpretation of a much studied topic Essays in Economic and Business History In this unique study Andr Millard argues that despite the Beatles indisputable skill they would not have attained the same global recognition or been as influential without the convergence of significant developments in the way music was produced recorded sold and consumed As the Second Industrial Revolution hit full swing and baby boomers came of age the reel to reel recorder and other technological advances sped the evolution of the music business Musicians recording studios and record labels and music fans used and interacted with music making and playing technology in new ways Higher quality machines made listening to records and the radio an experience that one could easily share with others even if they weren't in the same physical space At the same time an increase in cross Atlantic commerce especially of entertainment products led to a freer exchange of ideas and styles of expression notably among the middle and lower classes in the U S and the UK At that point Millard argues the Beatles rode their remarkable musicianship and cultural savvy to an unprecedented bond with their fans and spawned Beatlemania Lively and insightful Beatlemania offers a deeper understanding the days of the Fab Four and the band's long term effects on the business and culture of pop music
