When Portugal's colonial rule in Angola ended in 1974 three liberation groups UNITA National Union for the Total Independence of Angola FNLA National Front for the Liberation of Angola and MPLA Popular Movement for the Liberation of Angola agreed to a tripartite movement for the fledgling nation Conflicts quickly arose and the MPLA with Cuban and Soviet assistance drove its rivals from the capital instigating a civil war which continues into three periods 1975 1991 1992 94 and 1998 2002 This volume covers the first period focusing on the political history of the UNITA movement and its struggles with the MPLA The Angolan civil war was the product of personal jealousies contrasting ideologies and ethnic animosities From its inception the conflict between UNITA and Angola's Marxist government was an international affair involving the U S the USSR China and many African states W Martin James III who wrote his book near the close of the first period of civil war contends that despite Gorbachev's new thinking and talk of peaceful solutions to regional conflicts Soviet policy toward Angola marked a reversion to the Brezhnev Doctrine The biggest MPLA Cuban offenses occurred during Gorbachev's tenure with Soviet advisers at the brigade level directing an MPLA offensive American policy toward Angola is also examined here This is the first book to emphasize the dynamic role of UNITA in the Angolan liberation movement James acknowledges that the importance of foreign powers in guaranteeing a government of national reconciliation Just as important are strategies of compromise requiring trust in a political context where it is violated and submission for the common good where defiance is a remnant of the colonial past Foreign policy analysts African area specialists and scholars of post colonial history find this volume indispensable

[Death by Government](#)

R. J. Rummel,1997-01-01 This is R J Rummel's fourth book in a series devoted to genocide and government mass murder or what he calls democide He presents the primary results in tables and figures as well as a historical sketch of the major cases of democide those in which one million or more people were killed by a regime In *Death by Government* Rummel does not aim to describe democide itself but to determine its nature and scope in order to test the theory that democracies are inherently nonviolent Rummel discusses genocide in China Nazi Germany Japan Cambodia Turkey Yugoslavia Poland the Soviet Union and Pakistan He also writes about areas of suspected genocide North Korea Mexico and feudal Russia His results clearly and decisively show that democracies commit less democide than other regimes The underlying principle is that the less freedom people have the greater the violence the more freedom the less the violence Thus as Rummel says The problem is power The solution is democracy The course of action is to foster freedom *Death by Government* is a compelling look at the horrors that occur in modern societies It depicts how democide has been very much a part of human history Among other examples the book includes the massacre of Europeans during the Thirty Years War the relatively unknown

genocide of the French Revolution and the slaughtering of American Indians by colonists in the New World This riveting account is an essential tool for historians political scientists and scholars interested in the study of genocide Angolan War of Liberation Al J. Venter,2018-10-30 When a large group of rebels invaded Angola from a recently independent Congo in 1961 it heralded the opening shots in another African war of independence Between 1961 and 1974 Portugal faced the extremely ambitious task of conducting three simultaneous counterinsurgency campaigns to preserve its hegemony of Angola Portuguese Guinea and Mozambique While other European states were falling over themselves in granting independence to their African possessions Portugal chose to stay and fight despite the odds against success That it did so successfully for thirteen years in a distant multi fronted war remains a remarkable achievement particularly for a nation of such modest resources For example in Angola the Portuguese had a tiny air force of possibly a dozen transport planes a squadron or two of F 86s and perhaps twenty helicopters and that in a remote African country twice the size of Texas Portugal proved that such a war can be won In Angola victory was complete However the political leadership proved weak and irresolute and this encouraged communist elements within the military to stage a coup in April 1974 and lead a capitulation to the insurgent movements squandering the hard won military and social gains and abandoning Portugals African citizens to generations of civil war and destitution

**Photography in Portuguese Colonial Africa, 1860-1975** Filipa Lowndes Vicente,Afonso Dias Ramos,2023-08-31 This edited collection presents the first critical and historical overview of photography in Portuguese colonial Africa to an English speaking audience Photography in Portuguese Colonial Africa 1860 1975 brings together sixteen scholars from interdisciplinary fields as varied as history anthropology art history visual culture and museum studies to consider some of the key aspects in the visual representation of the longest lasting European colonial empire in the African continent The chapters span over two centuries and cover five formerly colonial territories Angola Cabo Verde Guinea Bissau Mozambique and S o Tom and Pr ncipe deploying a range of methodologies to explore the multiple meanings and the contested uses of the photographic image across the realms of politics science culture and war This book responds to a marked surge of international interest in the relationship between photography and colonialism which has hitherto largely overlooked the Portuguese imperial context by delivering the most recent scholarly findings to a broad readership

*The Missing Girls and Women of China, Hong Kong and Taiwan* Hua-Lun Huang,2014-01-10 In the past century tens of millions of women and girls have disappeared in China Hong Kong and Taiwan There are many reasons the women variously were sold as foreign spouses imprisoned for their political beliefs taken to night clubs or massage parlors to work as escorts provided as comfort women to soldiers or murdered by female corpse dealers and sold as ghost brides to families looking to give their deceased sons wives in the afterlife The youngest girls fell victim to infanticide the tragic result of a one child law in a male dominated society As a result of the gender imbalance these disappearances created countless young males now suffer from the marriage squeeze remaining single without families of their own This sociological study explores the institutional factors

develops a typology for these populations and lays a foundation for the examination of lost populations in the future
