Dimensions of the Fantastic Daniel Ferreras Savoye, 2023-05-29 Not to be confused with fantasy or the supernatural the fantastic is in actuality its own beast and perhaps the most deeply frightening of all narrative modes From Dracula and Nightmare on Elm Street to Carrie and Them the fantastic has become an ideal vehicle to denounce deep cultural dysfunctions that affect not only the way we understand reality but also how we construct it This work studies the various dimensions of the fantastic mode examining the influences of iconic authors such as H P Lovecraft and Jean Ray and addressing key narrations such as Guy de Maupassant's The Horla and Jordan Peele's Get Out It explains why the fantastic is not about ghosts or monsters but about the incomprehensible sides of our own reality and the terrifying unknown

Space and the Postmodern Fantastic in Contemporary Literature Patricia Garcia, 2015-04-24 Arising from the philosophical conviction that our sense of space plays a direct role in our apprehension and construction of reality both factual and fictional this book investigates how conceptions of postmodern space have transformed the history of the impossible in literature Deeply influenced by the work of Jorge Luis Borges and Julio Cortázar there has been an unprecedented rise in the number of fantastic texts in which the impossible is bound to space space not as scene of action but as impossible element performing a fantastic transgression within the storyworld This book conceptualizes and contextualizes this postmodern fantastic use of space that disrupts the reader's comfortable notion of space as objective reality in favor of the concept of space as socially mediated constructed and conventional In an illustration of the transnational nature of this phenomenon García analyzes a varied corpus of the Fantastic in the past four decades from different cultures and languages merging literary analysis with classical questions of space related to the fields of philosophy urban studies and anthropology Texts include authors such as Julio Cortázar Argentina John Barth USA J G Ballard UK Jacques Sternberg Belgium Fernando Iwasaki Per Juan José Millás Spain and Ric Faye France This book contributes to Literary Theory and Comparative Literature in the areas of the Fantastic narratology and Geocriticism and informs the continuing interdisciplinary debate on how human beings make sense of space
