of unilateral space dominance that may lead to an arms race in space and possibly to another cold war The 1967 Outer Space Treaty designated space as the province of all mankind It expressly prohibited nuclear and non nuclear weapons of mass destruction in orbital space and exclusively limited the use of the Moon and other celestial bodies for peaceful purposes But changes in the post Cold War world as well as unforeseeable advances in satellite and weapons technologies have compelled every space faring nation save the U S and Israel to go on record as favoring a new treaty for the Prevention of an Arms Race in Outer Space In Twilight War The Folly of U S Space Dominance Mike Moore former editor of The Bulletin of the Atomic Scientists argues that the U S merely provokes conflict when it presumes to be the exception to the rule Rejecting treaty negotiations while further militarizing space renders America unable to lead by example Moore concludes that instead of trying to stop an arms race in space by starting one the U S must radically rethink its strategy Kirinya Ian McDonald,2013-12-11 The end of the universe happened at around ten o'clock at night on 22 December 2032 It's just that humanity hasn't realized it yet And the Chaga the strange flora deposited from the stars is still busy terraforming the tropics into someone else's terra Gaby McAslan was once a hungry news reporter who compromised her relationship with UNECTA researcher Dr Shepard for the sake of her story but Gaby is no longer a journalist and she doesn't want to be a full time mother even though her child Serena is her last link with Shepard Gaby's fire has gone out she's gone soft But the massive political and military upheavals rocking the world are about to drag her back into the action REVIEWS This is a huge and ambitious novel the work of a supremely talented writer approaching the top of his game SFX So outstanding a writer that he deserves reading beyond the science fantasy market He has such marvellous talent so vivid an imagination His prose sings and zings simultaneously The Times
