Family and Social Policy in Japan Roger Goodman, 2002-11-26 Table of contents *Care Ethics and Social Structures in Medicine* Ruth E. Groenhout, 2018-10-26 This book examines the central structures in medicine medical knowledge economics technological innovation and medical authority from the perspective of an ethics of care The author analyzes each of these structures in detail before considering the challenges they present to end of life care The perspective of an ethics of care allows for a careful focus on how these structures affect the capacity of the health care system to provide the care patients need on the impact they have on the relationships between patients and care givers and on how they affect the care givers in terms of their own sense of identity and capacity for care This book offers one of the first focused discussions of an ethics of care across a wide range of social issues and structures in contemporary medicine It will be of keen interest to advanced students and scholars in bioethics and health care ethics who are interested in these important issues

Routledge Handbook of Cultural Gerontology Julia Twigg, Wendy Martin, 2015-06-12 Later years are changing under the impact of demographic

social and cultural shifts No longer confined to the sphere of social welfare they are now studied within a wider cultural framework that encompasses new experiences and new modes of being Drawing on influences from the arts and humanities and deploying diverse methodologies visual literary spatial and theoretical perspectives Cultural Gerontology has brought new aspects of later life into view This major new publication draws together these currents including Theory and Methods Embodiment Identities and Social Relationships Consumption and Leisure and Time and Space Based on specially commissioned chapters by leading international authors the Routledge Handbook of Cultural Gerontology will provide concise authoritative reviews of the key debates and themes shaping this exciting new field *Essentials of Teaching and Learning in Nursing Ethics* Anne Davis, Verena Tschudin, Louise Tew, 2006-02-24 This title is directed primarily towards health care professionals outside of the United States This book aims to fill a gap with an in depth exploration of nursing ethics content from the western philosophical tradition and some of the methods used in teaching this content It addresses cross cultural issues in using specific ethics content It also reveals the poverty of the present dualism model in nursing ethics and replace this with a more complex and more useful model that invites debate Its scope is both wide and deep but that is needed to enrich the basis for teaching nursing ethics Outlines and critiques all current ethical theories and considers their application to nursing practice Explores ethical issues in numerous cultures Includes case studies drawn from a range of countries Written by leading nurse educators and philosophers in the field **Care Poverty and Unmet Needs** Teppo Kröger, Nicola Brimblecombe, Ricardo Rodrigues, Kirstein Rummery, 2025-05-23 Available open access digitally under CC BY NC ND licence As populations age around the world there is an urgent need to address the inadequate and unequal provision of care and support to older and disabled people This book represents the first collective effort to use the concept of care poverty to analyse unmet needs and inequalities in care at an international level and from a social policy perspective It presents pioneering empirical studies and novel theoretical and methodological approaches to unmet needs and care poverty This volume points the way forward for international care research and in particular for the growing field of research on inadequate care and support **Care in Everyday Life** Marian Barnes, 2012 In this wide ranging book Marian Barnes argues for care as an essential value in private lives and public policies considering the importance of care to well being and social justice and applying insights from feminist care ethics to care work and care within personal relationships The Patient Multiple Jonathan Tae, 2017-01-01 In the Himalayan Kingdom of Bhutan medical patients engage a variety of healing practices to seek cures for their ailments Patients use the expanding biomedical network and a growing number of traditional healthcare units while also seeking alternative practices such as shamanism and other religious healing or even more provocative practices The Patient Multiple delves into this healthcare complexity in the context of patients daily lives and decision making processes showing how these unique mountain cultures are finding new paths to good health among a changing and multifaceted medical topography **Caring and Social Justice** Marian Barnes, 2005-12-05 Care giving has

become a high profile issue in policy and practice yet much of the literature conceives it as burdensome or even oppressive Drawing extensively on real life examples of care giving relationships *Caring and Social Justice* reveals an uplifting alternative approach to caring that highlights its contribution to social cohesion and social justice It offers a clear overview of the literature including debates about an ethic of care and offers a thought provoking survey ideal for undergraduate and postgraduate study

Bioethics and Biopolitics in Israel Hagai Boas, Yael Hashiloni-Dolev, Nadav Davidovitch, Dani Filc, Shai J. Lavi, 2018-01-11 Although the Israeli case of bioethics has been well documented this book offers a novel understanding of Israeli bioethics that is a milestone in the comparative literature of bioethics Bringing together a range of experts the book's interdisciplinary structure employs a contemporary sociopolitical oriented approach to bioethics issues with an emphasis on empirical analysis that will appeal not only to scholars of bioethics but also to students of law medicine humanities and social sciences around the world Its focus on the development of bioethics in Israel makes it especially relevant to scholars of Israeli society both in and out of Israel as well as medical practitioners and health policymakers in Israel

Disability in Japan Carolyn S. Stevens, 2013 Disability and chronic illness represents a special kind of cultural diversity the other to normal able bodiedness Most studies of disability consider disability in North American or European contexts and studies of diversity in Japan consider ethnic and cultural diversity but not the differences arising from disability This book therefore breaks new ground both for scholars of disability studies and for Japanese studies scholars It charts the history and nature of disability in Japan discusses policy and law relating to disability examines caregiving and accessibility and explores how disability is viewed in Japan Throughout the book highlights the tension between individual responsibility and state intervention the issues concerning how care for disability is paid for and the special problem of how Japan is providing care for its large and increasing population of elderly people

A Caring Society? MICHAEL D. FINE, 2018-07-09 In the twenty first century characterized by population aging family fragmentation and the entry of women into the paid workforce caring has become a major public issue This book offers a comparative analysis of the sociology philosophy and emergent practices of care in the context of the political economy of post industrial societies

State Intimacies Eva Fiks, 2024-04-01 The public healthcare system in rural India is chronically under resourced It embodies and often perpetuates the wider politics of the Indian state towards its rural communities with provisions of care that are deeply entangled with violence and disgust For rural women such care deepens reproductive chronicity while providing temporary relief Grounded in women's everyday realities and experiences in sterilization camps and other healthcare settings in rural Rajasthan *State Intimacies* examines the mundane workings ambiguities and fragilities of care in post colonial rural North India

Encyclopedia of Medical Anthropology Carol R. Ember, Melvin Ember, 2003-12-31 Medical practitioners and the ordinary citizen are becoming more aware that we

need to understand cultural variation in medical belief and practice The more we know how health and disease are managed in different cultures the more we can recognize what is culture bound in our own medical belief and practice The Encyclopedia of Medical Anthropology is unique because it is the first reference work to describe the cultural practices relevant to health in the world s cultures and to provide an overview of important topics in medical anthropology No other single reference work comes close to matching the depth and breadth of information on the varying cultural background of health and illness around the world More than 100 experts anthropologists and other social scientists have contributed their firsthand experience of medical cultures from around the world *The Gene, the Clinic, and the Family* Joanna

Latimer,2013-07-04 While some theorists argue that medicine is caught in a relentless process of geneticization and others offer a thesis of biomedicalization there is still little research that explores how these effects are accomplished in practice Joanna Latimer whose groundbreaking ethnography on acute medicine gave us the social science classic *The Conduct of Care* moves her focus from the bedside to the clinic in this in depth study of genetic medicine Against current thinking that proselytises the rise of laboratory science Professor Latimer shows how the genetic clinic is at the heart of the revolution in the new genetics Tracing how work on the abnormal in an embryonic genetic science dysmorphology is changing our thinking about the normal *The Gene the Clinic and the Family* charts new understandings about family procreation and choice Far from medicine experiencing the much proclaimed death of the clinic this book shows how medicine is both reasserting its status as a science and revitalising its dominance over society not only for now but for societies in the future This book will appeal to students scholars and professionals interested in medical sociology science and technology studies the anthropology of science medical science and genetics as well as genetic counselling **The Routledge Companion to**

Actor-Network Theory Anders Blok,Ignacio Farias,Celia Roberts,2019-06-17 This companion explores ANT as an intellectual practice tracking its movements and engagements with a wide range of other academic and activist projects Showcasing the work of a diverse set of second generation ANT scholars from around the world it highlights the exciting depth and breadth of contemporary ANT and its future possibilities The companion has 38 chapters each answering a key question about ANT and its capacities Early chapters explore ANT as an intellectual practice and highlight ANT s dialogues with other fields and key theorists Others open critical provocative discussions of its limitations Later sections explore how ANT has been developed in a range of social scientific fields and how it has been used to explore a wide range of scales and sites Chapters in the final section discuss ANT s involvement in real world endeavours such as disability and environmental activism and even running a Chilean hospital Each chapter contains an overview of relevant work and introduces original examples and ideas from the authors recent research The chapters orient readers in rich complex fields and can be read in any order or combination Throughout the volume authors mobilise ANT to explore and account for a range of exciting case studies from wheelchair activism to parliamentary decision making from racial profiling to energy consumption monitoring

from queer sex to Korean cities A comprehensive introduction by the editors explores the significance of ANT more broadly and provides an overview of the volume The Routledge Companion to Actor Network Theory will be an inspiring and lively companion to academics and advanced undergraduates and postgraduates from across many disciplines across the social sciences including Sociology Geography Politics and Urban Studies Environmental Studies and STS and anyone wishing to engage with ANT to understand what it has already been used to do and to imagine what it might do in the future

Anthropological Practice Judith Okely, 2013-05-09 Anthropologists are increasingly pressurised to formulate field methods for teaching Unlike many hypothesis driven ethnographic texts this book is designed with the specific needs of the anthropology student and field researcher in mind with particular emphasis on the core anthropological method long term participant observation *Anthropological Practice* explores fieldwork experiences unique to anthropology and provides the context by which to explain and develop practice based and open ended methodology It draws on dialogues with over twenty established and younger anthropologists whose fieldwork spans the late 1960s to the present day taking place in locations as diverse as Europe India Malaysia Indonesia Africa Iran Afghanistan North and South America Revealing first hand and hitherto unrecorded aspects of fieldwork *Anthropological Practice* provides critical systematic ways to enhance anthropological and alternative knowledge It is an essential text for anthropology students and researchers and for all disciplines concerned with ethnography Interviewees include Paul Clough Roy Gigengack Louise de la Gorgendi re Suzette Heald Michael Herzfeld Signe Howell Felicia Hughes Freeland Ignacy Marek Kaminski Margaret Kenna Raquel Alonso Lopez Malcolm Mcleod Brian Morris H l ne Neveu Kringelbach Akira Okazaki Joanna Overing Jonathan Parry Carol Silverman Mohammad Talib Nancy Lindisfarne Tapper Sue Wright Helena Wulff Joseba Zulaika *Journeys in Narrative Inquiry* D Jean Clandinin, 2019-09-20 Organized around a metaphor of an academic journey D Jean Clandinin offers published tracings of an unfolding journey over 40 years that at its outset appeared to focus only on questions of epistemology However the book illuminates how that apparent beginning focus shape shifted to questions of methodology ethics ontology and subsequently political concerns Clandinin shows that even at the outset her research wonders were grounded in relational understandings of experience understandings that were simultaneously ontological methodological epistemological and ethical Jean s work is collaborative an engagement alongside others and within the contexts in which they and she lived and worked including those who were participants in the research She continues to acknowledge that narrative inquiry changes people s ways of being in the world and those changes have ethical significance While what she and her colleagues now call relational ethics has always been central recently her sense of ethics has become more explicitly political She shows the development of ideas over time beginning as she entered doctoral work and continuing through 2019 and onward Jean s work centered on relational understandings of experience highlights ethical dimensions and has come to define narrative understandings for generations of researchers This book will be an invaluable resource for researchers and graduate

students and professional researchers in both educational and healthcare settings
