Mystics in the Street Renaldo Fischer, 1999-01-19 *Mystics in the Street* is a fictional Care of the Soul Carlos Dante is a modern medicine man in the role of a burnt out psychotherapist His message is two fold On one hand this is a time in human history in which we have a vast amount of information available to us about the soul spirit and body its wounds and potential for healing On the other we have never felt less certain about what to do with all that information much

less the latest medication although we've read the top non-fiction literature and the newsworthy medical reports. *Mystics in the Street* tells a story that suggests a path with heart through the Information Age. It shares a way to bypass the news reports, radio ads, and blurry TV screens. It's modern fishes and loaves: A way of mastery for people where just one word, a poem, or a sunrise can become food serving many. *The Season of Migration* Nellie Hermann, 2015-01-06. The lyrically told story of one of the world's greatest artists finding his true calling. Though Vincent van Gogh is one of the most popular painters of all time, we know very little about a ten-month period in the painter's youth when he and his brother Theo broke off all contact. In *The Season of Migration*, Nellie Hermann conjures this period in a profoundly imaginative, original, and heartbreaking vision of Van Gogh's early years before he became the artist we know today. In December 1878, Vincent van Gogh arrives in the coal-mining village of Petit Wasmes in the Borinage region of Belgium, a blasted and hopeless landscape of hovels and slag heaps and mining machinery. Not yet the artist he is destined to become, Vincent arrives as an ersatz preacher, barely sanctioned by church authorities but ordained in his own mind and heart by a desperate and mistaken spiritual vocation. But what Vincent experiences in the Borinage will change him. Coming to preach a useless gospel, he thought he knew and believed he learns about love, suffering, and beauty, ultimately coming to see the world anew and finding the divine not in religion but in our fallen human world. In startlingly beautiful and powerful language, Hermann transforms our understanding of Van Gogh and the redemptive power of art. *Me, Cat, and Others in the Street* Ron S. King, 2010-09-25. This is a story about a man and a cat which mysteriously turns up in a cardboard box on his doorstep. What happens next is a continuous tale of fun and of characters of the Street who create havoc in the man's life. This story is narrated in a most humorous way and will give hours of fun and contains many humorous pictures. **Wellbeing: A Complete Reference Guide, Wellbeing and the Environment** Rachel Cooper, Elizabeth Burton, Cary Cooper, 2014-03-24. The Logic of Life Tim Harford,2009-02-24 In *The Logic of Life* bestselling author Tim Harford quite simply makes sense of this world Life often seems to defy logic The receptionist is clearly smarter than the boss who earns fifty times her salary Arbitrary lines starkly divide the desirable districts of the city from the dangerous ones Voters flock to the polling booths to elect candidates who ll rip them off to favour special interests None of it makes logical sense or does it Economist and acclaimed author Tim Harford thinks it does By weaving stories from locations as diverse as a Vegas casino to a barroom speed date Harford aims to persuade you that people are in fact surprisingly logical When a street prostitute agrees to unprotected sex or a teenage criminal embarks on a burglary perhaps especially when a racist employer disregards a black job applicant we would seem to be a million miles from rational behaviour Harford shows that discomfitingly we are not It turns out that the unlikeliest of people are complying with the logic of economics and responding to future costs and benefits

often without realizing it and socially tragic outcomes can have their roots in individually rational decisions Brilliantly reasoned always entertaining and often provocative *The Logic of Life* is a book to help you understand yourself and the world around you
