After Memory Matthias Schwartz, Nina Weller, Heike Winkel, 2021-06-08 Even seventy five years after the end of World War II the commemorative cultures surrounding the War and the Holocaust in Central Eastern and South Eastern Europe are anything but fixed The fierce debates on how to deal with the past among the newly constituted nation states in these regions have already received much attention by scholars in cultural and memory studies The present volume posits that literature as a medium can help us understand the shifting attitudes towards World War II and the Holocaust in post Communist Europe in recent years These shifts point to new commemorative cultures shaping up after memory Contemporary literary representations of World War II and the Holocaust in Eastern Europe do not merely extend or replace older practices of remembrance and testimony but reflect on these now defunct or superseded narratives New narratives of remembrance are conditioned by a fundamentally new social and political context one that emerged from the devaluation of socialist commemorative rituals and as a response to the loss of private and family memory narratives The volume offers insights into the diverse literatures of Eastern Europe and their ways of depicting the area's contested heritage

World War II Memoirs Annette Salvesen, 2014-03-03 Annette More is just a teenager living in England when Europe becomes consumed with the violence of World War II. Annette is helpless when she learns that her mother Dorothy and step father Jackie are in Singapore when the Japanese invade. As the fighting intensifies in 1944, Annette finds herself drawn into the secret world of codes and cyphers of the now famous Bletchley Park Code and Cypher School in England. Tricia Goyer WWII Series: Includes 4 titles Tricia Goyer, 2006-07-01 This set includes all four books of the Tricia Goyer WWII series: *From Dust and Ashes*, *Night Song*, *Dawn of a Thousand Nights*, and *Arms of Deliverance*. In *From Dust and Ashes*, it is 1945 and a group of American soldiers liberate a Nazi concentration camp. Helene is the abandoned wife of an SS guard who has fled to avoid arrest. Overcome by guilt, she begins to help meet the needs of survivors. Throughout the process, she finds her own liberation from spiritual bondage, sin, and guilt. Readers will be intrigued and touched by this fascinating story of love, faithfulness, and courage amidst one of the darkest chapters of mankind's history. In *Night Song*, Tricia Goyer tells the little-known but true story of the orchestra started by prisoners in Hitler's Mauthausen death camp. This courageous orchestra played the American national anthem as Allied troops arrived to liberate the camps. Around the orchestra story, Tricia weaves the fictional stories of a beautiful member of the Austrian resistance, the American GI who loves her, and a young prisoner who fakes his way into the camp orchestra in a desperate attempt to stay alive. In *Dawn of a Thousand Nights*, readers journey with Dan Fletcher and Libby Conner, both U.S. pilots fighting in WWII's Pacific Theater. Fletcher is captured by the Japanese and is forced to endure the horror of the Bataan Death March in the Philippines. It is here that he encounters Natsu Hidiki, a guard whose nagging conscience won't let him ignore the human degradation in which he is participating. Libby Conner is a WASP Women's Air Force Service Pilot who ferries military planes between Hawaii and the South Pacific. By the time of the attack on Pearl Harbor, she has turned the head of Fletcher in no small way. Readers will be captivated by this tale of dignity and honor triumphing in the midst of a very dark time in history. In *Arms of Deliverance*, Mary and Lee have gone from best friends to competing WWII journalists, but a bombing raid gone wrong puts Mary's life at risk and sends Lee on a heroic rescue attempt through the fierce teeth of combat. Then, amidst an adventurous struggle for freedom, they uncover the story of the unspeakable Lebensborn atrocity. With equal doses of adrenaline and poignancy, Tricia Goyer's storytelling places readers not only behind enemy lines into the heat of battle but also deep into the innermost sanctuary of the human heart.

Memoirs of a Surgeon in World War II Kay Das, 2018-05-30 This collection of firsthand anecdotes is probably no different to many others from a war front World War II and others. There are definitely other published recollections of the same war fronts from different perspectives and nationalities. This work is however not

just a recollection of military history and facts These memoirs describe growing up training to become a doctor a love of poetry and music falling in love unexpectedly being sent to war and then returning to witness unabated cruelty in his native land These are recounted from the perspectives of a healer a surgeon Such experiences need to be brought to the attention of the reading world to emphasize the futility of war Many decades later humans continue to develop and build arms to annihilate fellow humans for reasons of ideology religion or definition of national boundaries The pain suffering and the ultimate sacrifice made by the souls that perished would be forgotten and would be futile were it not for publications of this genre We cannot forget It is estimated that over sixty million men and women military and civilian western and eastern fronts died in the War Indian military casualties are estimated at eighty eight thousand The US and Great Britain each lost around four hundred thousand souls World War II ended in 1945 but this story continues with his return to the Indian subcontinent where he experienced the painful and bloody partition of India and Pakistan as the British departed after centuries of colonial rule He continued to witness atrocities as humanity had seemingly not learnt from the war He describes seeing more pain and suffering now a full fledged surgeon in his homeland He and his young family escaped at the last minute to the Indian side of the border in 1947 by the skin of their teeth

Certain Victory: Images of World War II in the Japanese Media David C. Earhart, 2015-06-01 This unique window on history employs hundreds of images and written records from Japanese periodicals during World War II to trace the nation's transformation from a colorful cosmopolitan empire in 1937 to a bleak total war society facing imminent destruction in 1945 The author draws upon his extensive collection of Japanese wartime publications to reconstruct the government controlled media's narrative of the war's goals and progress thus providing a close up look at how the war was shown to Japanese on the home front Many of these visual and written sources are rare in Japan and were previously unavailable in the West Strikingly the narrative remains consistent and convincing from victory to retreat and even as defeat looms large Earhart's nuanced reading of Japan's wartime media depicts a nation waging war against the world and a government terrorizing its own people At once informed scholarly and readily accessible this lavishly illustrated volume offers an accurate representation of the official Japanese narrative of the war in contemporary terms The images are fresh and compelling revealing a forgotten world by turns familiar and alien beautiful and stark poignant and terrifying

The Imperial Quest and Modern Memory from Conrad to Greene Julia Rawa, 2013-11-05 The Imperial Quest and Modern Memory explores relationships between narrative and imperium in the context of Western Modernism by examining the Quest as a vexed trope in Heart of Darkness Passage to India The Sheltering Sky and The Quiet American The book takes stock of twentieth century theory regarding the Quest as archetype trope and construct considers the dominant expression and the imperial organization of this trope in Western culture and iconography from the Dark Ages to the Age of Empire explores the ways in which this trope both lingers and changes in the context of Western Modernism and finally gauges its permutations in Modern discourse The Imperial Quest and Modern Memory's central claim is that the Modern novel simultaneously reinscribes and subverts Western and imperial manifestations of the Quest Heart of Darkness Passage to India The Sheltering Sky and The Quiet American are remarkably Modern and subversive narratives They participate in the revolutionary projects of early and high Modernism and are often in marked opposition to imperial praxis Yet they are also profoundly influenced by the deep ideological and metaphoric structures of Western culture Thus the Quest trope specifically in its Western and imperial manifestations lingers in Modern Memory and certainly in the Modern novel This expansive study emphasizes intriguing intersections between past and present culture and archetype norm and narrative memory and contemporaneity
