Shakespeare and Marx Gabriel Egan, 2004-09-30 Marxist cultural theory underlies much teaching and research in university departments of literature and has played a crucial role in the development of recent theoretical work Feminism New Historicism cultural materialism postcolonial theory and queer theory all draw upon ideas about cultural production which can be traced to Marx and significantly each also has a special relation with Renaissance literary studies This book explores the past and continuing influence of Marx's ideas in work on Shakespeare Marx's ideas about cultural production and its relation to economic production are clearly explained together with the standard terminology and concepts such as base superstructure ideology commodity fetishism alienation and reification The influence

of Marx's ideas on the theory and practice of Shakespeare criticism and performance is traced from the Victorian age to the present day. The continuing importance of these ideas is illustrated via new Marxist readings of *King Lear*, *Hamlet*, *The Merchant of Venice*, *Timon of Athens*, *The Comedy of Errors*, *All's Well that Ends Well* and *The Winter's Tale*. **Emotional Excess on the Shakespearean Stage** Bridget Escolme, 2013-12-16 *Emotional Excess on the Shakespearean Stage* demonstrates the links made between excess of emotion and madness in the early modern period. It argues that the ways in which today's popular and theatrical cultures judge how much is too much can distort our understanding of early modern drama and theatre. It argues that permitting the excesses of the early modern drama onto the contemporary stage might free actors and audiences alike from assumptions that in order to engage with the drama of the past its characters must be just like us. The book deals with characters in the plays of Shakespeare and his contemporaries who are sad for too long or angry to the point of irrationality, people who laugh when they shouldn't or make their audiences do so, people whose selfhood has broken down into an excess of fragmentary extremes and who are labelled mad. It is about moments in the theatre when excessive emotion is rewarded and applauded and about moments when the expression of emotion is in excess of what is socially acceptable, embarrassing, shameful, unsettling or insane. The book explores the broader cultures of emotion that produce these theatrical moments and the theatre's role in regulating and extending the acceptable expression of emotion. It is concerned with the acting of excessive emotion and with acting emotion excessively. And it asks how these excesses are produced or erased, give pleasure or pain in versions of early modern drama in theatre, film and television today. Plays discussed include *Hamlet*, *Romeo and Juliet*, *The Spanish Tragedy*, *Twelfth Night*, *Much Ado About Nothing*, *Measure for Measure* and *Coriolanus*. *Antony and Cleopatra* Yashdip S. Bains, 2013-07-04 This volume is a comprehensive overview of scholarship on this play. It includes chapters on criticism, sources and background, textual studies, bibliographies, editions and translations. Also covered are the stage history and major productions of the play and films, music, television and adaptations and synopses. **Othello** Susan Snyder, 2015-04-10 Originally published in 1988, *Selections* here are organised chronologically, looking at both theatrical commentary and literary criticism. The organisation brings out the shifts in emphasis as each generation reinvents Shakespeare and *Othello* by the questions asked, those not asked and the answers given. Chapters cover the theme of heroic action, Iago's motivation, guilt and jealousy and obsession. Some entries from the world of theatre delve into the portrayal of the Moor, Desdemona and Iago from the 1940s on. Authors include A. C. Bradley, William Hazlitt, Ellen Terry, Konstantin Stanislavsky, Helen Gardner and Edward A. Snow. [Adapting King Lear for the Stage](#) Lynne Bradley, 2016-03-16 Questioning whether the impulse to adapt Shakespeare has changed over time, Lynne Bradley argues for restoring a sense of historicity to the study of adaptation. Bradley compares Nahum Tate's *History of King Lear* (1681), adaptations by David Garrick in the mid-eighteenth century and nineteenth-century Shakespeare burlesques to twentieth-century theatrical rewritings of *King Lear* and suggests latter-day adaptations should be viewed as a unique genre.

that allows playwrights to express modern subject positions with regard to their literary heritage while also participating in broader debates about art and society In identifying and relocating different adaptive gestures within this historical framework Bradley explores the link between the critical and the creative in the history of Shakespearean adaptation Focusing on works such as Gordon Bottomley's *King Lear's Wife* 1913 Edward Bond's *Lear* 1971 Howard Barker's *Seven Lears* 1989 and the Women's Theatre Group's *Lear's Daughters* 1987 Bradley theorizes that modern rewritings of Shakespeare constitute a new type of textual interaction based on a simultaneous double gesture of collaboration and rejection She suggests that this new interaction provides constituent groups such as the feminist collective who wrote *Lear's Daughters* a strategy to acknowledge their debt to Shakespeare while writing against the traditional and negative representations of femininity they see reflected in his plays
