## **Ezra Pound E La Scienza Scritti Inediti O Rari:**

**Ezra Pound E la Scienza** Ezra Pound, Maria Luisa Ardizzzone, 1987      **The Ezra Pound Encyclopedia** Demetres P. Tryphonopoulos, Stephen J. Adams, 2005-04-30 Ezra Pound forever changed the course of poetry The author of a vast body of literature his enormous range of references and use of multiple languages make him one of the most obscure authors and because of his Fascism anti Semitism and questionable sanity one of the most controversial This encyclopedia is a concise yet comprehensive guide to his life and writings Included are more than 250 alphabetically arranged entries on such topics as Arabic history Chinese translation dance Hilda Doolittle Egyptian literature Robert Frost and Pound s publications The entries are written by roughly 100 expert contributors and cite works for further reading Ezra Pound forever changed the course of poetry His vast body of poetry and critical works make him one of the 20th century s most prolific writers and his influence has shaped later poets great and small His enormous range of references deliberate obscurity and use of multiple languages make him one of the most difficult authors and because of his Fascism anti Semitism and questionable sanity one of the most controversial figures in American literary history This encyclopedia is a concise yet comprehensive guide to his life and writings      **Ezra Pound: Poet** A. David Moody, 2014-09-25 The long awaited second volume of A David Moody s critically acclaimed three part biography of Ezra Pound weaves together the illuminating story of his life his achievements as a poet and a composer and his one man crusade for economic justice The years 1921 1939 were the most productive of Pound s career In 1920s Paris he was among the leading figures of the avant garde and in that ambience he composed an opera made original contributions to the theory of harmony and wrote the first thirty cantos of his great epic Moody explores this creativity in fascinating detail examining the environment that allowed for some of Pound s greatest work This period also brought Pound s politics firmly into view and Moody is able to shed new light on his sympathy for Mussolini s Fascism his invoking Confucian China as a model of responsible government and his abiding commitment to the democratic values of the American Constitution Pound is revealed as a great poet and a flawed idealist caught up in the turmoil of his darkening time and struggling sometimes blindly and in error and self contradiction to be a force for enlightenment      **Ezra Pound and America** Jacqueline Kaye, 1992-06-10 This is a collection of essays on The Cantos by Poundian scholars of international standing Their wide variety of approaches to Pound contain much new material and raise fundamental issues for a more accurate and richer appreciation of Pound s work This collection brings together many contrasting and stimulating analyses of The Cantos and will be of interest to all who wish to increase their knowledge of Pound s poetry      **Ezra Pound, Poet** Anthony David Moody, 2007 This third and final volume of A David Moody s critical life of Ezra Pound presents Pound s personal tragedy in a tragic time In this volume we experience the 1939 1945 World War and Pound s hubristic involvement in Fascist Italy s part in it we encounter the grave moral and intellectual error of Pound holding the Jewish race responsible for the war and his consequent downfall being charged with treason condemned as an anti Semite and shut up for twelve

years in an institution for the insane Further we see Pound stripped for life by his own counsel and wife of his civil and human rights Pound endured what was inflicted upon him justly and unjustly without complaint and continued his lifetime s effort to promote in and through his Cantos and his translations a consciousness of a possible humane and just social order The contradictions run deep and compel as tragedy does a steady and unprejudiced contemplation and an answering depth of comprehension

**Ezra Pound in Context** Ira B. Nadel,2010-11-11 Long at the centre of the modernist project from editing Eliot s The Waste Land to publishing Joyce Pound has also been a provocateur and instigator of new movements while initiating a new poetics This is the first volume to summarize and analyze the multiple contexts of Pound s work underlining the magnitude of his contribution and drawing on new archival textual and theoretical studies Pound s political and economic ideas also receive attention With its concentration on the contexts of history sociology aesthetics and politics the volume will provide a portrait of Pound s unusually international reach an American born modern poet absorbing the cultures of England France Italy and China These essays situate Pound in the social and material realities of his time and will be invaluable for students and scholars of Pound and modernism

**Ezra Pound and the Spanish World** Viorica Patea,John Gery,Walter Baumann,2024-04-26 This collection offers for the first time criticism biographical essays analysis translation studies and reminiscences of Ezra Pound s extensive interaction with Spain and Spanish culture from his earliest visits to Spain in 1902 and 1906 and his study of significant Spanish writers to the dedication of the first monument erected anywhere to Pound in the small Spanish village of Medinaceli in 1973 Divided into two sections Part One ON EZRA POUND AND THE SPANISH WORLD includes a general introduction on Pound s lifelong involvement with Spain together with chapters on Pound s study of classical Spanish literature the Spanish dimension in The Cantos Pound s contemporary Spanish connections and his legacy in contemporary Spanish letters Part Two EZRA POUND AND THE SPANISH WORLD A READER then gathers for the first time Pound s own writings postcards letters and essays concerning Spain and Spanish writers as well as his correspondence with Spanish poets Miguel de Unamuno and Juan Ram n Jim nez and with Jos V zquez Amaral the first Spanish translator of The Cantos in its entirety The volume includes reminiscences by Spanish Nov simos poets Antonio Colinas and Jaime Siles written explicitly for this collection Besides providing a thorough exploration into Pound s engagement with Spain this volume pays homage to Pound s considerable influence on Spanish culture

“Voi Altri Pochi” Mark Kyburz,2013-03-09 Critical tradition has established a certain way of reading Ezra Pound one that places the meanings of the words on the page at the centre of interest and neglects poetic communication The present study contributes to the recent challenge to this critical orthodoxy which has led to his canonization as a difficult poet by investigating the pragmatic dimension of Pound s work In its effort to reconstruct the dynamic communicative interface between Pound and his audiences in the early period of his career 1908 1925 this study draws on relevance theory a recent sharpening in pragmatic theory not so much to produce a new reading of his poetry but to suggest how Pound became difficult it is argued that the

relative success and failure of his poetry to enhance cognitive and civic renewal depended on the dialectic between his presumptions of audience and the interpretive expectations and skills of his actual historical readers **Guido Cavalcanti** Maria Luisa Ardizzone, 2002-01-01 Cavalcanti's work is interpreted by reconstructing the debate of ideas in which it participates and the new model of poetry devised by Cavalcanti is one of the subjects of this book **BOOK JACKET**

**Thinking Poetry** Peter Nicholls, Peter Boxall, 2016-03-16 This collection brings together some of the most prominent critics of contemporary poetry and some of the most significant poets working in the English language today to offer a critical assessment of the nature and function of poetic thought Working at once with questions of form literary theory and philosophy this volume gives an extraordinarily diverse original and mobile account of the kind of thinking that poetry can do The conviction that moves through the collection as a whole is that poetry is not an addition to thought nor a vehicle to express a given idea nor an ornamental language in which thinking might find itself couched Rather all the essays suggest that poetry itself thinks in ways that other forms of expression cannot thus making new intellectual political and cultural formulations possible This book was originally published as a special issue of *Textual Practice* **Machine Art and Other**

**Writings** Ezra Pound, 1996 *Machine Art and Other Writings* documents the wide proportions of Pound's polemic against the abstractions of modernism and reveals the extent to which he was at odds with the metaphysical assumptions of his time The volume edited by Ardizzone is the result of years of systematic and intensive study of Pound's manuscripts including glosses from the texts of his personal library **Legitimizing the Artist** Luca Somigli, 2003-12-15 In the late nineteenth and early

twentieth centuries the production of literary and cultural manifestoes enjoyed a veritable boom and accompanied the rise of many avant garde movements *Legitimizing the Artist* considers this phenomenon as a response to a more general crisis of legitimation that artists had been struggling with for decades The crucial question for artists confronted by the conservative values of the dominant bourgeoisie and the economic logic of triumphant capitalism was how to justify their work in terms that did not reduce art to a mere commodity In this work Luca Somigli discusses several European artistic movements decadentism Italian futurism vorticism and imagism and argues for the centrality of the works of F T Marinetti in the transition from a fin de siècle decadent poetics exemplified by the manifestoes of Anatole Baju to a properly avant garde project aiming at a complete renewal of the process of literary communication and the abolition of the difference between producer and consumer It is to this challenge that the English avant garde artists and Ezra Pound in particular responded with their more polemical pieces Somigli suggests that this debate allows us to rethink the relationship between modernism and post modernism as complementary ways of engaging the loss of an organic relationship between the artist and his social environment **Dante as Political Theorist** Maria Luisa Ardizzone, 2018-11-15 Dante's Latin treatise *Monarchia* inscribes

itself within the long medieval conflict between Pope and Emperor and the debate that opposed the theorists of theocracy to the supporters of the empire The *Monarchia* traditionally assumed to be a subversive work as its tormented reception

testifies it remained listed in the Index of Prohibited Books from 1559 to the end of the 19th century results from the strong connection Dante emphasized between politics and ethics The bene esse of human beings is the crucial issue that the treatise discusses since its very beginning More than focusing on power and sovereignty the Monarchia aims to demonstrate that the government of a single universal ruler guarantees the achievement of the natural goal of human life The central role assigned to the Emperor discloses in fact the importance the poet gives to earthly happiness and to the temporal dimension of humanitas The essays in this volume are the result of the first International Symposium of the Global Dante Project of New York a scholarly initiative committed to the systematic study of the whole of Dante s opus Held in 2015 and devoted to the Monarchia this inaugural event saw the participation of scholars from Europe and the USA who investigated Dante s political treatise addressing diverse issues and from multiple and innovative methodological perspectives The fertile discussion generated on that occasion and the insights it produced animate this book     The Idea and the Thing in Modernist American Poetry Cristina Giorcelli,2001     *American Literary Scholarship* American Literary Scholarship,1989-06 Essayists survey the recent thought and research concerning outstanding authors trends and movements in American literature     **Isis Cumulative Bibliography 1986-1995: Time periods: 19th and 20th centuries.
