Turns for over forty years actress and novelist Eileen Fulton weaves a sizzling tale that could only come from someone with an insider s savvy about what happens on a TV soap after the cameras stop rolling Left at the altar in her small Midwest town Amanda Baker heads to New York City to start anew and follow her dreams right onto the set of TV s most popular soap opera She is to be the new Hope on Another Life a role that will make her a star But nothing comes without hard choices and soon Amanda is swept into an off camera crisis involving the troubled cast of Another Life a shocking real life drama that could shatter Amanda s own glittering new world Now she must risk everything to save her career and her heart And was that really Monique O Day the beautiful and sophisticated star who had been so captivated with Amanda that she insisted on sharing a cup of Queen Ann tea with her in her private dressing room after the test And of course Hank The executive producer who held her hand led the way then later while she was in Monique s dressing room asked her if she would be their Hope Amanda collapsed onto the bed and began replaying her audition over and over in her head trying to savor each moment of the day that was about to change her life In another part of Manhattan Hank Pride was sprawled naked across his

stainless steel platform bed replaying the very same audition scene Hank watched the images flash across the two large screen televisions in front of him Amanda's audition tape was playing on the left and a twenty year old scene from Another Life featuring a very young Monique O Day was playing on the right While the scenes flashed across his naked and perspiring body he suddenly had an inspiration for the next twist in the plotline And it had nothing to do with the soap Last Operas and Plays Gertrude Stein,1995-05-22 When I see a thing it is not a play for me but when I write something that somebody else can see then it is a play for me Gertrude Stein In the more than seventy five plays Gertrude Stein wrote between 1913 and 1946 she envisioned a new dramaturgy beginning with her pictorial conception of a play as a landscape She drew into her plays the daily flow of life around her including the natural world and turned cities villages parts of the dramatic structure and even her own friends into characters She made punctuation and typography part of her compositional style and chose words for their joyful impact as sound and wordplay For Strin the writing process itself was always important in developing the continuous present at the heart of her work Long out of print Last Opera and Plays again makes available many of Stein's most important and most produced works As a special feature it also included her thought provoking essay Plays in which she reflects on the experience in the theater of seeing and hearing and on emotion and time Now nearly a half century after her death writes Bonnie Marranca in her introduction it is indisputable that Gertrude Stein is the great American modernist mind No American author has been more influential for more generations of artists in the worlds of theater dance music poetry painting and fiction **Til Death Do Us Part** C.
