**Tore Linné Eriksen, Nordiska
Afrikainstitutet**

Fw De Klerk The Autobiography The Last Trek A New Beginning:

The Plot to Save South Africa Justice Malala, 2024-04-09 Johannesburg Easter weekend 1993 Nelson Mandela and FW de Klerk are in slow moving negotiations over power sharing when a white supremacist shoots Mandela's popular heir apparent Chris Hani in the hope of igniting an all out civil war In *The Plot to Save South Africa* acclaimed journalist Justice Malala recounts the riveting story of the next nine days revealing rarely seen sides of both Mandela and de Klerk the fascinating behind the scenes debates within each of their parties over whether to pursue peace or war and their desperate attempts to restrain their supporters despite mounting discontent

F. W. DeKlerk F. W. DeKlerk, 1998 *A Leap Into the Future* Peter Anyang' Nyong'o, 2007 *A Leap into the Future* is a collection of speeches essays and articles compiled during Prof Anyang' Nyong'o's tenure in the Kenya government and soon afterwards 2002-2006 In this provocative collection Prof Nyong'o examines the challenges of development analyses how pan African and global partnerships could facilitate development and invokes the visionary direction pointed out by prominent personalities in Kenya's political leadership to whom he pays tribute Through the collection the author projects his vision for socio political and economic transformation of the Kenyan society in a bid to formulate an economic strategy capable of leapfrogging the country from the current quagmire of underdevelopment to development Professor Anyang' Nyong'o is a renowned reformist and political scientist in Africa and is best known for his role in Kenya's second liberation He holds a doctorate degree in Political Science from the University of Chicago and has taught in universities in Kenya Mexico and Ethiopia Upon the re introduction of multiparty politics in Kenya in 1991 he was involved in the founding of Forum for the Restoration of Democracy FORD which provided the premier opposition machinery in the run up to the 1992 general elections He was also involved in the formation of the National Rainbow Coalition NARC which defeated KANU the party that had ruled Kenya for 24 years In the subsequent NARC government he became the Minister of Planning and National Development Besides teaching he is widely published in Africa and abroad Prof Nyong'o has also been at the frontline in championing the reform agenda in Africa especially through the establishment of NEPAD At the time of publication of this book he was Secretary General of the Orange Democratic Movement ODM

The Political Dimension of Reconciliation Ralf K. Wüstenberg, 2009-04-08 When a nation is working through its past the call for reconciliation is often expressed as was the case in South Africa after the end of apartheid and in Germany after the fall of the Berlin Wall Informed by Ralf Wstenberg's long residence in South Africa and his own native Germany this book investigates the conditions and dynamics associated with political reconciliation Wstenberg starts from the observation that reconciliation as a central theme in Christian theological teaching is spoken of in both theology and politics But does it mean the same thing in both contexts Is there a commonality of meaning for words like guilt and reconciliation in politics and theology Where and under what conditions is it possible to translate from theological language into political and vice versa Wstenberg's study promotes a genuine dialogue between religion and politics by carefully

analyzing moral discourses in political transitions to democracy **The Territorial Management of Ethnic Conflict** John Coakley, 2004-08-02 The object of this book is to look at the manner in which states attempt to cope with ethnic conflict through territorial approaches This revised edition has new chapters covering Northern Ireland South Africa and Yugoslavia

Power and Protest Lisa Leitz, 2021-03-02 Examining how marginalized groups use their identities resources cultural traditions violence and non violence to assert power and exert pressure this volume shines a light on the interaction of these groups with governments international organizations businesses and universities *Encyclopedia of the World's Minorities* Carl Skutsch, 2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World s Minorities website From the Barrel of a Gun Gerald Horne, 2015-12-01 In November 1965

Ian Smith s white minority government in Southern Rhodesia now Zimbabwe made a unilateral declaration of independence breaking with Great Britain With a European population of a few hundred thousand dominating an African majority of several million Rhodesia s racial structure echoed the apartheid of neighboring South Africa Smith s declaration sparked an escalating guerrilla war that claimed thousands of lives Across the Atlantic President Lyndon B Johnson nervously watched events in Rhodesia fearing that racial conflict abroad could inflame racial discord at home Although Washington officially voiced concerns over human rights violations an attitude of tolerance generally marked U S relations with the Rhodesian government sanctions were imposed but not strictly enforced and hundreds perhaps thousands of American mercenaries joined white Rhodesia s side in battle with little to fear from U S laws Despite such tacit U S support Smith s regime fell in 1980 and the independent state of Zimbabwe was born The first comprehensive account of American involvement in the war against Zimbabwe this compelling work also explores how our relationship with Rhodesia helped define interracial dynamics in the United States and vice versa *A Rainbow in the Night* Dominique Lapierre, 2009-11-03 In 1652 a small group of

Dutch farmers landed on the southernmost tip of Africa Sent by the powerful Dutch India Company their mission was simply to grow vegetables and supply ships rounding the cape The colonists however were convinced by their strict Calvinist faith that they were among God s Elect chosen to rule over the continent Their saga bloody ferocious and fervent would culminate three centuries later in one of the greatest tragedies of history the establishment of a racist regime in which a white minority would subjugate and victimize millions of blacks Called apartheid it was a poisonous system that would only end with the liberation from prison of one of the moral giants of our time Nelson Mandela A Rainbow in the Night is Dominique Lapierre s epic account of South Africa s tragic history and the heroic men and women famous and obscure white and black European and African who have with their blood and tears brought to life the country that is today known as the Rainbow Nation

The Terrorist Album Jacob Dlamini, 2020-05-05 An award winning historian and journalist tells the very human story of

apartheid's afterlife tracing the fates of South African insurgents collaborators and the security police through the tale of the clandestine photo album used to target apartheid's enemies From the 1960s until the early 1990s the South African security police and counterinsurgency units collected over 7 000 photographs of apartheid's enemies The political rogue's gallery was known as the terrorist album copies of which were distributed covertly to police stations throughout the country Many who appeared in the album were targeted for surveillance Sometimes the security police tried to turn them sometimes the goal was elimination All of the albums were ordered destroyed when apartheid's violent collapse began But three copies survived the memory purge With full access to one of these surviving albums award winning South African historian and journalist Jacob Dlamini investigates the story behind these images their origins how they were used and the lives they changed Extensive interviews with former targets and their family members testify to the brutal and often careless work of the police Although the police certainly hunted down resisters the terrorist album also contains mug shots of bystanders and even regime supporters Their inclusion is a stark reminder that apartheid's guardians were not the efficient if morally compromised law enforcers of legend but rather blundering agents of racial panic With particular attentiveness to the afterlife of apartheid Dlamini uncovers the stories of former insurgents disenchanted with today's South Africa former collaborators seeking forgiveness and former security police reinventing themselves as South Africa's newest export security consultants serving as mercenaries for Western nations and multinational corporations The Terrorist Album is a brilliant evocation of apartheid's tragic caprice ultimate failure and grim legacy Countdown to Socialism Anthea

Jeffery, 2023-07-19 With growth stalling joblessness at crisis levels and governance unravelling most South Africans cannot fathom why the ANC does not embark on meaningful reform The answer lies in what is seldom raised the ruling party's unwavering determination to take the country by incremental steps from capitalism to socialism This transformation is being implemented via a Moscow inspired national democratic revolution NDR dating back many decades Despite the Soviet Union's collapse in 1991 the ANC SACP alliance still sees the NDR as offering the most direct route to socialism in South Africa and hence as its bedrock strategy The NDR has been implemented in many different spheres since 1994 By way of example NDR interventions have already made millions of people unemployable and the mining sector largely uninvestable They now aim at land expropriation without compensation EWC and the effective nationalisation of private healthcare and pensions The NDR is the key to understanding ANC rule over some 30 years yet most South Africans have been kept in the dark on it This book aims to fill that gap Written in clear and simple language it provides an indispensable primer on the NDR and its role in the countdown to socialism in South Africa **Norway and National Liberation in Southern Africa** Tore Linné

Eriksen, Nordiska Afrikainstitutet, 2000 This book documents and analyses the involvement of Norway in the liberation struggle in Southern Africa Apart from focussing on the formulation of official policies and the extensive cooperation with the liberation movements in the field of humanitarian assistance mainly based on the Ministry of Foreign Affairs records the

study highlights the popular involvement and commitment to the struggle. Separate chapters are concerned with the churches, trade unions and solidarity movements such as the Norwegian Council for Southern Africa and the Namibia Committee. The book also includes a case study on the battle for sanctions. The Study forms part of the Nordic Africa Institute's research and documentation project National Liberation in Southern Africa: The Role of the Nordic Countries. **Africa's Peacemakers** Adekaye Adebajo, 2014-02-13 As Africa and its diaspora commemorate fifty years of post independence Pan Africanism this unique volume provides profound insight into the thirteen prominent individuals of African descent who have won the Nobel Peace Prize since 1950. From the first American president of African descent Barack Obama whose career was inspired by the civil rights and anti apartheid struggles promoted by fellow Nobel Peace laureates Martin Luther King Jr Nelson Mandela Desmond Tutu and Albert Luthuli to influential figures in peacemaking such as Ralph Bunche Anwar Sadat Kofi Annan and F W De Klerk as well as Ellen Johnson Sirleaf Leymah Gbowee Wangari Maathai and Mohamed El Baradei who have been variously involved in women's rights environmental protection and nuclear disarmament Africa's Peacemakers reveals how this remarkable collection of individuals have changed the world for better or worse. Brezhnev and the Decline of the Soviet Union Thomas Crump, 2013-11-07 Leonid Brezhnev was leader of the Soviet Union from 1964 1982 a longer period than any other Soviet leader apart from Stalin. During Brezhnev's time Soviet power seemed at its height and increasing. Living standards were rising the Soviet Union was a nuclear power and successful in its space missions and the Soviet Union's influence reached into all part of the world. Yet as this book which provides a comprehensive overview and reassessment of Brezhnev's life early political career and career as leader shows the seeds of decline were sown in Brezhnev's time. There was a huge over commitment of resources to the Soviet industrial military complex and to massively expensive foreign policy overstretch. At the same time there was a failure to deliver on citizens rising expectations and an overconfident ignoring of dissidents and their demands. The book will be of great interest to Russian specialists and also to scholars of international relations and world history. **Mandela** Martin Meredith, 2010-03-30 Nelson Mandela stands out as one of the most admired political figures of the twentieth century. It was his leadership and moral courage above all that helped to deliver a peaceful end to apartheid in South Africa after years of racial division and violence and to establish a fledgling democracy there. Martin Meredith's vivid portrayal of this towering leader was originally acclaimed as an exemplary work of biography instructive illuminating as well as felicitously written. Kirkus Reviews providing new insights on the man and his time. Washington Post Now Meredith has revisited and significantly updated his biography to incorporate a decade of additional perspective and hindsight on the man and his legacy and to examine how far his hopes for the new South Africa have been realized. Published as South Africa celebrates 100 years since its founding and hosts the 2010 World Cup Nelson Mandela is the most thorough and up to date account available of the life of its most revered hero. *The Legacies of Law* Jens Meierhenrich, 2008-10-13 Focusing on South Africa during the period 1650 2000 this book examines the role of law in

making democracy work in changing societies The Legacies of Law sheds light on the neglected relationship between path dependence and the law Meierhenrich argues that legal norms and institutions even illiberal ones have an important and hitherto undertheorized structuring effect on democratic outcomes Under certain conditions law appears to reduce uncertainty in democratization by invoking common cultural backgrounds and experiences In instances where interacting adversaries share qua law reasonably convergent mental models transitions from authoritarian rule are shown to be less intractable Meierhenrich s historical analysis of the evolution of law and its effects in South Africa during the period 1650 2000 compared with a short study of Chile from 1830 1990 shows how and when legal norms and institutions serve as historical causes to both liberal and illiberal rule

Whites and Democracy in South Africa Roger Southall,2022-02-24

What is the place and role of whites in South African political life today Are whites genuinely willing participants in a non racial democracy willing to forego the racial privileges of the past or despite legal equality have they proved reluctant to relinquish power and continue as black activists assert to dominate many aspects of South African society Building upon the burgeoning body of work on whiteness this book focuses on how whites have adapted politically to the arrival of democracy and sweeping political change in South Africa Outlining a variety of responses in how white South Africans have sought to grapple with apartheid s brutal history the author shows how their memories of the past have shaped their reactions to political equality Although the majority feared the coming of democracy only a right wing minority actively resisted its arrival Others chose and are still choosing to emigrate used democracy to defend minority rights or have withdrawn into psychologically or physically demarcated social enclaves Challenging much current thinking Southall argues that many whites have chosen to embrace the freedoms that democracy has offered or to adapt to its often disconcerting realities pragmatically Examining this crucial issue against the historical context of minority rule and its defeat the author presents a new dynamic to the continuing debate on whiteness in Africa and globally

Assassination Miles Hudson,2011-06-13 The assassination of political religious and military leaders often dictators is frequently seen as the short cut to solving a particular problem The author takes issue with this argument Examining a series of linked assassinations together with their causes and effects he seeks to demonstrate that in many cases the killings have produced unforeseen and unintended consequences that all too often result in the opposite result to that desired His case studies arranged intriguingly in pairs cover such diverse characters as Julius Caesar and Thomas Becket Gandhi and Jesus Christ Tsar Alexander II and Abraham Lincoln Michael Collins and Field Marshal Sir Henry Wilson and Martin Luther King and Malcolm X This is an absorbing controversial and informative study

The Peacemakers Bruce W. Jentleson,2018-04-24

In the twentieth century great leaders played vital roles in making the world a fairer and more peaceful place How did they do it What lessons can be drawn for the twenty first century global agenda Those questions are at the heart of The Peacemakers a kind of global edition of John F Kennedy s Profiles in Courage Writing at a time when peace seems elusive and conflict endemic when tensions are

running high among the major powers when history has come roaring back when democracy and human rights are yet again under siege when climate change is moving from future to present tense and when transformational statesmanship is so needed Bruce W Jentleson shows how twentieth century leaders of a variety of types national international institutional sociopolitical nongovernmental rewrote the zero sum scripts they were handed and successfully made breakthroughs on issues long thought intractable The stories are fascinating Henry Kissinger Zhou Enlai and the U S China opening Mikhail Gorbachev and the end of the Cold War Dag Hammarskjöld's exceptional effectiveness as United Nations secretary general Nelson Mandela and South African reconciliation Yitzhak Rabin seeking Arab Israeli peace Mahatma Gandhi as exemplar of anticolonialism and an apostle of nonviolence Lech Walesa and ending Soviet bloc communism Gro Harlem Brundtland and fostering global sustainability and a number of others While also taking into account other actors and factors Jentleson tells us who each leader was as an individual why they made the choices they did how they pursued their goals and what they were and weren't able to achieve And not just fascinating but also instructive Jentleson draws out lessons across the twenty first century global agenda making clear how difficult peacemaking is while powerfully demonstrating that it has been possible and urgently stressing how necessary it is today An ambitious book for ambitious people The Peacemakers seeks to contribute to motivating and shaping the breakthroughs on which our future so greatly depends

South Africa and the Case for Renegotiating the Peace Pierre du Toit, Charl Swart, Salom, Teuteberg, 2016-11-11 South Africa is awash with policy failures and policy confusion We argue firstly that our current discord over policy details has its origin in the celebrated negotiated transition We hold that the vote count of an 85% majority in the Constituent Assembly in 1996 obscured the reality that the Constitution meant different things to different negotiators The result was that South Africa from the very start of the democratic era lacked a national consensus on how to go about consolidating democracy We keep on failing to build a proper roof over our democracy because the constitutional foundations are weak
