## George Congo Recent Paintings:

*The Necromancers* Robert Hugh Benson,1909 For he was perfectly aware that fear and a sickening kind of repulsion formed a very large element in his emotions For nearly two hours unless three persons had lied consummately he his essential being that sleepless self that underlies all had been in strange company had become identified in some horrible manner with the soul of a dead person      **Kingsmead** Baroness Von Hutten,1909      *The Congo Wars* Thomas Turner,2007-04 Publisher Description      [The Congo Wars](#) Doctor Thomas Turner,2008-02-29 Since 1996 war has raged in the Congo while the world has looked away Waves of armed conflict and atrocities against civilians have resulted in over three million casualties making this one of the bloodiest yet least understood conflicts of recent times In *The Congo Wars* Thomas Turner provides the first in depth analysis of what happened The book describes a resource rich region suffering from years of deprivation and still profoundly affected by the shockwaves of the Rwandan genocide Turner looks at successive misguided and self interested interventions by other African powers including Uganda Angola Zimbabwe and Namibia as well as the impotence of United Nations troops Cutting through the historical myths so often used to understand the devastation Turner indicates the changes required of Congolese leaders neighbouring African states and the international community to bring about lasting peace and security      **Journal of the Society of Arts** ,1885      **Journal of the Royal Society of Arts** Royal Society of Arts (Great Britain),1883      *Anthropology and Race in Belgium and the Congo (1839-1922)* Maarten Couttenier,2023-11-03 This book examines the history of Belgian physical anthropology in the long nineteenth century and discusses how the notion of race structured Belgian pasts and presents as well as relations between metropole and empire In a context of competing European nationalisms Belgian anthropologists mainly used physical characters like skull form and the color of hair and eyes to delimitate races which were believed to be permanent and existent Their belief in a supposed racial superiority was however above all telling about their own origins and physical characters Although it is often assumed that these ideas were subsequently transferred to the colony the case of Belgian colonization in Congo shows that colonial administrators at least in theory were reluctant to use the idea of permanent races because they needed the possibility of evolution to legitimize their actions as part of a civilizing mission In reality however colonization was based on military occupation and economic exploitation with devastating effects This book analyzes how in this violent context widespread racial prejudices in fact dehumanized Congolese This not only allowed colonizers to act inhuman but also reduced Congolese or their body parts to objects that could be measured photographed casted and collected This volume will be of use to students and scholars alike interested in social and cultural history as well as imperial and colonial history
