Bush ascend to the highest office in the nation what forces abetted his rise and perhaps most important were those forces really vanquished by Obama's election Award-winning investigative journalist Russ Baker gives us the answers in *Family of Secrets* a compelling and startling new take on the Bush dynasty and the shadowy elite that has quietly steered the American republic for the past half-century and more Baker shows how this network of figures in intelligence the military oil and finance enabled and in turn benefited handsomely from the Bushes' perch at the highest levels of government As Baker reveals this deeply entrenched elite remains in power regardless of who sits in the Oval Office *Family of Secrets* offers countless disclosures that challenge the conventional accounts of such central events as the JFK assassination and Watergate It includes an inside account of George W.'s cynical religious conversion and the untold real

background to the disastrous response to Hurricane Katrina Baker's narrative is gripping sobering and deeply sourced It will change the way we understand not just the Bush years but a half century of postwar history and the present Presidential Footprints Del Hambley,2009-03 Presidential Footprints presents a fast read covering the Presidents of the United States of America the major issues that they faced during their Presidency and how well they met their challenge A recurring theme is that things that seem insignificant at the time frequently have a major impact on future events As a result of this theme the author provides the reader with a unique perspective on how minor events not mentioned in a majority of history books have affected the history of our country One is left with a desire to pursue further exploration about the lives of the Presidents and their families William Buhro Retired School Principal **The Bushes** Peter Schweizer,Rochelle Schweizer,2005-01-04

Based on hours of unprecedented interviews with members of the Bush family The Bushes tells the inside story of the unique dynasty at the heart of American power As well as laying out the secretive family's inner workings this intimate and fascinating group portrait probes into such sensitive matters as their dealings in the oil business George W's turbulent youth and Jeb's likely run for the presidency in 2008 In this first full scale biography Peter and Rochelle Schweizer insightfully explore the secrets of the Bushes rise from obscurity to unprecedented influence The family's free flowing pragmatic and opportunistic style consciously distinguishes them from previous political dynasties they consider themselves the un-Kennedys But with their abiding emphasis on loyalty and networking the Bushes continuing success seems assured making this book essential reading for anyone who cares about America's future *Quarterly Review of Military Literature* ,2003
