Environmental Protection Agency. Library Systems Branch,1974 **William Lowndes Yancey and the Coming of the Civil War** Eric H. Walther,2006-12-08 IWilliam Lowndes Yancey 1814 63 was one of the leading secessionists of the Old South In this first comprehensive biography Eric H Walther examines the personality and political life of the uncompromising fire eater Born in Georgia but raised in the North by a fiercely abolitionist stepfather and an emotionally unstable mother Yancey grew up believing that abolitionists were cruel meddling and hypocritical His personal journey led him through a series of mentors who transformed his political views and upon moving to frontier Alabama in his twenties Yancey s penchant

for rhetorical and physical violence was soon channeled into a crusade to protect slaveholders rights Yancey defied Northern Democrats at their national nominating convention in 1860 rending the party and setting the stage for secession after the election of Abraham Lincoln Selected to introduce Jefferson Davis in Montgomery as the president elect of the Confederacy Yancey also served the Confederacy as a diplomat and a senator before his death in 1863 just short of his forty ninth birthday More than a portrait of an influential political figure before and during the Civil War this study also presents a nuanced look at the roots of Southern honor violence and understandings of manhood as they developed in the nineteenth century *The Georgia Review* ,1964 **The Publishers' Trade List Annual** ,1978 **Georgia Land Surveying History and Law** Farris W. Cadle,1991 Georgia Land Surveying History and Law is the first definitive history and analysis of Georgia s land system and the laws that govern it The book s opening section tells the story of the surveyor s role in transforming Georgia from a frontier to a bounded populated and productive colony and state Paced by anecdotes of surveyors wilderness experiences the narrative traces the evolution of Georgia s land subdivision system beginning with the original and ultimately impractical scheme of land granting and rectangular land subdivision under the Trustees of the Georgia Colony The volume then covers the more flexible but easily abused headright procedure and the subsequent lottery and succession of systematic rectangular surveys under which most of the state was laid out and granted in the early nineteenth century Finally in lay terms supported by meticulous citation of authority the volume discusses the legal aspects of land surveying including the interests that make up land ownership the transfer of real property the interpretation of property descriptions the location of boundaries riparian and littoral rights and other topics The book examines every point concerning boundaries found in any Georgia case or statute Based solidly on primary sources and the author s fifteen years of experience in land surveying and title abstracting Georgia Land Surveying History and Law is an exhaustively researched and scholarly reference that will be useful to surveyors title attorneys title abstractors real estate professionals geographers cartographers historians and genealogists **Southern Water, Southern Power** Christopher J. Manganiello,2015-04-06 Why has the American South a place with abundant rainfall become embroiled in intrastate wars over water Why did unpredictable flooding come to characterize southern waterways and how did a region that seemed so rich in this all important resource become derailed by drought and the regional squabbling that has tormented the arid American West To answer these questions policy expert and historian Christopher Manganiello moves beyond the well known accounts of flooding in the Mississippi Valley and irrigation in the West to reveal the contested history of southern water From the New South to the Sun Belt eras private corporations public utilities and political actors made a region defining trade off The South would have cheap energy but it would be accompanied by persistent water insecurity Manganiello s compelling environmental history recounts stories of the people and institutions that shaped this exchange and reveals how the use of water and power in the South has been challenged by competition customers constituents and above all nature itself **Catalogue of Title-entries of Books and Other**
