**Mercator** Nicholas Crane,2014-09-02 An enthralling biography of the man who created the first real map of the world and changed civilization Born at the dawn of the age of discovery Gerhard Mercator lived in an era of formidable intellectual and scientific advances At the center of these developments were the cartographers who painstakingly pieced together the evidence to create ever more accurate pictures of the planet Mercator was the greatest of all of them a poor farm boy who attended one of Europe s top universities was persecuted and imprisoned by the Inquisition but survived to coin the term atlas and to produce the so called projection for which he is known Devoutly religious yet gripped by Aristotelian science Mercator struggled to reconcile the two a conflict mirrored by the growing clash in Europe between humanism and the Church Mercator solved the dimensional riddle that had vexed cosmographers for so long How could the three dimensional globe be converted into a two dimensional map while retaining true compass bearings The projection revolutionized navigation and has become the most common worldview Nicholas Crane a fellow geographer has combined a keen eye for historical detail with a gift for vivid storytelling to produce a masterful biography of the man who mapped the planet

*Medieval Silesia* Sébastien Rossignol,2025-03-28 This book presents an innovative retelling of the history of medieval Silesia by providing a truly inclusive narrative that considers a variety of perspectives Silesia the land on the Odra at the crossroads of the German lands Poland and Bohemia played a key role in the history of medieval Europe bridging various

cultures The transformations of the thirteenth century which included the migration of German Francophone and Jewish settlers in new towns and villages and legal technological and environmental innovations had profound effects on language culture and the economy proximity to Bohemia forced a reaction to the Hussite movement in the fifteenth century This book combines a more familiar history with that of women and of other cultural and religious minority groups Francophones Jews religious dissenters who shared the territory of Silesia in the Middle Ages This study will be an ideal resource for students of medieval Europe or anyone seeking an introduction to medieval Silesia and its diversity of cultures *Geschichte der Stadt Duisburg* Heinrich Averdunk, Walter Ring, 1927 *Sexual Violence and Rape in the Middle Ages* Albrecht

Classen, 2011-06-30 Medieval historians and literary scholars have not ignored the topic of sexual violence and rape but the primary focus has regularly rested on English French or Italian documents Here we have the first book length study that investigates the treatment of sexual crimes in medieval and early modern German and Latin literature making great efforts to shed light on often ignored scenes and episodes even in some of the classical works such as Wolfram von Eschenbach's Parzival or the anonymous Nibelungenlied As this monograph reveals many times we face situations where we cannot easily determine whether rape has occurred or not Consequently we recognize an important discourse in these literary examples concerning the question of how to view and deal with sexual violence which could also involve men as victims This critical examination extends toward sixteenth century jest narratives Schwabe where the issue of rape continued to occupy the authors' minds Moreover as numerous side glances to contemporary European literature indicate the theme of sexual violence was of universal concern and critical importance during the entire premodern era *Laughter and Narrative in the Later Middle Ages* Sebastian Coxon, 2017-07-05 In contrast to the vernacular literary traditions of France Italy and England comic tales in verse flourished in late medieval Germany providing bawdy entertainment for larger audiences of public recitals as well as for smaller numbers of individual readers In a sustained close analysis Sebastian Coxon explores both the narrative design and fundamental thematic preoccupations of these short texts A distinctively performative tradition of premodern narrative literature emerges which invited its recipients to think learn and above all to laugh in a number of different ways **Explorers and Exploration**, 2005 Covers the history of exploration from ancient times Gerhard Mercator und

seine Zeit Wolfgang Scharfe, 1996 *6722 Tyska renässanskonstnärer (6722 Deutsche Künstler der Renaissance)* Krister Köhlwein, 2023-01-19 Sammanställning av 6722 tyska renässanskonstnärers födda före 1600 Målares bildhuggares konstgjutares metallsare och grafiker födda eller verksamma i Tyskromerska riket eller i dess direkta närhet Denna sammanställning är gjord som en handbok för att i alfabetisk ordning kunna få en snabb och kort information om den konstnär man söker Tidsperioden som täcker cirka 1380-1630 vilket kan tyckas överensstämma med titeln renässans men behövs eftersom det skiljer sig avsevärt i utvecklingstiden mellan skulptur och måleri och även mellan målere som var tidigt ute och stilistisk efterslipning hos andra Bildhuggarna var avsevärt tidigare målarna i sina strövanden att bli mer realistiska vilket kan exemplifieras av Adam

och Eva i Notre Dame i Paris skapade omkring 1260 Heinrich von Konstanz skulpturer för St Katharinenthal omkring 1290 och Paul Sluters arbeten i Dijon från 1380 talet och framåt vilka alla uppvisar en realism som man inte skulle uppnå för närmare ytterligare 100 eller 200 år senare. Detta har lett till att inte alla man lärde verksamma vid sekelskiftet 1300-1400 har medtagits utan endast de fåtal som anses ha haft ett omfattande inflytande på nycklandet. Byron concealed himself in various literary disguises a process he called mobility. In this study of influences on Byron's verse and Byron's European impact I explore these borrowings and transformations as they manifested themselves in his reading. At issue is the very concept of romantic poetic voice. Framing himself in the tradition of the Irish yet cosmopolitan Thomas Moore Byron adopted continental guises imitating both Italian writers and political heroes such as Dante Machiavelli and Tasso. In establishing an Italian identity Byron relied upon the Italian writers he translated Pulci Dante Thomas Moore's Fudge Family in Paris and Shelley's Julian and Maddalo as well as Goethe's Faust. This Europeanization of Byron should not conceal the fact that Byron adopted poses from his predecessors such as Walter Scott in order to fashion himself as a Scottish poet who also happened to be English. Byron became the writers he read Moore Shelley Wordsworth Scott Foscolo Lady Morgan and Madame de Staël. Those who imitated Byron particularly Alexander Pushkin and Adam Mickiewicz became the best interpreters of his literary example while transforming it and explained what it meant to be a Harold in Muscovite Cloak or a Polish Byron to be both delimited and emancipated by Byron's example.
