German Shepherds - Dog Books for Kids K. Bennett,John Davidson,2015-02-08 German Shepherds Dog Books for Kids Table of Contents Introduction Chapter 1 Chapter 2 Chapter 3 Conclusion Author Bio Introduction Money will buy a pretty good dog but it won t buy the wag of his tail Josh Billings German Shepherds are intelligent versatile and faithful dogs They have outstanding characteristics and excel in almost anything they do This breed is well known and among the 10 most popular breeds in the U S But what makes them so popular To begin with their skills extend beyond the home They are used in law enforcement serving with police and even the military They also help with special needs For example With those who

are handicapped and require constant attention However their skills do not end there Does the name Rin Tin Tin ring a bell He was quite famous and appeared in many movies and shows He was so popular he received hundreds of fan letters sometimes thousands per week And after the World Trade Center disaster faithful German shepherd dogs risked their lives to comfort rescue workers and help find those who were missing German shepherds are also excellent watchdogs Their alert and often suspicious nature can serve to protect both you and your family from strangers However this aspect of their personality may not appeal to you if you are looking for a more guest friendly dog This breed has a high energy level Originally when this dog was first bred it was for working purposes The idea was to help herd flocks get them into groups and so on This all day task helped to shape a strong and high energy dog that requires a lot of activities to keep their attention It is important to take note of this part of their personality Why Well if they do not get the attention they need their boredom even frustration will shine through with lots of barking and chewing Depending on how loud it gets it may drive you up the wall Despite this aspect of their personality there is no doubt German Shepherds are amazing dogs and a wonderful asset to any home And with proper training and loving attention they will stand by you through thick and thin Not a bad description to add to the list of man s best friend *Everything You Need to Know about German Shepherds* Joan Hustace Walker,2006 This is a definitive guide to raising training and caring for your German shephard Whether a new or experienced dog owner you will find professional advice on grooming feeding and basic health care with a section on diseases and conditions specific to the breed **German Shepherds** E.
