German Question And Other German Questions:

The German Question and Other German Questions David Schoenbaum, Elizabeth Pond, 1996 *The German Question and Other German Questions* is an unconventional overview of a new and normal Germany fifty years after the Second World War and five years after unification by an American historian and an American journalist with over fifty years of professional German watching between them Among other German Questions they address the interactions of ageing immigration and unification on a tangled national identity and their impact on a cautious yet resilient society and an inertial yet dynamic economy They then consider the frequently surprising and even exemplary ways Germans have learned to cope with one another redefine and pursue their interests and deal with a changing world after two dictatorships two world wars and one cold war

The German Problem Transformed Thomas Banchoff, 2010-05-06 Does the new more powerful Germany pose a threat to its neighbors Does the new German Problem resemble the old *The German Problem Transformed* addresses these questions fifty years after the founding of the Federal Republic and ten years after the fall of the Berlin Wall Many observers have underscored the reemergence of Germany as Europe's central power After four decades of division they contend Germany is once again fully sovereign without the strictures of bipolarity its leaders are free to define and pursue national interests in East and West From this perspective the reunified Germany faces challenges not unlike those of its unified predecessor a century earlier *The German Problem Transformed* rejects this formulation Thomas Banchoff acknowledges post reunification challenges but argues that postwar changes not prewar analogies best illuminate them The book explains the transformation of German foreign policy through a structured analysis of four critical postwar junctures the cold war of the 1950s the détente of the 1960s and 1970s the new cold war of the early 1980s and the post cold war 1990s Each chapter examines the interaction of four factors international structure and institutions foreign policy ideas and domestic politics in driving the direction of German foreign policy at a key turning point This book will be of interest to scholars and students of German history German politics and European international relations as well as policymakers and the interested public Thomas Banchoff is Assistant Professor of Government Georgetown University

Foreign and Security Policy of the European Union A. Miskimmon, 2007-09-20 This study assesses the influence of German policy makers on EU policy and the impact of EU membership on foreign policy making at the national level The book concludes that limitations remain on the Europeanization of German foreign and security policy and Germany's ability to play a leading role in military crisis management **Germany, Europe and the Persistence of Nations** Stephen

Wood, 2018-12-20 Published in 1998 this book is an articulate and densely documented account of political cultural and historical forces and tensions involved in contemporary European integration most especially concerning Germany In doing so it provides an effective fusion of a vast array of material from what are normally separate disciplines The book investigates contemporary resonances of identifications and conceptions of political boundaries that appeared in Europe in the late eighteenth and nineteenth century It argues that within a supranationalising Europe national identity and nationalism have not disappeared as cultural and political phenomena Rather they persist and manifest themselves in variable forms at popular and elite levels This is the basis for Europe's condition of far from completed unity at the centre of which is now a reunited Germany more sure of itself but less sure of the world around it **20 Years Since the Fall of the Berlin Wall**

Age of Questions Holly Case, 2018-07-10 A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century a new age began the age of questions In the Eastern and Belgian questions as much as in the slavery worker social woman and Jewish questions contemporaries saw not interrogatives to be answered but problems to be solved Alexis de Tocqueville Victor Hugo Karl Marx Frederick Douglass Fyodor Dostoevsky Rosa Luxemburg and Adolf Hitler were among the many who put their pens to the task The Age of Questions asks how the question form arose what trajectory it followed and why it provoked such feverish excitement for over a century Was there a family resemblance between questions Have they disappeared or are they on the rise again in our time In this pioneering book Holly Case undertakes a stunningly original analysis presenting chapter by chapter seven distinct arguments and frameworks for understanding the age She considers whether it was marked by a progressive quest for emancipation of women slaves Jews laborers and others a steady inexorable march toward genocide and the Final Solution or a movement toward federation and the dissolution of boundaries Or was it simply a farce a false frenzy dreamed up by publicists eager to sell subscriptions As

the arguments clash patterns emerge and sharpen until the age reveals its full and peculiar nature Turning convention on its head with meticulous and astonishingly broad scholarship The Age of Questions illuminates how patterns of thinking move history Power and Influence After the Cold War Ann L. Phillips,2000 Phillips political science Friedrich Schiller U Germany explores the emerging role of Germany after reunification and asks whether it is likely to be a regional hegemon in East Central Europe She analyses both the politics of reconciliation and the activities German party affiliated foundations and argues that these demonstrate a two sided German approach to regional relations Annotation copyrighted by Book News Inc Portland OR *Documents* David Hunter Miller,1928 SCOTT Copy 1 V 1 2 From the John Holmes Library Collection **The Drafting of the Covenant** David Hunter Miller,1928 **Jews and the German State** Peter G. A History of Modern Germany Since 1815 Frank B. Tipton,2003-01-01 An accessible textbook for courses on modern German history **Charting a New Diplomatic Course** Cecil V. Crabb, Jr.,Leila S. Saredidine,Glenn J. Antizzo,2001-08-01 America s victory in the Cold War is a milestone in the nation s diplomatic experience The disintegration of the Soviet Union and the defeat of communism have made containment policy the foundation of U S foreign relations for almost a half century obsolete and policymakers and political scientists alike struggle to decide what new strategy should guide the country s involvement on the international stage In this pathbreaking work Cecil V Crabb Jr Leila E Saredidine and Glenn J Antizzo identify and analyze six distinct approaches to America s diplomatic course after the Cold War addressing perhaps the most important question of our time what should U S foreign policy be in the twenty first century First the authors examine the familiar doctrine of American isolationism and consider an alternative approach conservative neo isolationism which encourages policymakers to use careful discrimination but decisive action in assuming commitments abroad Liberal neo isolationism a third possible course resists active interventionist strategies because of the dangers they pose to congressional power and America s democratic system At the opposite end of the spectrum are conservative interventionism the belief that America must maintain a strong military arsenal and engage in preventative diplomacy liberal interventionism the conviction that America has a responsibility to actively promote the cause of democracy and defend human rights beyond its own

borders and pragmatic interventionism an approach taken by the Clinton Administration that relies on a cost benefit analysis of policy as problems arise Elegantly written and authoritatively researched Charting a New Diplomatic Course provides a much needed frame of reference for anyone interested in America s future in international affairs *Daily Report, Foreign Radio Broadcasts* United States.
