Napoleon and the Struggle for Germany: Volume 1, The War of Liberation, Spring 1813 Michael V. Leggiere, 2015-04-09 This is the first comprehensive history of the campaign that determined control of Germany following Napoleon's catastrophic defeat in Russia Michael V Leggiere reveals how in the spring of 1813 Prussia the weakest of the great powers led the struggle against Napoleon as a war of national liberation Using German French British Russian Austrian and Swedish sources he provides a panoramic history that covers the full sweep of the battle for Germany from the mobilization of the belligerents strategy and operations to coalition warfare diplomacy and civil military relations He shows how Russian war weariness conflicted with Prussian impetuosity resulting in the crisis that almost ended the Sixth Coalition in early June In a single campaign Napoleon drove the Russo Prussian army from the banks of the Saale to the banks of the Oder The Russo Prussian alliance was perilously close to imploding only to be saved at the eleventh hour by an armistice

German Diplomatic Documents 1871-1914 Volume 1 E.T.S. Dugdale, 2025-03-19 Originally published in English in 1928 this volume deals mainly with Anglo German relations at the end of the 19th Century Chancellor Otto von Bismarck's voice can be heard clearly in the documents which give an extensive picture of the alternating phases of relations between Great Britain and Germany as influenced by their respective obligations and interests in the international issues which united or divided the Powers over a period of twenty years The strongest impression which these documents leave is the revelation of how greatly the mentality of the western world changed since they were drafted and especially during the decade which came after World War I The shaping of policy as exhibited in these despatches and memoranda is governed almost exclusively by the ultimate idea of war as the deciding factor The menace of war and the prospects of success or failure in aggression or defence appear to be the essential motives of policy
