*Baselitz* Georg Baselitz, 2009 Georg Baselitz is without a doubt one of the most important contemporary German artists. Particularly his upside down motifs have made his work unmistakable since he first started standing them on their head in 1969. However Baselitz cannot be solely reduced down to the level of this recognition value. This exhibition catalogue demonstrates in over 100 illustrations of central key works from all phases of his artistic career how multifaceted his work developed over the past 40 years. Aside from the versatility of his motifs it becomes clear in the process that Baselitz's oeuvre is characterized by great craftsmanship and a compactness of expression. Starting with his early works from the 1960s reflecting upon the post war period past the fracture pictures and the turning of the motif upside down up to and including his dealings with his own early works in the Remix group the book traces the development of one of the most fascinating oeuvre of our time based on paintings and sculptures providing a lively lesson about these genres. Published on the occasion of the exhibition Georg Baselitz 1960 – 2008 A Retrospective at Museum der Moderne Salzburg February – June 2009 English and German text

**Baselitz, Painter** Georg Baselitz, 2006 Ever since 1963 when East Berlin's renowned art academy Hochschule der Künste expelled Georg Baselitz for what's been translated as sociopolitical immaturity and the police confiscated work from his first solo show he's officially been an art world bad boy. More than 40 years into his career he's still literally turning his subjects upside down and he is considered one of Europe's most influential painters. This collection of more than 100 works spanning from Baselitz's earliest years to the present day offers an unparalleled overview of his oeuvre as well as insight into the subtle changes that have come to his work as he has matured. In recent years the distinctive visual universe that grew out of the artist's study of art myth and literature has expanded to make room for the personal for memories of an upbringing in the German and Slavic cultural borderland for everyday life and his family and for revisiting works by himself and others.
