On Violence in the Work of J.H. Prynne Matthew Hall, 2015-09-04 Hailed as a crucial study of J H Prynne s poetry Violence in the Work of J H Prynne provides an accessible and comprehensive analysis of one of the world s leading figures of contemporary poetry This indispensable resource analyses the nexus between Prynne s evolving political thought and his linguistic innovation over a period of three decades Never hesitant before the difficulty of Prynne s poetry Hall provides an acute and skilfully articulated argument which illuminates the complexity of Prynne s most challenging volumes In reinventing the methodologies by which contemporary poetry can be read Hall synthesizes earlier critical work providing a crucial pathway into Prynne s work full of new insights new inventions and new critical understandings

The Play within the Play, 2007-01-01 The thirty chapters of this innovative international study are all devoted to the topic of the play within the play The authors explore the wide range of aesthetic literary theoretical and philosophical issues associated with this rhetorical device not only in terms of its original meta theatrical setting from the baroque idea of a theatrum mundi onward to contemporary examples of postmodern self referential dramaturgy but also with regard to a variety of different generic applications e g in narrative fiction musical theatre and film The authors internationally recognized specialists in their respective fields draw on recent debates in such areas as postcolonial studies game and systems theories media and performance studies to analyze the specific qualities and characteristics of the play within the play as ultimate affirmation of the self the Hamlet paradigm as a self reflective agency of meta theatrical discourse and as a vehicle of intermedial and intercultural transformation The challenging study with its

underlying premise of play as a key feature of cultural anthropology and human creativity breaks new ground by placing the play within the play at the centre of a number of intersecting scholarly discourses on areas of topical concern to scholars in the humanities *Modern Drama in Theory and Practice: Volume 3, Expressionism and Epic Theatre* J. L. Styan, 1983-06-09

Modern drama in theory and J L Styan v 3 **Makers of Nineteenth Century Culture** Justin Wintle Esq, Justin Wintle, 2021-12-24 This volume provides a critical examination of the lives and works of the leading novelists poets dramatists artists philosophers social thinkers mathematicians and scientists of the period The subjects are assessed in the light of their cultural importance and each entry is deliberately interpretative making this work both an essential reference tool and an engaging collection of essays Figures covered include Marx Wagner Darwin Malthus Balzac Jane Austen Nietzsche Babbage Edgar Allan Poe Ruskin Schleiermacher Herbert Spencer Harriet Martineau and Oscar Wilde

Brecht's Tradition Max Spalter, 2019-12-01 Originally published in 1967 Literary scholars often acknowledge that Brecht borrowed from a variety of traditions including Goethe Schiller expressionists naturalists and realists all of whom affected his work However they tend not to address any single tradition as exclusively Brecht's From these various literary traditions Brecht borrowed formal elements only compared with other writers to whom he is indebted Brecht exceeds them in cynicism They do not convey anything like his pitiless debunking attitude his corrosive anti romanticism his hardheaded refusal to idealize or glorify and his suspicion of all sentimentalities This book discusses what the author identifies as the Brechtian sensibility Chroniclers of drama have not totally ignored the Brechtian tradition but too often they are content to note merely that Brecht shared with some writers particularly Brecht and Wedekind a proclivity for open drama and episodes of racy realism tinged with poetic feeling Other critics have not closely studied the various plays of this tradition in order to show how they constitute a distinctive and well defined species of theater to which Brecht unmistakably belongs

The Production Notebooks Mark Bly, 1996 The first book of its kind offering an inside view of theatre today from the literary manager's point of view **All Theater Is Revolutionary Theater** Benjamin Bennett, 2018-07-05 All Theater Is Revolutionary Theater is the first book to consider why in the Western tradition and only in the Western tradition theatrical drama is regarded as its own literary or poetic type when the criteria needed to differentiate drama from other forms of writing do not resemble the criteria by which types of prose or verse are ordinarily distinguished Through close readings of such playwrights as Beckett Brecht Brecht Eliot Shaw Wedekind and Robert Wilson Benjamin Bennett looks at the relationship between literature and drama identifying typical problems in the development of dramatic literature and exploring how the uncomfortable association with theatrical performance affects the operation of drama in literary history Bennett's historical investigations into theoretical works ranging from Aristotle to Artaud Brecht and Diderot suggest that the attempt to include drama in the system of Western literature causes certain specific incongruities that in his view have the salutary effect of preserving the otherwise endangered possibility of a truly liberal progressive or revolutionary literature

Space and Time in Epic Theater Sarah Bryant-Bertail, 2000 The development of epic theater before during and after Brecht's time and analysis of epic productions showing the form's continued relevance Bertolt Brecht and the director Erwin Piscator developed epic theater in the 1920s because they found Western realism limited to the single perspective of an individual and thus unable to confront the new realities technological warfare revolution the metropolis and the mass media among others The epic stage juxtaposed the old media of actors and scenery with new media including film photography and electronic sound Bryant Bertail provides analyses of theatrical productions in the epic tradition from before during and after Brecht's lifetime Hasek's *The Good Soldier Schwejk* directed by Piscator *Mother Courage* written and directed by Brecht Lenz's *The Tutor* directed by Brecht Ibsen's *Peer Gynt* in productions directed by Peter Stein and Rustom Bharucha Bchner's *Leon and Lena* and *Les Atrides The House of Atreus* from Aeschylus and Euripides directed by Ariane Mnouchkine Bryant Bertail shows that epic theater's relevance for politically engaged artists lies in its discovery that history fate and human nature are spatio-temporal constructs that may be reconstructed on stage Sarah Bryant Bertail is associate professor in the School of Drama at the University of Washington
