The British 'B' Film Steve Chibnall, Brian McFarlane, 2017-10-07 This is the first book to provide a thorough examination of the British B movie from the war years to the 1960s The authors draw on archival research contemporary trade papers and interviews with key B filmmakers to map the B movie phenomenon both as artefact and as industry product and as a reflection on their times

The Business of Empire Jason M. Colby, 2011-10-27 The link between private corporations and U S world power has a much longer history than most people realize Transnational firms such as the United Fruit Company represent an earlier stage of the economic and cultural globalization now taking place throughout the world Drawing on a wide range of archival sources in the United States Great Britain Costa Rica and Guatemala Colby combines top down and bottom up approaches to provide new insight into the role of transnational capital labor migration and racial nationalism in shaping U S expansion into Central America and the greater Caribbean The Business of Empire places corporate power and local context at the heart of U S imperial history In the early twentieth century U S influence in Central America came primarily in the form of private enterprise above all United Fruit Founded amid the U S leap into overseas empire the company initially depended upon British West Indian laborers When its black workforce resisted white American authority the firm adopted a strategy of labor division by recruiting Hispanic migrants This labor system drew the company into increased conflict with its host nations as Central American nationalists denounced not only U S military interventions in the region but also American employment of black immigrants By the 1930s just as Washington renounced military intervention in Latin America United Fruit pursued its own Good Neighbor Policy which brought a reduction in its corporate colonial power and a ban on the hiring of black immigrants The end of the company's system of labor division in turn pointed the way to the transformation of United Fruit as well as the broader U S empire

Making the Empire Work Daniel E. Bender, Jana K. Lipman, 2015-07-17 Millions of laborers from the Philippines to the Caribbean performed the work of the United States empire Forging a global economy connecting the tropics to the industrial center workers harvested sugar cleaned hotel rooms provided sexual favors and filled military ranks Placing working men and women at the center of the long history of the U S empire these essays offer new stories of empire that intersect with the grand narratives of diplomatic affairs at the national and international levels Missile defense Cold War showdowns development politics military combat tourism and banana economics share something in common they all have labor histories This collection challenges historians to consider the labor that formed worked confronted and rendered the U S empire visible The U S empire is a project of global labor mobilization coercive management military presence and forced cultural encounter Together the essays in this volume recognize the United States as a global imperial player whose systems of labor mobilization and migration stretched from Central America to West Africa to the United States itself Workers are also the key

actors in this volume Their stories are multi vocal as workers sometimes defied the U S empire s rhetoric of civilization peace and stability and at other times navigated its networks or benefited from its profits Their experiences reveal the gulf between the American denial of empire and the lived practice of management resource exploitation and military exigency When historians place labor and working people at the center empire appears as a central dynamic of U S history Jeff Lenburg,Joan Howard Maurer,Greg Lenburg,2012 Provides information about the Stooges lives and careers including photographs interviews and filmography Tappin' at the Apollo Cheryl M. Willis,2016-05-02 In the 1920s and 1930s Edwina Salt Evelyn and Jewel Pepper Welch learned to tap dance on street corners in New York and Philadelphia By the 1940s they were Black show business headliners playing Harlem s Apollo Theater with the likes of Count Basie Fats Waller and Earl Fatha Hines Their exuberant tap style usually performed by men earned them the respect of their male peers and the acclaim of audiences Based on extensive interviews with Salt and Pepper this book chronicles for the first time the lives and careers of two overlooked female performers who succeeded despite the racism sexism and homophobia of the Big Band era *They Married Adventure* Pascal James Imperato,1999-03 Martin and Osa Johnson thrilled American audiences of the 1920s and 30s with their remarkable movies of far away places exotic peoples and the dramatic spectacle of African wildlife Their own lives were as exciting as the movies they made sailing through the South Sea Islands dodging big game at African waterholes flying small planes over the veldt taking millionaires on safari Osa Johnson s ghostwritten autobiography *I Married Adventure* became a national bestseller The 1939 film version was billed as the story of World Exploration s First Lady whose indomitable daring would be stayed by neither snarling lion nor crouching leopard tropic tempest nor savage tribesman Heroes to millions Osa and Martin seemed to embody glamor daring and the all American ideal of self reliance Probing beneath the glamor of the Johnsons public image Pascal and Eleanor Imperato explore the more human side of the couple s lives and ways the Johnsons shaped for better and for worse America s vision of Africa Drawing on many years of research access to a wealth of letters and archives interviews with many who worked closely with the Johnsons and their own deep knowledge of Africa the authors present a fascinating and intimate portrait of this intrepid couple **Study in Black and White** Tanya Sheehan,2018-11-26 In this volume Tanya Sheehan takes humor seriously in order to trace how photographic comedy was used in America and transnationally to express evolving ideas about race black emancipation and civil rights in the mid 1800s and into the twentieth century Sheehan employs a trove of understudied materials to write a new history of photography one that encompasses the rise of the commercial portrait studio in the 1840s the popularization of amateur photography around 1900 and the mass circulation of postcards and other photographic ephemera in the twentieth century She examines the racial politics that shaped some of the most essential elements of the medium from the negative positive process to the convention of the photographic smile The book also places historical discourses in relation to contemporary art that critiques racism through humor including the work of Genevieve Grieves Adrian Piper Lorna Simpson

Kara Walker and Fred Wilson By treating racial humor about and within the photographic medium as complex social commentary rather than a collectible curiosity Study in Black and White enriches our understanding of photography in popular culture Transhistorical and interdisciplinary this book will be of vital interest to scholars of art history and visual studies critical race studies U S history and African American studies **The Kitemaker** Ruskin Bond,2011-01-24 Ruskin Bond wrote his first short story Untouchable at the age of sixteen in 1950 Since then he has written over a hundred stories including the classics A Face in the Dark The Kitemaker The Tunnel and Time Stops at Shamli Two of his autobiographical works Life with Father and My Father s Last Letter are also included in this selection Filled with characteristic warmth gentle humour and keen observations on daily life this collection brings together some of the fi nest short fiction by one of India s best loved authors **Encyclopedia of American Short Films, 1926-1959** Graham Webb,2020-07-10 Short subject films have a long history in American cinemas These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon a newsreel possibly a serial and a short before launching into the feature film Shorts could tackle any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts With the advent of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films using them as a testing ground for the use of sound in feature movies After the Second World War and the rising popularity of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s Pine-Thomas Productions David C.
