George Washington Leader Of A New Nation:

George Washington Daniel C. Gedacht,2003-08-15 Surveys the life of George Washington the son of a Virginia tobacco planter who became the first president of the United States **George Washington's Journey** T.H. Breen,2016-01-12

Follows Washington's journey to each of the original thirteen states during which he brought the government to the people and promoted the idea of a strong federal union George Washington Mary Pope Osborne,1991 A biography of our first

President illustrated with old prints maps and photographs **New Nation through the Eyes of George Washington**

Anita Yasuda,2015-12-15 Experience the new nation from President George Washington's perspective Learn about the challenges he faced how he responded to difficult issues and how he shaped the country during this pressing time in office

George Washington Matt Doeden,2006 Presents the life of George Washington focusing primarily on his role in the American Revolution and the formation of the United States **S/Gde Bk 4 New Nation G8 2005** Oup,2005 **George Washington: First President of the United States (Presidential Biographies)** Jevon Bolden,2021-02-23 Meet George Washington Founding Father general in the American Revolution and our first president in this introduction for young readers After the Continental Army won the American Revolution General George Washington was an easy pick to be the new nation's first president But when George Washington took office no one knew what the president's job should be or how the country should be run During his two terms Washington set the standard for the office and helped shape our democracy Many people remember Washington as one of if not the country's greatest leader ABOUT THIS SERIES This series of engaging in depth books introduces readers to the people who have led our country since its very first days Lively text and colorful illustrations are supplemented by fun facts a timeline and even a sampling of the subject's most famous quotes Presidential Biographies will be the first books kids reach for when writing a report or if they're simply looking for a fascinating read The New Nation Joy Hakim,2003 Covers American history from Washington's inauguration until the first quarter of the 19th century including the Louisiana Purchase Lewis and Clark's expedition and the beginnings of abolitionism

In Pursuit of Moral Political Leadership Glen M. E. Duerr,Mark Caleb Smith,Justin D. Lyons,2025-09-18 This book examines political leadership utilizing a worldview centered on the Bible There are eleven substantive case study chapters that cover a wide swath of famous political leaders across multiple centuries and in several different national contexts within systems that diverge widely In Pursuit of Moral Political Leadership sets the objective of investigating moral leadership knowing that every human being has their flaws and shortcomings yet pursues strong leadership for the betterment of their respective polities Notably each author assesses the strengths and weaknesses of each leader but also analyzes the institutional constraints on their decision making that help to provide a fuller picture of their leadership legacies Utilizing diverse scholars from Cedarville University's Department of History and Government the book features chapters on Oliver Cromwell Edmund Burke George Washington Winston Churchill Syngman Rhee J Edgar Hoover Martin Luther King Jr

Margaret Thatcher Benjamin Netanyahu as well as two comparative chapters on i Jimmy Carter and Ronald Reagan and ii George W Bush Tony Blair and Stephen Harper

George Washington's Journey T.H. Breen, 2016-01-12 This is George Washington in the surprising role of political strategist T H Breen introduces us to a George Washington we rarely meet During his first term as president he decided that the only way to fulfill the Revolution was to take the new federal government directly to the people He organized an extraordinary journey carrying him to all thirteen states It transformed American political culture For Washington the stakes were high If the nation fragmented as it had almost done after the war it could never become the strong independent nation for which he had fought In scores of communities he communicated a powerful and enduring message that America was now a nation not a loose collection of states And the people responded to his invitation in ways that he could never have predicted

George Washington's Leadership Lessons James Rees, Stephen J. Spignesi, 2007-01-22 From James Rees Executive Director of Mount Vernon comes an enlightening guide to the leadership wisdom of America's first great leader George Washington was more than just an inspiring battlefield commander he was critical to the founding and success of the United States of America His leadership his vision and his courage united a war-torn country and set the United States on the path to greatness Washington's historic contribution to this nation his leadership and his character are as relevant and valuable today as they have ever been This book reveals Washington's character his leadership his vision and most surprising of all his business skills and acumen Most people aren't aware that Washington while all of the above was also a successful businessman and visionary entrepreneur Exhibiting qualities sorely lacking in so many of our political and business leaders today Washington remained steadfastly honest and ethical following guiding principles that would benefit leaders around the world George Washington's Leadership Lessons reveals a man of true character worthy of emulation not just in the realm of politics and war but in all leadership positions

The First New Nation Seymour Martin Lipset, The United States was the first major colony to revolt successfully against colonial rule In this sense it was the first new nation To see how in the course of American history its values took shape in institutions may help us to understand some of the problems faced by the new nations emerging today on the world scene In *The First New Nation* two broad themes occupy Seymour Martin Lipset's attention the social conditions that make a stable democracy possible and the extent to which the American experience was representative or exceptional The volume is divided into three parts each of which deals with the role of values in a nation's evolution but each approaches this role from a different perspective Part 1 *America as a New Nation* compares early America with today's emerging nations to discover problems common to them as new nations and analyzes some of the consequences of a revolutionary birth for the creation of a national character and style Part 2 *Stability in the Midst of Change* traces how values derived from America's revolutionary origins have continued to influence the form and substance of American institutions Lipset concentrates on American history in later periods selecting for discussion as critical cases religious institutions and trade unions Part 3 *Democracy in*

Comparative Perspective attempts to show by comparative analysis some ways through which a nation's values determine its political evolution. It compares political development in several modern industrialized democracies including the United States touching upon value patterns, value differences, party systems and the bases of social cleavage. *Dilemmas of Presidential Leadership* Richard Ellis, Aaron B. Wildavsky, 1989-01-01. *Dilemmas of Presidential Leadership* challenges the widely accepted distinction between traditional and modern presidencies, a dichotomy by which political science has justified excluding from its domain of inquiry all presidents preceding Franklin Roosevelt. Rather than divide history into two mutually exclusive eras, Richard Ellis and Aaron Wildavsky divide the world into three sorts of people: egalitarians, individualists, and hierarchs. All presidents, the authors contend, must manage the competition between these rival political cultures. It is this commonality which lays the basis for comparing presidents across time. To summarize and simplify, the book addresses two general categories of presidencies. The first is the president with a blend of egalitarian and individualist cultural propensities. Spawned by the American revolution, this anti-authoritarian cultural alliance dominated American politics until it was torn asunder by what Charles Beard has called the second American revolution, the Civil War. The Jeffersonian and Jacksonian presidents labored with varying degrees of success to square the exercise of authority with their own and their followers' anti-authoritarian principles. They also were faced with intraparty conflicts that periodically flared up between egalitarian and individualist followers. The president with hierarchical cultural propensities faced different problems. While the precise contours of the dilemma varied, all struggled in one way or another to reconcile their own and their party's preferences with the anti-hierarchical ethos that inhered in the society and the polity. Hierarchical presidents like Washington and Adams were hamstrung by this dilemma, as were Whig leaders like Henry Clay and Daniel Webster who aspired to the presidency but never achieved it. Abraham Lincoln's greatness resided in part in his ability to resolve the hierarch's dilemma. He operated in wartime when he could invoke the commander-in-chief clause and he created a new cultural combination in which hierarchy was subordinated to individualism. This suggests the authors' was a key to his greatness. The unique dimension of this volume is its use of cultural theory to explain presidential behavior. It also differs from other books in that it deals with pre-modern presidents who are too often treated as only of antiquarian interest in mainstream political science literature on the presidency. The analysis lays the groundwork for a new basis for comparison of early presidents with modern presidents.

The American Presidency Sidney M. Milkis, Michael Nelson, 2015-03-03. *The American Presidency* examines the constitutional foundation of the executive office and the social, economic, political, and international forces that have reshaped it along with the influence individual presidents have had. Authors Sidney Milkis and Michael Nelson look at each presidency broadly focusing on how individual presidents have sought to navigate the complex and ever-changing terrain of the executive office and revealing the major developments that launched a modern presidency at the dawn of the twentieth century. By connecting presidential conduct to the defining eras of American history and the larger context of politics and

government in the United States this award winning book offers perspective and insight on the limitations and possibilities of presidential power In this Seventh Edition marking the 25th anniversary of *The American Presidency* s publication the authors add new scholarship to every chapter reexamine the end of George W Bush s tenure assess President Obama s first term in office and explore Obama s second term

A History of US: The New Nation Joy Hakim,2012-10-16 Recommended by the Common Core State Standards for English Language Arts and Literacy as an exemplary informational text Beginning with George Washington s inauguration and continuing into the nineteenth century *The New Nation* tells the story of the remarkable challenges that the freshly formed United States faced Thomas Jefferson s purchase of the Louisiana Territories bought from France at a mere four cents an acre Lewis and Clark s daring expedition through this wilderness the War of 1812 a Revolutionary War Part II Tecumseh s effort to form an Indian confederacy the growth of Southern plantations the beginning of the abolitionist movement and the disgraceful Trail of Tears are just a few of the setbacks sidetracks and formidable tasks put in the new nation s path Master storyteller Joy Hakim weaves these dramatic events and more into a seamless tale that s so exciting how could it be true But it is it s *A History of US*
