George Crabbe A Reappraisal:

George Crabbe Frank S. Whitehead,1995 *George Crabbe A Reappraisal* is centered on the belief that Crabbe particularly in his verse tales is an important even major poet whose work has been and still is seriously undervalued After an introductory chapter the next five chapters in Part 1 offer a straightforward account of the changes in Crabbe's poetry up to its pinnacle of achievement in 1812 tracing its development from the generalized discursive poetical essays of the 1780s through the particularized character sketches and anecdotes of *The Parish Register* and much of *The Borough* to the full length verse tales that reach their full maturity in *Tales* 1812 *The Literary Economy of Jane Austen and George Crabbe* Colin Winborn,2017-11-28 Though Jane Austen 1775 1817 and the poet George Crabbe 1754 1832 each wrote during the Napoleonic Wars no full length study has considered the importance of these pivotal events to their writing In *The Literary Economy of Jane Austen and George Crabbe* the author argues that both writers were unusually responsive to the economic anxieties specific to wartime occasioned especially by the Napoleonic trade embargo imposed on Britain from 1806 to 1812 and shared a particular concern with the economizing of space The author's term spatial economy refers to the practice of turning available resources to the best possible account which these authors applied even to the practice of writing as they strove to preserve space on the page Austen in her letters and Crabbe in the couplet Their work displays a preoccupation with boundaries pressure and containment which also informs economic treatises published during this period Through close readings and fresh contextual and historical analysis that draws on the ideas of contemporary thinkers such as Thomas Malthus William Spence William Cobbett Arthur Young and Humphrey Repton Winborn not only establishes a close affinity between Austen and Crabbe but makes a convincing case for rethinking the relationship between the novel and poetry during the Romantic period *A Time and a Place* Frances Gibb,2022-04-28 George Crabbe 18th century poet clergyman and surgeon apothecary is best known for *Peter Grimes* the tale of a sadistic fisherman that inspired Benjamin Britten's opera of the same name The brutal crimes and tortured guilt of Grimes play out within the bleak improbably beautiful setting of Aldeburgh While Crabbe has fallen in and out of fashion the Suffolk town and its landscape have continued to captivate writers and artists including Britten Ronald Blythe Susan Hill and Maggi Hambling all drawn to the stark coastline eerie mudflats and open skies In *A Time and a Place* Frances Gibb engages afresh with Crabbe's writing tracing for the first time the resonance of this place in his life and work She delves into his creative struggles religious faith romantic loves and opium addiction Above all she explores the continual lure for Crabbe and those who have followed of the little venal borough and the land and sea beyond **The Oxford Encyclopedia of British Literature** David Scott Kastan,2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the *Encyclopedia of British Literature* includes

Emotions and the Making of Psychiatric Reform in Britain, c. 1770-1820 Mark Neuendorf, 2021-11-19 This book explores the ways which people navigated the emotions provoked by the mad in Britain across the long eighteenth century Building upon recent advances in the historical study of emotions it plots the evolution of attitudes towards insanity and considers how shifting emotional norms influenced the development of a humanitarian temperament which drove the earliest movements for psychiatric reform in England and Scotland Reacting to a culture of sensibility which encouraged tears at the sight of tender suffering early asylum reformers chose instead to express their humanity through unflinching resolve charging into madhouses to contemplate scenes of misery usually hidden from public view and confronting the authorities that enabled neglect to flourish This intervention required careful emotional management which is documented comprehensively here for the first time Drawing upon a wide array of medical and literary sources this book provides invaluable insights into pre modern attitudes towards insanity

Poetry of the Self-taught Julie D. Prandi, 2008 The Poetry of the Self Taught demonstrates the characteristic strengths of self taught poetry and analyzes the factors that have caused most selftaught poets to disappear from anthologies and from literary history Raising the question of whether or not their work should be read today and taken seriously instead of being relegated to separate and unequal categories like women s or peasant poetry the book highlights interesting contrasts between the poetry of eighteenth century autodidacts such as Robert Burns Mary Leapor C D F Schubart and Anna Louise Karsch and the work of their contemporaries mainstream poets like Alexander Pope James Thomson C F Gellert and Barthold Heinrich Brockes Self taught poetry is often treated as an index to the lives and times of the poets but this book explores it with a different purpose to understand and illustrate the commonalities in autodidactic poetics imagery rhetorical strategies and themes Concurrent with a recent upturn of interest in laboring or self taught poets both in England and in Germany The Poetry of the Self Taught will be useful for courses focusing on such poets or those dealing with eighteenth century literature

Disabling Romanticism Michael Bradshaw, 2016-06-09 This book investigates the presence of disability in British Romantic literature as subject matter as metaphorical theme and as lived experience It is the first collection of its kind breaking new ground in re interpreting key texts and providing a challenging overview of this emerging field The collection offers both a critique of academic Romantic

studies and an affirmation of the responsiveness of the Romantic canon to new stimuli Authors discussed include William Blake Lord Byron Ann Batten Cristall Samuel Taylor Coleridge George Darley Richard Payne Knight William Gilpin Mary Robinson Mary Shelley Robert Southey and William Wordsworth **Satire and Romanticism** S. Jones,2000-04-21 This remarkable study of the constructive and ultimately canon forming relationship between satiric and Romantic modes of writing from 1760 to 1832 provides us with a new understanding of the historical development of Romanticism as a literary movement Romantic poetry is conventionally seen as inward turning sentimental sublime and transcendent whereas satire with its public profane and topical rhetoric is commonly cast in the role of generic other as the un Romantic mode This book argues instead that the two modes mutually defined each other and were subtly interwoven during the Romantic period By rearranging reputations changing aesthetic assumptions and re distributing cultural capital the interaction of satiric and Romantic modes helped make possible the Victorian and modern construction of English Romanticism **The Wordsworth-Coleridge Circle and the Aesthetics of Disability** Emily B. Stanback,2017-10-25 This book argues for the importance of disability to authors of the Wordsworth Coleridge circle By examining texts in a variety of genres ranging from self experimental medical texts to lyric poetry to metaphysical essays Stanback demonstrates the extent to which non normative embodiment was central to Romantic era thought and Romantic era aesthetics The book reassesses well known literary and medical works by such authors as William Wordsworth Samuel Taylor Coleridge and Humphry Davy argues for the importance of lesser studied work by authors including Charles Lamb and Thomas Beddoes and introduces significant unpublished work by Tom Wedgwood
