[The Heroic Heart](#) Tod Lindberg,2015-09-08 What does it mean to be a hero In *The Heroic Heart* Tod Lindberg traces the quality of heroic greatness from its most distant origin in human prehistory to the present day The designation of hero once conjured mainly the prowess of conquerors and kings slaying their enemies on the battlefield Heroes in the modern world come in many varieties from teachers and mentors making a lasting impression on others by giving of themselves to firefighters no less willing than their ancient counterparts to risk life and limb They don t do so to assert a claim of superiority over others however Rather the modern heroic heart acts to serve others and save others The spirit of modern heroism is generosity what Lindberg calls the caring will a primal human trait that has flourished alongside the spread of freedom and equality Through its intimate portraits of historical and literary figures and its subtle depiction of the most difficult problems of politics *The Heroic Heart* offers a startlingly original account of the passage from the ancient to the

modern world and the part the heroic type has played in it Lindberg deftly combines social criticism and moral philosophy in a work that ranks with such classics as Thomas Carlyle's nineteenth century *On Heroes Hero Worship and the Heroic in History* and Joseph Campbell's twentieth century *The Hero with a Thousand Faces* *Anti-Hero* A.J. Lozier, 2022-02-25 A memoir of one man's journey into and out of the movement that foreshadowed the modern day Antifa Between 1999 2005 as the nation convulsed with uncertainty over a contested election and the Sept 11 attacks A J Lozier attended and helped organize protests across the United States as an active participant in the anarchist black bloc predecessor to the modern day Antifa He was charged tackled swung at shot at with rubber bullets punched and once arrested He did his fair of shoving too all in the name of Anarchy which he believed to be the only hope for a more peaceful and equitable society in which capitalism was a thing of the past This is no behind the mask expos but nor is it a work of unselfconscious propaganda It is first and foremost a story but one that charts how a pure intentioned desire for peace and justice morphed into a mechanism for justifying any behavior It is a story that foreshadows the Antifa we see today **Mercy** Cathal J. Nolan, 2023 In *The Merciful Warrior* author Cathal J Nolan compiles and analyzes acts of mercy and decency in war drawing upon centuries of military history and dozens of wars to challenge nationalist myths the usual heroic fabrications and all claims to exclusive or unilateral moral virtue *Presidency and Domestic Policy* Michael A. Genovese, Todd L. Belt, William W. Lammers, 2015-11-17 This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships The second edition of this timely book adds chapters on George W Bush and Obama and focuses on the significant domestic policy challenges of their respective times The authors have reconfigured the analytical framework of the book to take into account the dynamic opportunity structure that emerged during the George W Bush administration The *Presidency and Domestic Policy* provides unique insights into contemporary presidential leadership in a highly partisan age [Encyclopedia of the American Presidency, Fourth Edition](#) Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind *Encyclopedia of the American Presidency Fourth Edition* is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information *Encyclopedia of the American Presidency Fourth Edition* contains more than 750 entries Entries include Bully pulpit
