BILL E. FAUCETT

George Whitefield Chadwick His Symphonic Works

Hugh Chisholm

George Whitefield Chadwick His Symphonic Works:

George Whitefield Chadwick Bill F. Faucett,1996-03-19 Investigates Chadwick s symphonic compositions based on their historical background Detailed musical analysis provides an understanding of the stylistic and structural tendencies An exhaustive review of the critical reception of Chadwick s symphonic oeuvre places the works in a cultural context George Whitefield Chadwick Bill F. Faucett,2012 In many ways this is the story of the birth of the American style in classical music George Whitefield Chadwick 1854 1931 was one of the most significant and influential American composers at the turn of the twentieth century and a leading light of the Boston cultural scene Bill F Faucett offers a detailed exploration of Chadwick s life and art utilizing archival material only recently made available These crucial primary sources including letters diaries and memoirs enable a deeper and more nuanced understanding of Chadwick s music and aesthetic perspective and provide a clearer lens through which to view his life career and times The book traces Chadwick s story from his earliest musical education to his surging career in Boston s nascent musical culture of the 1880s to his fruitful middle years and finally to his later life and towering legacy In addition to bringing newfound appreciation of Chadwick s life Faucett s book offers penetrating examinations of his major compositions and a vivid re creation of Boston s rich and influential musical and cultural scene

George Whitefield Chadwick Bill F. Faucett,1998-04-16 George Whitefield Chadwick was one of the most prolific composers that the United States ever produced During a career that spanned over 50 years he was considered the Dean of American Composers from the 1880s until after World War I He composed in nearly every genre including opera stage works seven orchestral music 17 major works songs over 100 and dozens of choral and chamber works Chadwick benefited from numerous performances of his music particularly by the Boston Symphony Orchestra and many of his works were published during his lifetime He was also considered one of the foremost teachers of his era He began teaching composition at the New England Conservatory of Music and became its Dean in 1897 a post he held for more than 30 years Chadwick and his music are currently enjoying a revival *The Symphonic Works of George Whitefield Chadwick* Bill F. Faucett,1992 *The Symphonic Repertoire, Volume V* Brian Hart,A. Peter Brown,2024-01-30 Central to the repertoire of Western art music since the 1700s the symphony has come to be regarded as one of the ultimate compositional challenges In his series *The Symphonic Repertoire* the late A Peter Brown explored the symphony in Europe from its origins into the 20th century In Volume V Brown s former students and colleagues continue his vision by turning to the symphony in the Western Hemisphere It examines the work of numerous symphonists active from the early 1800s to the present day and the unique challenges they faced in contributing to the European symphonic tradition The research adds to an unmatched compendium of knowledge for the student teacher performer and sophisticated amateur This much anticipated fifth volume of *The Symphonic Repertoire* *The Symphony in the Americas* offers a user friendly comprehensive history of the symphony genre in the United States and Latin America **Orchestrating the Nation** Douglas W. Shadle,2016 During the nineteenth century

nearly one hundred symphonies were written by over fifty composers living in the United States. With few exceptions this repertoire is virtually forgotten today. In *Orchestrating the Nation: The Nineteenth Century American Symphonic Enterprise*, author Douglas W. Shadle explores the stunning stylistic diversity of this substantial repertoire and uncovers why it failed to enter the musical mainstream. Throughout the century, Americans longed for a distinct national musical identity. As the most prestigious of all instrumental genres, the symphony proved to be a potent vehicle in this project as composers found inspiration for their works in a dazzling array of subjects including Niagara Falls, Hiawatha, and Western pioneers. With a wealth of musical sources at his disposal, including never before examined manuscripts, Shadle reveals how each component of the symphonic enterprise, from its composition to its performance to its immediate and continued reception by listeners and critics, contributed to competing visions of American identity. Employing an innovative transnational historical framework, Shadle's narrative covers three continents and shows how the music of major European figures such as Beethoven, Schumann, Wagner, Liszt, Brahms, and Dvorak exerted significant influence over dialogues about the future of American musical culture. Shadle demonstrates that the perceived authority of these figures allowed snobby conductors, capricious critics, and even orchestral musicians themselves to thwart the efforts of American symphonists despite widespread public support of their music. Consequently, these works never entered the performing canons of American orchestras. An engagingly written account of a largely unknown repertoire, *Orchestrating the Nation* shows how artistic and ideological debates from the nineteenth century continue to shape the culture of American orchestral music today.

Music in Boston Bill F. Faucett, 2016-04-29
Music in Boston: Composers, Events, and Ideas, 1852-1918 is a history of the city's classical music culture in the period that begins a decade before the American Civil War and extends to the close of the Great War. The book provides insights into the intellectual foundation of Boston's musical development as revealed in the writings of its significant critics and thinkers, including John Sullivan Dwight, John Knowles Paine, William Foster Apthorp, and others. It also examines the influence of outsiders Patrick Gilmore, Theodore Thomas, Richard Wagner, New York's Metropolitan Opera, and Richard Strauss on Boston's performance and composition scene while also considering events that affected music in Boston, such as the building of the Music Hall, the acquisition of its Great Organ, the National Peace Jubilee, Chicago's Columbian Exposition, Boston's first Wagner Festival, and the rise and fall of the Boston Opera Company. *Music in Boston* also accounts for the ascent of the Second New England School of composers John Knowles Paine, Edward MacDowell, George Whitefield Chadwick, Amy Beach, and others, and discusses their key compositions and legacy. Finally, the book explores Boston itself, its transformations via immigration, its ever-changing topography, and its economy.

All Music Guide to Classical Music Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09
Offering comprehensive coverage of classical music, this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers, as well as twenty-three essays on forms, eras, and genres of classical music. Original.

The Detroit Symphony Orchestra Paul Ganson, Laurie

Lanzen Harris, 2016-06-09 The first history of the Detroit Symphony Orchestra to describe and document its origins in 1887 to the present day relating its changing fortunes in light of the economic demographic and cultural history of the city of Detroit The Detroit Symphony Orchestra Grace Grit and Glory details the history of the Detroit Symphony Orchestra as seen through the prism of the city it has called home for nearly 130 years Now one of America's finest orchestras the Detroit Symphony Orchestra began in 1887 as a rather small ensemble of around thirty five players in a city that was just emerging as an industrial powerhouse Since then both the city and its orchestra have known great success in musical artistry for the symphony and economic influence for the city They have each faced crises as well financial social and cultural that have forced the DSO into closure three times and the city to the brink of dissolution Yet somehow in the face of adversity the DSO stands strong today a beacon of perseverance and rebirth in a city of second chances This is the first history of the DSO to document the orchestra from its earliest incarnation in the late nineteenth century to its current status as one of the top orchestras in the country The Detroit Symphony Orchestra tells the story of the organization the musicians the musical directors the boards and the management as they strove for musical excellence and the consistent funding and leadership to achieve it in the changing economic and cultural landscape of Detroit Author Laurie Lanzen Harris with Paul Ganson explores the cycles of glory collapse and renewal of the orchestra in light of the city's own dynamic economic demographic and cultural changes Any reader with an interest in Detroit history or the history of American symphony orchestras should have this book on his or her shelf

Contemporary World Musicians Clifford Thompson, 2020-10-07 Music lovers researchers students librarians and teachers can trace the personal and artistic influences behind music makers from Elton John to Leontyne Price Individual entries on over 400 of the world's most renowned and accomplished living performers composers conductors and band leaders in musical genres from opera to hip hop Also includes an in depth Index covering musicians of all eras so that readers can learn which artists alive or dead influenced the work of today's most important figures in the music industry

A Tidal Wave of Encouragement E. Douglas Bomberger, 2001-10-30 In July of 1884 pianist Calixa Lavallée performed a recital of works by American composers that began a highly influential series of such concerts Over the course of the next decade hundreds of all American concerts were performed in the United States and Europe a movement that fostered both the development and the perception of American music as a unique art form A Tidal Wave of Encouragement the title of which is derived from one observer's description of the movement is the first in depth study of this significant period in American music Providing a comprehensive history of the Concerts as well as detailed accounts of the intense critical debate surrounding them author E Douglas Bomberger reveals how one decade shaped the future of American classical music and very much impacted the way

we hear it today The movement crucial in focusing discussion on American music and providing performance opportunities for composers and musicians for whom no such opportunities had before existed was far more extensive and widespread than most scholarship had credited it This oversight is due in large part to the dearth of objective studies of the Concerts previous considerations have tended either toward the merely nostalgic or toward the unnecessarily disparaging Bomberger s work is a corrective to this as well as much needed historical and critical account of a project whose influence had yet to be fully acknowledged Roger Sessions Frederik Prausnitz,2002 His music was considered too difficult for performers and audiences alike and encountered durable if intensely respectful neglect BOOK JACKET

Women in American History
Peg A. Lamphier,Rosanne Welch,2017-01-23 This four volume set documents the complexity and richness of women s contributions to American history and culture empowering all students by demonstrating a more populist approach to the past Based on the content of most textbooks it would be easy to reach the erroneous conclusion that women have not contributed much to America s history and development Nothing could be further from the truth Offering comprehensive coverage of women of a diverse range of cultures classes ethnicities religions and sexual identifications this four volume set identifies the many ways in which women have helped to shape and strengthen the United States This encyclopedia is organized into four chronological volumes with each volume further divided into three sections Each section features an overview essay and thematic essay as well as detailed entries on topics ranging from Lady Gaga to Ladybird Johnson Lucy Stone and Lucille Ball and from the International Ladies of Rhythm to the International Ladies Garment Workers Union The set also includes a vast variety of primary documents such as personal letters public papers newspaper articles recipes and more These primary documents enhance users learning opportunities and enable readers to better connect with the subject matter *The Encyclopaedia Britannica* Hugh Chisholm,1911 *The Encyclopaedia Britannica: Mun to Pay*,1911

Pacific Coast Musical Review ,1913 *The Encyclopædia Britannica* Hugh Chisholm,James Louis Garvin,1926

Giuseppe Ferrata Edward Eanes,1998 A historical account of Giuseppe Ferrata s 1865 1928 life from his childhood in Italy through the difficult years as an unknown migr musician in America to his final years as a leading figure in the cultural life of New Orleans Sources include local newspapers university archives family scrapbooks correspondence and personal interviews with his son Ernesto Ferrata Moreover this book offers an overview of Ferrata s compositional style with a brief examination of his major publications such as the Messe solenne and the String Quartet in G Major A catalog of Ferrata s published and unpublished compositions is included

Whispering the Secrets of Language: An Psychological Quest through **George Whitefield Chadwick His Symphonic Works**

In a digitally-driven world where displays reign great and immediate transmission drowns out the subtleties of language, the profound techniques and emotional subtleties concealed within words frequently move unheard.
