

German Empire 1870 1918

Michael Stürmer

German Empire 1870 1918:

The German Empire Michael Stürmer,2000 A leading German historian on the period from 1871 to 1919 from Bismarck to the First World War The German Empire, 1870-1918 Michael Stürmer,2000 **The German Empire** Michael Sturmer,2002-08-06 In a remarkably vibrant narrative Michael Stürmer blends high politics social history portraiture and an unparalleled command of military and economic developments to tell the story of Germany's breakneck rise from new nation to Continental superpower It begins with the German military's greatest triumph the Franco Prussian War and then tracks the forces of unification industrialization colonization and militarization as they combined to propel Germany to become the force that fatally destabilized Europe's balance of power Without The German Empire's masterly rendering of this story a full understanding of the roots of World War I and World War II is impossible Prusso-Württembergian Military Relations in the German Empire, 1870-1918 Robert Thomas Walker,1974 **Prusso-Wuerttembergian Military Relations in the German Empire, 1870-1918** Robert Thomas Walker,1974 **Prusso-Württembergian Military Relations in the German Empire, 1870-1918** Robert Thomas Walker,1974 **The German Empire** Michael Sturmer,2007-12-18 In The German Empire one of Europe's great historians and men of letters chronicles one of history's most fateful transformations Germany's rise from new nation to prime mover in the chain of events that sent it hurtling into two world wars In 1871 Otto von Bismarck fused with blood and iron a motley collection of principalities Free Cities and bishoprics into one Reich In England Benjamin Disraeli observed that the world was witnessing a greater political event than the French revolution of last century There is not a diplomatic tradition which has not been swept away The balance of power has been entirely destroyed Disraeli's powers of prophecy in this as in much else were formidable The Age of Bismarck saw Germany become the dynamo of Europe its preeminent economic and military power its scientific and educational nerve center and a place of tremendous artistic ferment But there would be no simple spell to return to their bottles the genies unleashed by these vast forces and Michael Stürmer traces the convergence of people and events that sent Europe's fragile balance of power over the brink and into conflict No war was fought for less purpose or with greater slaughter than the First World War which in Michael Stürmer's assured hands arrives as the next to last act of an epic drama all the more tragic for the blazing brilliance of its opening scenes Though the drama's final horrible act the Second World War takes place offstage from The German Empire it is impossible to understand its origins without the history Michael Stürmer tells here with such elegance and insight **The Lost History of 1914** Jack Beatty,2012-02-21 Challenges beliefs that World War I was inevitable documenting largely forgotten events in each of the warring countries to reveal how several factors may have prevented the war or caused a different outcome **Hitler and Nazi Germany** Jackson J. Spielvogel,David Redles,2020-05-05 Hitler and Nazi Germany A History is a brief but comprehensive survey of the Third Reich based on current research findings that provides a balanced approach to the study of Hitler's role in the history of the Third Reich The book considers the economic social and political

forces that made possible the rise and development of Nazism the institutional cultural and social life of the Third Reich World War II and the Holocaust World War II and the Holocaust are presented as logical outcomes of the ideology of Hitler and the Nazi movement This new edition contains more information on the Kaiserreich Imperial Germany as well as Nazi complicity in the Reichstag Fire and increased discussion of consent and dissent during the Nazi attempt to create the ideal Volksgemeinschaft people s community It takes a greater focus on the experiences of ordinary bystanders perpetrators and victims throughout the text includes more discussion of race and space and the final chapter has been completely revised Fully updated the book ensures that students gain a complete and thorough picture of the period and issues Supported by maps images and thoroughly updated bibliographies that offer further reading suggestions for students to take their study further the book offers the perfect overview of Hitler and the Third Reich Zionism, the German Empire, and Africa Axel Stähler, 2018-11-05 Zionism the German Empire and Africa explores the impact on the self perception and culture of early Zionism of contemporary constructions of racial difference and of the experience of colonialism in imperial Germany More specifically interrogating in a comparative analysis material ranging from mainstream satirical magazines and cartoons to literary aesthetic and journalistic texts advertisements postcards and photographs monuments and campaign medals ethnographic exhibitions and publications popular entertainment political speeches and parliamentary reports the book situates the short lived but influential Zionist satirical magazine Schlemiel 1903 07 in an extensive network of nodal clusters of varying and shifting significance and with differently developed strains of cohesion or juncture that roughly encompasses the three decades from 1890 to 1920 **Mendelssohn to Mendelsohn** Cyril Reade, 2007 This book takes a fresh look at the history of the Jews in Berlin using significant examples of the rich visual legacy of the period It begins by examining the visual environment of the Enlightenment philosopher Moses Mendelssohn 1729 86 and his community whose lives were regulated by feudal conditions in the waning days of a mercantilist regime It also looks at the Moorish Revival synagogue on the Oranienburgerstrasse inaugurated in 1866 that reflects the status and the evolving sense of identity of the sponsoring community at that moment in the nineteenth century pursuit of emancipation and the incremental attainment of civil rights The book ends with the Weimar Republic where the inventive modernist architect Erich Mendelsohn contributed to the vital building program of the Neue Sachlichkeit The visual studies approach adopted here foregrounds the articulation of the dominant culture s visual language by a dynamic minority expressing its place within the process of German nation building

The Corporation Renate E. Meyer, Stephan Leixnering, Jeroen Veldman, 2022-01-27 The Corporation engages with current issues of the corporation as an institutionalized organizational form approaching the concept from the backgrounds of organization theory law and economics combining different theoretical views and empirical approaches *Imperial Germany Revisited* Sven Oliver Müller, Cornelius Torp, 2013 The German Empire its structure its dynamic development between 1871 and 1918 and its legacy have been the focus of lively international debate that is showing signs of further

intensification as we approach the centenary of the outbreak of World War I Based on recent work and scholarly arguments about continuities and discontinuities in modern German history from Bismarck to Hitler well known experts broadly explore four themes the positioning of the Bismarckian Empire in the course of German history the relationships between society politics and culture in a period of momentous transformations the escalation of military violence in Germany s colonies before 1914 and later in two world wars and finally the situation of Germany within the international system as a major political and economic player The perspectives presented in this volume have already stimulated further argument and will be of interest to anyone looking for orientation in this field of research **German Atrocities, 1914** John Horne, Alan Kramer, 2001-01-01

Is it true that the German army invading Belgium and France in August 1914 perpetrated brutal atrocities Or are accounts of the deaths of thousands of unarmed civilians mere fabrications constructed by fanatically anti German Allied propagandists Based on research in the archives of Belgium Britain France Germany and Italy this pathbreaking book uncovers the truth of the events of autumn 1914 and explains how the politics of propaganda and memory have shaped radically different versions of that truth John Horne and Alan Kramer mine military reports official and private records witness evidence and war diaries to document the crimes that scholars have long denied a campaign of brutality that led to the deaths of some 6500 Belgian and French civilians Contemporary German accounts insisted that the civilians were guerrillas executed for illegal resistance In reality this claim originated in a vast collective delusion on the part of German soldiers The authors establish how this myth originated and operated and how opposed Allied and German views of events were used in the propaganda war They trace the memory and forgetting of the atrocities on both sides up to and beyond World War II Meticulously researched and convincingly argued this book reopens a painful chapter in European history while contributing to broader debates about myth propaganda memory war crimes and the nature of the First World War Germany at War David T.

Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany s Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation s military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played

in the nation throughout its history and why Germany continues to be an important player on the European continent *The Greatest Spy* John Harte, 2025-09-16 Discover the life and daring exploits of the real life model for the world's most famous spy James Bond Sidney Reilly When a twenty year old Ukrainian arrived in London as a candidate for the position of secret agent in Britain's Secret Intelligence Bureau the chiefs of what would one day become MI5 were wise to hire him as he would become Britain's greatest spy a man known by several names His ingenuity and his mastery of the trade and his audacity and coolness when in danger were highly praised To penetrate the Irish Republican Army IRA he was given the code name of Sidney Reilly He was tasked with kidnapping Lenin and Trotsky during the Russian Revolution and visited the major battlefronts across Soviet Russia during the civil war sending back proposals to defeat the Reds He stole Germany's naval plans from Krupp and the harbor plans in Mongolia for Britain's allies and he posed as a German officer to engage in discussions with the Kaiser and his chiefs of staff about their U boat tactics against the Allies He also helped to obtain oil from Persia to modernize Britain's Naval Fleet when Churchill was First Lord of the Admiralty In 1953 novelist Ian Fleming used Reilly's secret Admiralty Intelligence file to write his novels about a fictional secret agent he called James Bond 007 But Reilly's true exploits were even more thrilling and fantastic than those of the fictional James Bond Reilly was Britain's best spy but was he also a Soviet double agent Author John Harte retells Reilly's story as it really was in fast moving prose with an eye for telling detail and provides a twist He tells us what really happened to Reilly after he vanished in Soviet Russia in 1925 and was assumed to have been murdered by Stalin's secret police Find out what really happened to the man who inspired the creation of the world's most famous spy in *The Greatest Spy* But Bond's adventures were fantasies whereas Reilly's were real

Major Nation-States in the European Union J. Richard Piper, 2015-09-25 Integrating the study of individual European nation states within the framework of the European Union this unique new text is essentially two books in one a book on the EU and a comparative introduction to European politics This text provides more value to students by combining two texts in one but engages student interest and facilitates learning through a variety of useful features Role playing exercises encourage participation and test students critical thinking skills while an emphasis on the people behind the politics humanizes material and provides lively insights into contemporary European politics and society To ensure student understanding there is extensive material comparing and contrasting EU states to one another and to the United States a thorough glossary at the end of the book and an abundance of examples tables charts and graphs to illustrate and extend the discussions Collected Papers Sir Adolphus William Ward, 1921 *Historical* Sir Adolphus William Ward, 1921 **How**

Did Lubitsch Do It? Joseph McBride, 2018-06-26 Orson Welles called Ernst Lubitsch 1892-1947 a giant whose talent and originality are stupefying Jean Renoir said He invented the modern Hollywood Celebrated for his distinct style and credited with inventing the classic genre of the Hollywood romantic comedy and helping to create the musical Lubitsch won the admiration of his fellow directors including Alfred Hitchcock and Billy Wilder whose office featured a sign on the wall asking

How would Lubitsch do it Despite the high esteem in which Lubitsch is held as well as his unique status as a leading filmmaker in both Germany and the United States today he seldom receives the critical attention accorded other major directors of his era *How Did Lubitsch Do It* restores Lubitsch to his former stature in the world of cinema Joseph McBride analyzes Lubitsch's films in rich detail in the first in depth critical study to consider the full scope of his work and its evolution in both his native and adopted lands McBride explains the Lubitsch Touch and shows how the director challenged American attitudes toward romance and sex Expressed obliquely through sly innuendo Lubitsch's risqué sophisticated continental humor engaged the viewer's intelligence while circumventing the strictures of censorship in such masterworks as *The Marriage Circle* *Trouble in Paradise* *Design for Living* *Ninotchka* *The Shop Around the Corner* and *To Be or Not to Be* McBride's analysis of these films brings to life Lubitsch's wit and inventiveness and offers revealing insights into his working methods
