Healed is based on retired Catholic therapist Bob Schuchts's popular program for spiritual, emotional, and physical healing. Incorporating elements of charismatic spirituality and steeped in scripture and the wisdom of the Church, this book offers hope in the healing power of God through the Holy Spirit and the sacraments. Schuchts, founder of the John Paul II Healing Center, sensitively shares his own journey of healing after enduring a series of betrayals: in high school, his father's infidelity, his parents' divorce, his older brother's drug addiction, and his subsequent periods of struggle with God and faith. *Be Healed* includes helpful tools such as charts, tables, lists, reflection questions, and personal challenges to guide you on your journey of healing. Schuchts's trusted process for finding inner peace and healing is boldly Christ-centered, maintaining focus on the person of Jesus as the life-giving and ever-present physician of our souls. Schuchts will help you recognize your brokenness and find your hope and healing in the risen Christ.

Scrupulosity Kevin Vost, Psy.D., 2023-05-12 We are all called to reject sin, to grow in virtue, and above all else, to love God with all that we are. But some souls suffer from anxiety and feelings of guilt because they see sin where there is none and struggle to embrace God's love and mercy, a psychological and spiritual condition known as scrupulosity. In *Scrupulosity: Heal Your Mind, Unbind Your Soul, and Let God Work*, clinical psychologist Dr. Kevin Vost provides a comprehensive overview of the ancient and current psychological and theological understanding of scrupulosity and how those who suffer from it can find peace and healing. He guides the reader through the empowering effects of the sacraments, virtues, gifts of the Holy Spirit, and prayer, as well as scientific insights into the physical and emotional reality of scrupulosity. Along the way, he offers inspiration from the lives of saints. This book answers many common questions, such as: What are the causes of scrupulosity? How can I know if I have it? How does it manifest in thoughts, emotions, and behaviors? Does one outgrow scrupulosity over time? Christ does not want us to live this life with troubled hearts mired in fear. Ultimately, this book invites both the scrupulous and those who love them to attain greater spiritual and psychological peace.

Honest Rituals, Honest Sacraments Joseph Martos, 2017-12-28 Honest rituals are ceremonial actions that celebrate what is actually happening in people's lives. Religious rituals, however, often celebrate beliefs and doctrines, e.g., the birth of Christ, God's forgiveness of sins, or the gifts of the Holy Spirit, that have little to do with people's experience. Martos argues that early Christian rituals were grounded in experiences such as conversion, community commitment, and self-giving. Lacking a vocabulary to name such experiences, the authors of the New Testament and other early documents resorted to metaphors such as baptism into Christ, receiving the Holy Spirit, forgiveness by God, and the presence of Christ during worship. By the fourth century, however, those metaphors were taken to be unexperienced metaphysical realities rather than experienced realities. The medieval schoolmen developed philosophical explanations of what went on in church rituals, and the Catholic Church continues to teach that its sacraments are automatically effective despite growing evidence to the contrary. What if religious rituals were to regain their original authenticity? What if the guiding value in designing church ceremonies was honesty rather than liturgical correctness? After liberating the reader from doctrinal constraints, Martos

invites Catholics into a re visioning of the traditional sacraments and a reawakening of ritual imagination in non Western cultures

Gilbert,2019-03-14 Few areas in life have experienced the rapid pace of change that has been the experience of health care It is an area where nothing feels safe and everything is threatened with reexamination and redefinition Accompanying this situation is a new appreciation for the human spirit and the gift of things spiritual including the soul of the work place Addressing this situation is a vital new book Health Care and Spirituality Listening Assessing Caring an anthology of the human predicament the health care professional's story and the health care work place Health Care and Spirituality explores this area that is continually being introduced to new treatments new challenges new people new regulations new expectations and new time limits *A Treatise of the two Sacraments of the Gospell ... actions need to be brought back to contemplation These five dimensions of the spiritual life 1 the Holy Eucharist 2 spontaneous prayer 3 the Beatitudes 4 partnership with the Holy Spirit and 5 the contemplative life itself generally do not develop simultaneously or even in parallel ways Some develop very quickly but do not achieve significant depth while others develop quite slowly but seem to be almost unending in the depth of wisdom trust hope virtue and love they engender The best way of explaining this is to look at each of the pillars individually Before doing this however it is indispensable for each of us to acknowledge at least intellectually the fundamental basis for Christian contemplation namely the unconditional Love of God Jesus taught us to address God as Abba If God really is Abba if His love is like the father of the prodigal son if Jesus passion and Eucharist are confirmations of that unconditional Love if God really did so love the world that He sent His only begotten Son into the world not to condemn us but to save us and bring us to eternal life Jn 3 16 19 if nothing really can separate us from the love of God in Christ Jesus Rm 8 31 39 and if God really has prepared us to grasp fully with all the holy ones the breadth and length and height and depth of Christ s love and experience this love which surpasses all understanding so that we may attain to the fullness of God Himself Eph 3 18 20 then God s love is unconditional and it is therefore the foundation for unconditional trust and unconditional hope There can be nothing more important than contemplating affirming appropriating and living in this Unconditional Love This is the purpose of contemplation indeed the purpose of the spiritual life itself Making Confession, Hearing Confession Annemarie S. Kidder, 2010-03-01 Is confession obsolete Far from it Annemarie Kidder has learned At unexpected times and in unexpected places we hear the confession of a friend or a perfect stranger at crucial times in our lives we tend to unburden ourselves of matters that trouble our conscience While some churches offer opportunities for sacramental confession others provide counseling outside the sacramental framework Some confessional practices have been secularized as in psychotherapy and professional counseling others find expression in evangelistic crusades and Christian 12 step programs Meanwhile the scope of confessors has widened to include men and women religious and lay spiritual directors Addressing this broad audience Kidder reviews the origins and history of confession from biblical times to the early modern era examines contemporary practices of confession penance and spiritual direction that have emerged in the twentieth century and offers practical considerations for evaluating and improving one s own practice either as confessor or penitent Readers will be grateful for this concise historical overview of confession and Kidder s assurance that despite its undervalued or misunderstood practice this cure of souls is anything but obsolete

Catholic Christianity Richard Chilson, 1987 When Thomas asked him How can we know the way Jesus replied I am the way the truth and the life This book will serve as a guide for all who seek to walk with Jesus on their Christian journey This book gradually leads one through the many layers of Catholic Christianity as the way the truth and the life
