Topics covered are how to obtain spirit guidance, how to become more spiritually aware, the development of healing and how to discover one's purpose in life. Throughout there are practical exercises to assist the reader in unfolding their spiritual potential. Everyone who is interested in developing their spiritual potential will find this book both fascinating and extremely helpful. **Behold, I AM** Joyce Lynn Wulf, 2023-11-13 It was a childlike question but the answer was as stunning as it was profound. If God is light, what do the primary colors of the rainbow's spectrum signify? The Gospel of John declares in eight mysterious signs that God is light and Jesus Christ in the flesh was God sent to bring the light of true life to us. These enigmatic signs of light, *semeion*, imply the eight signs' significance pointed to something other than what they appeared. The themes of John's eight signs match the themes of the Feasts given to ancient Israel at Mount Sinai and a sequence of YHWH's covenant names. *Behold, I AM* is a rich in-depth study into God's Holyday appointed times, His eight Festivals of Light, what they meant then, what they mean today, and how they are fulfilling prophecy. **Intuitouch** Dr. Jim Bourque Starr, 2011-09-15 The information shared in this section of the book is designed to give the reader the ability to experience the InTuiTouch Method first hand. The procedures that follow will help the reader promote the healing of self or the healing of others. It is a step-by-step procedure that is so simple one would think that there is something missing. One would think precisely that until they have experienced the results for themselves or those whom they are applying the method. The procedures are taken directly out of the course manual for InTuiTouch Basic Certification Course that is being taught by Dr. Bourque Starr and his team of teachers in seminars across the U.S. and Mexico. You will enjoy the straightforward approach and the clarity of explanations regarding positioning and application of this healing technique. The contents, however, cannot replace the value of the TWO DAY WORKSHOP that leads to certification. This is a hands-on, intense course that includes the theoretical and practical application combined with a fun-filled mixture of guided meditations, consciousness expanding topics, and great friendships and bonding with fellow healers and practitioners. Nothing can replace the value of this experience. Obviously, the energy shared in a group setting with enthusiastic students and the magical presentation of Dr. Bourque Starr and his team of teachers is a weekend to remember. Many participants express going through a healthy version of an identity crisis as they are not the same person that left home for the weekend as the person who returns home. **The Royal Marsden Manual of Clinical Nursing Procedures** Lisa Dougherty, Sara Lister, 2015-03-05 Nationally recognised as the definitive guide to clinical nursing skills, *The Royal Marsden Manual of Clinical Nursing Procedures* has provided essential nursing knowledge and up-to-date information on nursing skills and procedures for over 30 years.
